REASON FOR THE REPORT:

The street closure requires a by-law pursuant to Section 139 of the City of Winnipeg Charter.

HISTORY:

In July of 2001, the Planning, Property and Development Department received a request from the owners of No. 45 Cypress Bay to purchase the portion of Cottonwood Road identified as "Proposed Closing" on Misc. Plan No. 11241/1. The applicants wanted to purchase the property to allow the construction of a garage.

On October 10, 2001, the Riel Community Committee approved the application to close the street.

On January 28, 2004, Council approved the recommendation of the Standing Policy Committee on Property and Development dated January 16, 2004, that the terms of the sale of the property be approved and that the lands be declared surplus.

DISCUSSION:

This report is submitted in accordance with the provisions of By-Law 7325/98, a by-law to amend current procedures to allow certain street opening and closing applications to be submitted to the Executive Policy Committee for report to Council without the requirement to be reviewed by a Standing Policy Committee.

The following criteria must be met before the authority given in the by-law may be exercised:

1. The proposed closing must have been addressed at a public meeting and received approval from the Committee before which the public meeting took place.
2. The Director of Public Works must have approved the proposed closing and sale.
3. The proposed closing must have been submitted to all affected City Departments and public utilities with no objections having been received.
4. Any conditions regarding engineering aspects (i.e. relocation of facilities) must have been mutually agreed upon.
5. The terms and conditions of any easement agreements created by the proposed closing and sale must have been addressed.
6. The affected property owner(s) must have approved the proposed closing.
7. The terms and conditions of any agreements concerning the proposed closing and sale must have been approved by the Director of the department that requested the closing and either the Standing Policy Committee on Fiscal Issues, the Standing Policy Committee on Property and Development, or the Director of the Planning, Property and Development Department, as is appropriate.

All of these criteria have been met.

Financial Impact Statement

Date: June 15, 2004

COMMENTS:

All costs associated with the registration of the documents required to effect the street closing will be borne by the Applicants. There is no financial impact for the City of Winnipeg.
