REASON FOR THE REPORT:

The Planning, Property and Development Department has negotiated terms and conditions of a proposed acquisition. Council's approval is required for land acquisitions when Council has not previously determined the program.

HISTORY:

At its meeting held April 6, 2000, the Standing Policy Committee on Property and Development considered a report from the Lord Selkirk–West Kildonan Community Committee and instructed the Director of the Planning, Property and Development Department to acquire at least four other properties (86, 86½, 88 and 90) on Inkster Boulevard, for Phase II of the Luxton Community Centre field expansion, subject to the identification of funding.

The attached Misc. Plan No. 11100/3 shows the four remaining properties required for the proposed Phase II expansion of the Luxton Community Centre. This plan also indicates the existing City owned property in this area, as well as the subject property. Once all properties are acquired the lane will be closed to allow for a consolidation of all City-owned lands.

In late January 2004, the Planning and Land Use Division became aware that the residence at 88 Inkster Boulevard was being substantially renovated. Shortly thereafter, it was discovered that the subject property sold in December 2003 after being listed for 10 days.

On March 31, 2004, the Planning and Land Use Division requested the Real Estate Division to commence negotiations with the owners of 88 Inkster Boulevard, (pursuant to the Standing Policy Committee on Property and Development's instructions from April 6, 2000) subject to adequate funding being secured.

Negotiations with the owners are now complete. Particulars of the subject property are as follows:

Location:	88 Inkster Boulevard
Legal Description:	Lot 25, Block D, Plan 728
Certificate of Title:	1986589
Registered Owners:	Sergiy Kucher and Mariya Kucher
Realty Roll No.:	14-070135000
Assessment:	$24,300.00 (1999)
Zoning:	R-2 (Residential)
Site Size:	7.62m x 36.06m = 278.7 m2 (3,000 sq. ft.)
Description:	A 1 3/4 storey, 946 sq. ft. single family dwelling on a part basement, in poor condition.

DISCUSSION:

The Planning and Land Use Division advises "the Luxton neighborhood is in a serious deficit situation in regards to open space and is one of the most deficient neighborhoods in the City in regards to open space". The Building Communities Initiative has identified the Luxton, Seven Oaks, St. John's Park Community to be in serious need of open space and has committed funds towards this development.

When the Real Estate Division contacted the owners, it was discovered that the owners had invested numerous hours in the house by completely gutting the interior and installing new wiring, plumbing and drywall. The owners indicated it was their intention to live in the residence once the renovations were completed. Consequently, they were not interested in selling the subject property. However, in the interest of the community, the owners indicated that they would be prepared to sell the property at an amount that included recovery of all costs they have incurred since the purchase of the property, i.e. the purchase price ($9,500.00), legal

fees, finance charges, utility charges, building materials, labour, realty taxes, permits, and an amount for their inconvenience.

The Real Estate Division conducted several discussions with the property owners, who reluctantly agreed to sell the subject property to the City for $34,000.00 and in accordance with the terms and conditions contained within the attached Schedule "A". This amount includes the market value, plus incidental costs (based on the evidence of costs supplied by the owner) and an amount for their inconvenience.

The Real Estate Division is of the opinion that the proposed purchase price of $34,000.00 is the best possible price at which the City will be able to purchase the subject property. Although, the proposed purchase price is more than the owners paid for the house in December, it is considered to be fair and reasonable given the renovations and inconvenience caused to the owners. If the City were to purchase this property when renovations were fully completed, the market value would be substantially more than the proposed purchase price.

The Real Estate Division is recommending the City complete the acquisition at the proposed price and in accordance with the terms and conditions attached hereto as Schedule "A".
On April 26, 2004, the Planning and Land Use Division secured adequate funding under the Building Communities Initiative – Luxton, Seven Oaks, St. John's Park Community Project which may be used towards the acquisition, remediation and development of the subject property for a future expansion of the Luxton Community Centre site.

Additional Comments:

There is no budget impact with this proposed purchase as funding for the initial purchase is included in the approved capital budget and funding for related debt & finance charges is included in adopted current budgets/forecasts. The incremental revenue in 2004 represents the recovery of interest, administration charges and the 3% GST component by the Corporate Finance Department. These recoveries are offset by equal charges to P,P & D's capital accounts.
