Part B: Project Proposal Submission

Organization Description

The Winnipeg Art Gallery (WAG) is a registered charity and is incorporated; our charitable number is 10526 0525 RR0001

Mission:

Playing a dynamic role in the community, the WAG is a place for learning, dialogue, and enjoyment through art.

This mission is achieved through five strategic values:

I. Art

Building, preserving, and refining the collection with an emphasis on Canadian and Indigenous art, and presenting outstanding exhibitions supported by innovative programs, events, and partnerships.

II. Learning

Engaging people with art and the creative process, the WAG promotes lifelong learning and dialogue.

III. Community

Working with multiple communities, the WAG nurtures relationships and develops partnerships to benefit all.

IV. Place

Providing a welcoming and vibrant social space that encourages creativity, learning, and enjoyment through arts and culture.

V. Resources

Managing resources responsibly to ensure sustainable and diversified growth.

WAG-Qaumajuq has grown into one of the country's leading visual art museums with an international reputation! Founded in 1912, the WAG is one of Canada's first civic art galleries, housed in an iconic modernist building in the heart of downtown Winnipeg. Opened in 2021, Qaumajuq (the Inuit art centre) is a contemporary architectural landmark that connects to the WAG building on all four levels.

WAG-Qaumajuq features an impressive collection of over 27,000 artworks spanning centuries, cultures, and media, including the largest public collection of contemporary Inuit art in the world. We are at the forefront of promoting Manitoba and Canadian artists nationwide and abroad. Our exhibitions are supported by a diverse mix of programs, events, and partnerships.

In 2020, the Winnipeg Art Gallery was given an Ojibway name by Treaty 1 Language Keepers. Biindigin Biwaasaeyaah [pronounced BEEN- deh-gen Bi-WAH-say-yah], means "Come on in, the dawn of light is here," a nod to the transformation of the Gallery with the opening of Qaumajuq.

Learning is at the heart of WAG-Qaumajuq with one of the oldest gallery-run art-making programs in the country. WAG Studio offers courses for children, teens, and youth.

Project Description

Purpose & Objectives

Every month, more than 550 young and excited artists take classes at the WAG. The Through the Eyes of a Child gallery will be home to an ever-changing exhibition featuring our community's amazing young artists. The new gallery will be public and available to all, housed between the WAG and Qaumajuq buildings on the 4th floor. The art will be on view all year, every year, in the heart of WAG-Qaumajuq, and adjacent to the Studio.

To date, the exhibition 'Through the Eyes of a Child' has been an annual six-week event, showcasing some of the art created by the hundreds of young students who take classes at WAG studios. This exhibition was only able to feature a small selection of student work – the new proposed space will change on a weekly basis – all year round – to reflect art being created in the moment by youth at the Gallery.

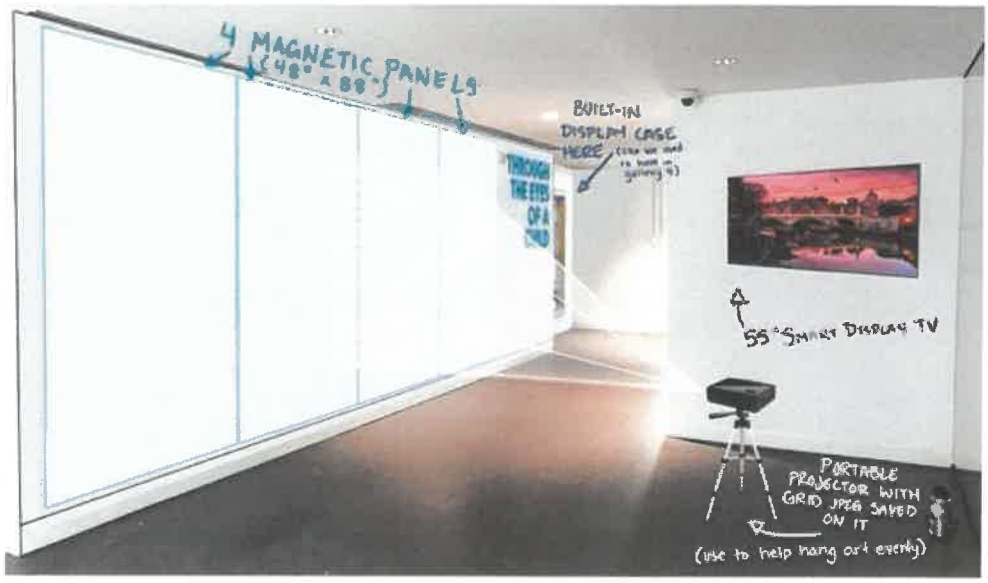

Throughout the session every class would be given 1 week and 1 panel (or display case for the 3D classes, and TV for digital media classes) to show their work on. The students (with assistance from their instructor) would spend part of their class hanging their artwork, and the following week take their artwork home. As always students would be given an invitation to the "show", that also functions as a free family pass.

