Comments in writing: I see that the motion has delved into the background of the tragedy in Ukraine. This war began long before the vote by the residents in Crimea. When Biden's CIA overthrew the elected government in Kiev, in 2014, the new one ramped up aggression against residents of the Donbas.
As EPC heard, those now running Ukraine have long been recognized by the EU and NATO as having made it the most corrupt European nation. I implore you to give to an organization that operates outside Ukraine. Benefit those who have fled the area to live in Winnipeg and Manitoba; they are just as deserving. Ukraine has already been given $150billion. Please direct any city supported funds to help Ukrainian refugees. Please sent no money to the billionaires who control everything in Ukraine. Please amend the words in this motion.
