Delegation information
Committee: Executive Policy Committee
Committee - council: N/A
Committee - other: N/A
Agenda item (number and title): PW-4 bikes on snow

Service inquiry: Register as a Delegation, Submit Comments in writing Participation preference: Via Zoom Comments in writing: I commuted daily for more than 20 winters in snowy southern Ontario on a bike. I know the issues better than most folks.
I feel I need you to compare the call to upgrade a street on which a person might ride a bike, with the streets on which folks must walk to and from their homes. There are many P3 and lower streets on which ice builds up to be a danger, and which serve as walking paths. No one seems to care about the carless folks who have to get out. Is that because they do not loudly lobby certain Councilors?

Why is there no data on how much foot traffic is on P3 streets, and how many bikes per day use the paths you clear? Dozens of times, I have seen bike paths at mid morning, with a cm of fresh snow and 2 or fewer bike tracks. This suggests that much of the time we spend plowing paths is wasted.
