Comments in writing: I would like to see this action taken by Council. In recent years, there has been a growing list of ways in which the Board has failed to set policy goals, and has failed to set the topics on which the board expects the service to report. As has been pointed out already, building a new district station, but never allowing the public to seek service there, seems wrong. If it will never be a place that residents can visit, why build it? Let officers drive from the HQ building to provide police services in the district, like they do now.
