Comments in writing: Every year staff presents a report that says Winnipeg is the most open and transparent government in the land. Those who care know that this is not true. Everyone is in denial of the degree to which city hall hides information. A disastrously slow 311 system is the first wall of defense against inquiry. No longer can we access an info booklet like we did in the 1990s. When we ask with FIPPA, we find the city using loopholes and prodigious fee demands.
