Comments in writing: I am highly interested in why you would rather underfund the Amoowigamig project then actually find ways to expand it. In what is clearly a win in every metric measured, the council believes that we would rather have Chief Peguis extended? Chief Peguis should never have been started in the first place, and certainly not extended to where it is now. What point is the Perimeter Hwy if we have the Chief Peguis Trail paralleling it a couple of kms south? Please reconsider the cut to service and do what you know is the right thing to do and expand it! I would rather have 7 new Amoowigamigs across the cities downtown then save a minute and a half going through the East-end.
