2. That authority be delegated to the Chief Administrative Officer to negotiate and approve the terms and conditions of the contracts set out in Recommendation 1 and such other terms and conditions deemed necessary by the City Solicitor / Director of Legal Services to protect the interests of the City.

3. That authority be delegated to the Chief Administrative Officer to approve over expenditures for the contracts set out in Recommendation 1, provided that the contract value plus the over expenditure does not exceed the amounts identified in Recommendation 1 (Appendix A) and they are within Council approved budgets, or as a result of a first charge against the General Capital Fund.

4. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

Pursuant to B8.2 of the City of Winnipeg's Materials Management Policy, the Chief Administrative Officer is delegated the authority to award a contract where the value of the contract does not exceed $5,000,000.

Pursuant to the Material Management Policy Administrative Standard No. FM-002, the Chief Administrative Office has the authority to approve over-expenditures, where the accumulated amount for each contract, including over-expenditures, does not exceed $5,000,000.

Council has the authority to delegate additional authority to the Chief Administrative Officer in accordance with The City of Winnipeg Charter.

IMPLICATIONS OF THE RECOMMENDATIONS

There are no immediate implications to the Recommendations of this report. The purpose of the Recommendations is to expedite the award process for construction contracts expected to exceed $5,000,000, and to delegate the authority to approve over-expenditures to the same delegated limits.

HISTORY/DISCUSSION

Previous applicable City of Winnipeg Capital Budgets have been adopted by City Council on these respective dates:

- 2019 Capital Budget, adopted on March 20, 2019.
- 2020 Capital Budget, adopted on March 20, 2020.
- 2021 Capital Budget, adopted on December 16, 2020.
- 2022 Capital Budget, adopted on December 15, 2021.
- New 2022 Capital Projects – New Provincial Funding for Road Construction, Rehabilitation, Preservation and Road Repairs, adopted on July 21, 2022.

Funding for the Broadway Trees element of the Broadway rehabilitation project, in the amount of $3,000,000, is subject to the approval of finalization of a contribution agreement with the City and His Majesty the King in Right of Canada, and adoption of the 2023 Capital Budget.

With the adoption of the 2022 Capital Budget, Council authorized first charges on the 2023 Regional and Local Street Renewal program in the amount of $76,500,000. As the Regional and Local Street Program is a scalable program, budgets are reallocated as required including allocations of surplus within the program.
