APPENDIX A

VEHICLES FOR HIRE
MAXIMUM FARES SCHEDULE - TAXI VEHICLES
Effective December 16, 2022

- This maximum fare schedule sets out the maximum fare rates to be charged by taxi vehicles.
- The meter on a taxi vehicle must always be on when transportation service is being delivered.
- Lower amounts may be charged and could be negotiated in advance.
- If a rate is negotiated in advance the amount charged to the customer cannot be more than the total fare displayed on the meter at the end of the trip.
- A flat rate fare schedule for trips originating at James A. Richardson Winnipeg International Airport may be in place when approved by the designated employee. In these cases, the meter does not need to be turned on. However, a fare less than the flat rate may be negotiated.
- Limousine and Luxury vehicle maximum rates are not regulated, but must be posted and agreed to in advance.

CATEGORY	Basic Charge - current	Basic Charge - new	Each Additional 100 Metres - current	Each Additional 100 Metres - new	Each 18.4 seconds of waiting time - current	Each 20.0 seconds of waiting time - new
