Minute No. 490
Report - Standing Policy Committee on Property and Development - June 8, 2004

Item No. 20 Rezoning - 170 Goulet Street
File DAZ 218/2004

COUNCIL DECISION:

Council concurred in the recommendation of the Standing Policy Committee on Property and Development and adopted the following:

1. That The Winnipeg Zoning By-law No. 6400/94 be amended by rezoning the subject land as shown on Schedule "A" for File DAZ 218/2004 dated May 11, 2004, to a "C2" Commercial District.

2. That a ten percent (10%) dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in the market value of the land.

3. That in the event the application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.

4. That the City Solicitor/Manager of Legal Services be requested to prepare the necessary rezoning by-law and forward same to Council for all three readings.

5. That the City Solicitor/Manager of Legal Services be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.

Dear Mr. Pittet:

REZONING
Location : 170 Goulet St.
Riel Community Committee
File No. DAZ 218 /04

An application has been received from Mr. Serge Bibeau (4436032 Manitoba Ltd.), to amend By-Law No. 6400/94 by rezoning the land shown below from an " RM-4" Multiple Family District and an " RM-7" Multiple Family District to a " C2 " Commercial District to allow for the establishment of a non accessory parking area.

RELATED FILES:

SITE DESCRIPTION:

Site Area:

The overall site area totals 1.86 acres. There is 288' of frontage along Goulet Street and 122' of depth to the rear lane.

Existing Land Use and Zoning:

Three quarters of the land is currently zoned RM-7 Multiple Family and was approved under a previous application DAZ 203/02. It is currently being used as a temporary parking lot as per DAV 1078/02C .The most westerly portion of the site is zoned RM-4 Multiple Family and has been occupied with several single family dwellings for many years.

Surrounding Land Use and Zoning:

North: Properties to the north along Goulet are a mix of commercial businesses zoned C2 Commercial.
South: Properties to the south abutting Marion St. are essentially all commercial businesses zoned C2 Commercial (i.e. Caisse Populaire & Aldor Enterprises).
East: Properties to the east are a mix of commercial businesses and medium to high density Housing projects; C2, RM-7 & RM-4.
West: Properties to the west as far as Tache Ave. are commercially zoned businesses and parking areas.

DEVELOPMENT DESCRIPTION:

The applicant has given up on his initial idea of constructing multiple family housing along this stretch of Goulet St. Because of the increase in demand for parking , particularly from the St. Boniface Hospital, the applicant obtained a temporary variance several years ago to operate an interim surface parking facility. He has done so well that he is expanding on the original parking area by adding several adjoining parcels to the west zoned RM-4. However, it was always understood that should he ever proceed to establish a larger more permanent parking area, he would be expected to rezone accordingly and build a parking area that would fully comply with the By-Law requirements for proper fencing, landscaping and hard surfacing of the entire area. The new parking area will provide for 147 stalls with approaches off of both Goulet and the rear lane and will be well landscaped particularly along existing street rights-of-way.

PLAN WINNIPEG:

The area falls within a designated Neighbourhood Policy Area which allows for commercial parking lot areas to be applied for and established, pending approval by the local Community Committee.

ADMINISTRATIVE COMMENTS:

There is a lot of background history to the subject site. In April of 2002, the same applicant submitted a proposal for a sixty unit seniors housing complex on a portion of the above noted lands. That application was eventually approved but after a year of being unsuccessful at finding the financing necessary to construct the complex, the applicant/owner opted to utilize the property at least, on an interim basis, for parking. A variance, for temporary use of the site for parking with limited landscaping, fencing and no hard surfacing was applied for and approved. However the City's position was made clear to the applicant at that time. Specifically, long term use of the site for parking would only be endorsed by the City if all By-Law requirements were met, particularly hard surfacing of the entire parking area. It was also understood that if the lot was to be utilized as a longterm parking lot, it should be zoned accordingly. In the interim, the owner, Mr. Bibeau has opted to expand upon the initial property and develop and rezone the site for long term parking purposes. It is the view of this Department that given the proximity of the Hospital and several affiliated clinics, the lands along Goulet are highly suitable for development for a range of land uses, including Seniors Housing and properly designed parking facilities. The proposed site plan affords satisfactory access to and from the site, should not have any adverse effect on adjoining businesses and should, in fact, help to address the issue of parking deficiency in and around the Hospital precinct. It is therefore recommended that your Committee endorse the proposal as submitted.

RECOMMENDATION:

I. That By-law 6400/94 be amended by rezoning the subject land as shown on Schedule "A", for file DAZ 218/04, attached hereto and dated May 11, 2004, to a "C2" Commercial District.

II. That a 10 per cent dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in the market value of the land.

III. That, in the event this application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of this report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.

IV. That the City Solicitor/ Manager of Legal Services be requested to prepare the necessary rezoning by-law and forward same to Council for all three readings.

V. That the City Solicitor be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.
