EXECUTIVE SUMMARY

On April 6, 2022, the Standing Policy Committee on Infrastructure Renewal and Public Works approved the Reduced Speed Neighbourhood Pilot in the neighbourhoods of Worthington, Richmond West, Tyndall Park South, and Bourkevale.

To enact these speed limit changes, the Speed Limit By-law must be amended to identify the exact boundary of the geographic area for each Reduced Speed Neighbourhood. Schedule A of this report includes Appendices A to D, which identify the boundaries for each Reduced Speed Neighbourhood.

RECOMMENDATIONS

1. That the speed limits in the neighbourhoods of Worthington, Richmond West, Tyndall Park South and Bourkevale (the “Reduced Speed Neighbourhoods”), as identified in Appendices A, B, C, and D of Schedule A, to this Report respectively, be changed to:

   A. 40 km/h in the Worthington neighbourhood;

   B. 40 km/h in the Richmond West neighbourhood;

   C. 30 km/h in the Tyndall Park South neighbourhood; and

   D. 30 km/h in the Bourkevale neighbourhood.

2. That Council enact a by-law to amend the Speed Limit By-law No. 63/2019 in accordance with Recommendation 1, a draft of which is attached as Schedule A to this report.

3. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

On April 6, 2022, the Standing Policy Committee on Infrastructure Renewal and Public Works concurred in the recommendation of the Public Service, and approved the following:

1. That the Public Service commence the Neighbourhood Pilot of Lower Default Speed Limits within the four neighbourhoods as follows:

    A. Worthington (bounded by Dakota Street, St. Mary's Road, Berrydale Avenue and St. Anne's Road and Bishop Grandin Boulevard), at 40 km/hour

    B. Richmond West (bounded by Pembina Highway, Perimeter Highway, Waverley Street/Tim Sale Drive and Sandusky Drive/Kirkbridge Park/Kirkbridge Drive), at 40 km/hour

    C. Tyndall Park South (Bounded by Burrows Avenue, Keewatin Street, Selkirk Avenue, and King Edward Street)

    D. Bourkevale (between Portage Avenue and the Assiniboine River from Deer Lodge Place to Riverbend Crescent)

Implementing the above change requires a By-law amendment to the Speed Limit By-law No. 63/2019; all by-laws must be approved by Council.

IMPLICATIONS OF THE RECOMMENDATIONS

There are no new cost implications for this project. The 2021 capital budget adopted $2,248,000 for the 2021 Traffic Engineering Improvements – Various Locations (TEIP) program. The current estimated allocation of the adopted 2021 TEIP budget to deliver the Reduced Speed Neighbourhood Pilot is $400,000. It is estimated that the currently-allocated budget will be sufficient to fund the recommended study of four neighbourhood trials, including the installation of speed limit signage.

HISTORY/DISCUSSION

On April 6, 2022, the Standing Policy Committee on Infrastructure Renewal and Public Works concurred in the recommendation of the Winnipeg Public Service, as amended, and approved the Reduced Speed Neighbourhood Pilot in the neighbourhoods of Worthington, Richmond West, Tyndall Park South and Bourkevale.

The Public Service provided quarterly reports to the Standing Policy Committee on the schedule and progress of this project (reporting was concluded in November 2022). The intent of this brief report is solely to amend the Speed Limit By-Law to proceed with this pilot project.

To enact the approved speed limit changes, the Speed Limit By-law must be amended to identify the exact boundary of the geographic area for the Reduced Speed Neighbourhoods, along with the new speed limit for each of these neighbourhoods. All streets contained within

the boundary line shown (including streets whose labels have been hidden for clarity) on the neighbourhood maps attached below as Appendices to Schedule A of this report will form part of the amending by-law, and the new speed limit will be 30 km/h or 40 km/h in accordance with Recommendation 1. Streets that fall on the boundary line (e.g., Bishop Grandin Boulevard) will not have their speed limits changed as a result of this pilot.

The boundary of the Richmond West, shown in Appendix B, has been refined to move the east limit to be in line with the CN rail line, rather than Pembina Highway. The rail line offers a natural gateway to the neighbourhood
