EXECUTIVE SUMMARY

On January 30, 2013, Council approved the subdivision and rezoning of land located north and east of Edward Turner Drive, south of Bishop Grandin Boulevard to the east City limit (Sage Creek Phase 7), which allowed for the development and servicing of the Sage Creek Community.

Pursuant to the above-referenced approval, the Developer entered into a Development Agreement AG 30/12 with the City of Winnipeg which required the Developer to either pay their share of the cost of improvements in Bishop Grandin Boulevard for the full length of the Planned Area, or to construct an equivalent amount of the services listed in Bishop Grandin Boulevard west of the Planned Area.

The Public Works Department has been working with the Developer to enter into a cost sharing agreement for improvements to Bishop Grandin Boulevard and Lagimodiere Boulevard. The ultimate design and cost sharing framework conditionally agreed upon by Public Works and the Developer requires a Development Agreement Amendment to be implemented. The Public Service supports the request.

HISTORY/DISCUSSION

On January 30, 2013, Council approved the subdivision and rezoning of land located north and east of Edward Turner Drive, south of Bishop Grandin Boulevard to the east City limit (Sage Creek Phase 7), which allowed for the development and servicing of the Sage Creek Community.

Pursuant to the above-referenced approval, the Developer entered into a Development Agreement AG 30/12 with the City of Winnipeg which required the Developer to either pay their share of the cost of improvements in Bishop Grandin Boulevard for the full length of the Planned Area, or to construct an equivalent amount of the services listed in Bishop Grandin Boulevard west of the Planned Area.

The Public Works Department has been working with the Developer to enter into a cost sharing agreement for improvements to Bishop Grandin Boulevard and Lagimodiere Boulevard. The ultimate design and cost sharing framework conditionally agreed upon by Public Works and the Developer requires a Development Agreement Amendment to be implemented; generally requiring the Developer to construct two lanes of asphalt pavement in Bishop Grandin Boulevard between Lagimodiere Boulevard and Boulevard des Hivernants. The amendments will also require the Developer to install pathway lighting for the asphalt multi-use pathway in lieu of payment for a sidewalk east of Boulevard des Hivernants.

The Public Works Department has reviewed the Developer's design and cost sharing framework and is agreeable to the necessary amendments, and the Developer entering into a Roadway Improvement Agreement with the City denoting the project scope, obligations and responsibilities.
