STANDING POLICY COMMITTEE ON PROPERTY AND DEVELOPMENT,

HERITAGE AND DOWNTOWN DEVELOPMENT

MOTIONS

Minute No. 790
Moved by Councillor Gilroy,
Seconded by Councillor Rollins,

WHEREAS landlords of multifamily building have a choice on the use of city services or private contract service for garbage pickup;

AND WHEREAS this could result in a building owner not having a garbage bin on site and large amounts of garbage are left out and scattered throughout the neighboring properties resulting in health and safety hazards for the community;

AND WHEREAS the city by-law enforcement has had to go to these building and issue tickets and there is a large cost to the city on dealing with these matters because there is no requirement of a bin if you are not using city services;

AND WHEREAS the community should know that when a building is in use, that it has adequate garbage bins and garbage plan to mitigate the mess related from garbage;

THEREFORE BE IT RESOLVED that the Winnipeg Public Service be directed to review the occupancy permit process, and other relevant processes, to establish a requirement for multi-family residences to have an adequate number of garbage bins on the premises, regardless of whether garbage collection is provided by the City, or a private contractor.

The Speaker ruled automatic referral to the Standing Policy Committee on Property and Development, Heritage and Downtown Development, in accordance with Rule 16.1 of the Procedure By-law.

Moved by Councillor Eadie,
