Dear Ms. Diane Timmins:

REZONING
Wisteria Way Danford Drive
Endcliffe Place Frog Plan Way
Lord Selkirk - West Kildonan Community Committee
File No. DAZ 215/04

An application has been received from Novamet Development Corporation (Lynn Jones) to amend By-Law No. 6400/94 by rezoning the land shown below from a "R1-4" Single Family District to an "R1-3.5" Single Family District and "PR-1" Parks and Recreation to allow for residential development.

RELATED FILES: DASZ 20/98; DASSF 513/04; DASZ 5/04

SITE DESCRIPTION:

Site Area: The site area is approximately 35 acres.

Existing Land Use and Zoning: Vacant land designated "R1-4" Residential District.

Surrounding Land Use and Zoning:

North: Side-by-sides; zoned "RM-1".
South: Single-family dwellings, vacant; zoned "R1-20" and "M2" (proposed Chief Pequis Trail Kildonan Corridor extension west of Main Street).
East: Mostly vacant; zoned "R1-20"
West: Winnipeg Beach CPR Rail line, vacant; zoned "A"

DEVELOPMENT DESCRIPTION:

The applicant intends to rezone the subject property from a "R1-4" Single Family District to a "R1-3.5" Single Family District in order to construct single family residential dwellings.

The "R1-3.5" zoning category requires a minimum lot width of 35 feet and lot area of 3,500 square feet. The "R1-4" zoning requires a minimum lot width of 40 feet and lot area of 4,000 square feet. This latter zoning category permits approximately 179 lots to be subdivided on the 35 acres.

The applicant desires the "R1-3.5" zoning to accommodate a few smaller lot sizes and provide some flexibility for the builders in constructing different house types / sizes without the need for a variance. The applicant feels there will only be a few additional lots than what is now permitted. The applicant has recently submitted an application for a Short Form Subdivision for Phase 1 in anticipation of the "R1-3.5" zoning category. There will be 81 lots with only 20 lots being less than 40 feet and 6 lots being more than 47 feet. The average lot size will be 40 feet. No lot is smaller than 38 feet.

The "PR-1" Parks and Recreation zoning category is for the public reserve that was previously set aside during the original application. This land is approximately 3.88 acres of wetland in the southeast corner of the site. It has a historic significance and is a habitat for the boreal chorus frogs.

Land dedication was fully satisfied under File No. DASZ 20/98, thus will not be charged under this application.

PLAN WINNIPEG:

The proposed concept complies with Plan Winnipeg in that a residential rezoning is allowed in Neighbourhood Policy Areas.

ADMINISTRATIVE COMMENTS:

The Department supports single family residential uses on the subject lands. The proposed use is consistent with the surrounding residential uses. The applicant intends to construct a variety of new single family dwellings that will diversify the housing stock and provide residents with different options.

RECOMMENDATION:

A. That By-law 6400/94 be amended by rezoning the subject land as shown on Schedule "A", for file DAZ 215/04, attached hereto and dated, March 30, 2004, to a "R1-3.5" Single Family District and "PR-1" Parks and Recreation District.

B. That in the event this application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of this report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an **extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.**

C. That the City Solicitor be requested to prepare the necessary rezoning by-law and forward same to Council for all three readings.

D. That the City Solicitor be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter Act.

Final

Yours truly,

C. Knoll
Manager of Planning and Land Use