This will allow each child to showcase a piece of their own art, on view in a gallery setting, while also providing the students with an opportunity to be the curators of their classes' work.

The total project costs are $22,175.43 as broken down in the attached application. We are requesting $22,175.43 – the full amount – from the Community Incentive Grant Program to help the WAG install a year-round community space for children's art outside the WAG Studio.

Scope of Work

The *Through the Eyes of a Child* exhibition space requires some capital improvements and updates to ensure that we can safely display various mediums of work throughout the year. A mock-up of this space is included below, which includes the magnetic panels for paper works, digital displays for digital works, and a built-in display case for ceramic and other sculptural works. The included projector will teach youth to hang works evenly, in the same manner used by the WAG's own prep team.

A built-in display case will showcase sculpture works by children, including ceramics. This is estimated at $7,903.06 for the two displays, as indicated in quotes #1 and #2.

Labour is required to install the various components of the project. In addition to installation, the existing coat rack must be demolished, which is estimated at $800.00. WAG-Qaumajuq employs a team of preparators and staff whose job descriptions are the maintenance of the gallery itself. This team is responsible for installing exhibitions, including creating walls and functional spaces within the gallery, and is experienced in the areas of installation. As such, our WAG team will be responsible for the installation of the display cases, and for the removal of the coat rack, as they have a holistic understanding of both the building and proper artwork display standards.

To ensure there is recognition and awareness of the exhibition, vinyl signage will be added to give *Through the Eyes of a Child* a formalized exhibition wall. This is estimated at $100.00, and is reflected in quotes #3 and #4.

The digital displays will need to be wired into the building's data to ensure they can be frequently and easily updated. This cost is estimated at $2640.76, and is reflected in quotes #5 and #6.

Four magnetic panels will be installed along the wall to display drawings and paintings. These panels have already been purchased at $811.73 a panel, for a total of $3,246, and is reflected in quotes #7 and #8. Magnets have also been purchased at $80.25, and is reflected in quotes #9 and #10. These panels will be attached with adhesive to ensure they remain on the walls, and is reflected in quotes #11 and #12.

Digital displays will feature graphic design, animation, and digital words created by youth participants. These two monitors total $4,020.78, and are reflected in quotes #13 and #14. Display mounts are estimated at $109.44, and are reflected in quotes #15 and #16.

A portable projector will be used to ensure pieces are hung evenly and teach youth participants this technical element that is used by the WAG's own preparatory team to hang exhibitions. The projector is $290.08, and is reflected in quotes #17 and #18.

Site Plan:

The permanent exhibition will be installed within the Winnipeg Art Gallery, on the Studio/Penthouse level. The *Through the Eyes of a Child* hallway will be available to all visitors and connects the original WAG building to the new addition, Qaumajuq, on the fourth floor.

Timeline

Some of the components have already been purchased to ensure that the exhibition space can be installed by fall 2022. Installation will be a relatively swift process, spanning a few weeks.

With confirmed funding, the projected timeline will be:

August 2022 – demolition of coat rack, and beginning of data wiring to prepare for digital displays

October 2022 – installation of display cases and digital displays, adhering magnetic panels, and installation of exhibition vinyl

November 2022 – the first studio classes will begin installing the inaugural *Through the Eyes of a Child* exhibition on the studio levels.

Shipping Charges *

Shipping charges are based upon weight, dimensions, distance traveled via standard ground service.

All shipments are F.O.B. shipping point. Shipping method is determined by size and weight of each item. Items of differing size and weight may ship independently, by different methods, even if ordered together. Items that are too large or too heavy for UPS will be shipped motor freight. Someone must be present to accept truck deliveries. Standard truck delivery is to a facility with a dock designed to receive freight. Twenty-four hour notification, residential deliveries, lift gate, or inside deliveries are available each with an additional charge.

To view shipping charges, use the Shipping Calculator featured in the Shopping Cart. Unless otherwise stated, freight and shipping fees will be charged for shipments to all standard ground service destinations in the 10 provinces using a carrier of our choice. Other terms apply to remote destinations, Yukon, NWT, Nunavut territories and export orders. Any extra charges incurred for additional services, such as customer's carrier or special handling by the carrier, must be paid by the consignee. Items backordered from an order qualifying for prepaid shipping charges will be shipped prepaid. Title and risk of loss pass to the customer upon tender of shipment to the carrier. Certain restrictions apply to Free Shipping promotions. These include use of our choice of carriers and shipping methods as well as other limitations.

Collect Shipments - We will gladly ship via your specified carrier however; we will not ship with certain carriers due to poor experience.
