Community Committee Recommendation:

On March 20, 2023, the Lord Selkirk-West Kildonan Community Committee concurred in the recommendation of the Winnipeg Public Service and recommended to the Standing Policy Committee on Property and Development:

1. That the Zoning Agreement dated May 15, 1987 (the "Zoning Agreement"), entered into pursuant to Development Application No. DAZ 256/86 and registered against the subject land as Caveat No. 87-48534, be amended to add Drinking Establishment as a permitted use on the subject land, which Drinking Establishment must be closed between the hours of 2:00 a.m. and 7:00 a.m.

5. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

The Lord Selkirk-West Kildonan Community Committee provided the following supporting reasons for its recommendation:

1. I am appreciative of the delegates coming to speak to some of the concerns that some of the residents have which mainly the garbage, the bottles, and after-hours situations that can occur. I am satisfied that the owners of the club will be very respectful of their patrons and their members. I was not aware that they were there for more than 10 years,

knowing that they have been long standing club owners and they have been very respectful of the space is actually new to me so I am very happy to hear that they have been there before and they want to continue on with their operations in a new facility that's much larger and much more welcoming so that they can host their sporting events and offer food and drinks and I am very supportive of that as well.

2. I think having the ongoing dialogue with the owners as well as the owners of the club as well, going forward that if I do receive complaints from the area residences, having that ongoing dialogue to kind of rectify those situations on a go forward basis is helpful for me and I am very supportive of that as well. I will be supporting the zoning agreement amendment.

HISTORY

DAZ 256/86

- In June 1986, Council approved the application DAZ 256/86 to rezone the 2.56-acre site, (which was referred to as 1030 Keewatin Street) from 'R3B-One' Planned Building Group District to 'C2' Commercial to permit a 28,000 square foot, multi-tenant commercial development.
- The rezoning included a Zoning Agreement, which is the subject of this application.

Zoning By-law 200/2006

- 1030 Keewatin Street was up zoned to 'C3' Commercial as part of the zoning rationalization of the City's existing commercial properties bringing them into alignment with the rules and regulations of the new Zoning By-law adopted March 2008.

ZAA 9/11

- In November, 2011, Council approved a Zoning Agreement Amendment to be amended as follows:

  A. That Clause 2 be amended by adding the following: (t) Drinking Establishment expiring October 31, 2014.

  B. That Clause 3 be amended by adding the following after the words '…between the hours of 11:00 p.m. and 7:00 a.m.' '…, excepting the 'Drinking Establishment' use that shall remain closed from 2:00 a.m. to 7:00 a.m.'
- This amendment was for the purpose of establishing a Private Club in a unit of the strip mall at 1030 Keewatin Street.
- The Community Committee at that time had added a sunset clause which added the words "expiring October 21, 2014." If the owners wanted to continue the use after that time, a new ZAA application would be required.

SITE DESCRIPTION

- The subject property is located on the north-west corner of Keewatin Street and Kinver Avenue in the Tyndall Park neighbourhood of the Point Douglas ward.
- The subject site, known as Keewatin Park, is approximately 109,385 square feet in area (2.51 acres) and contains three commercial buildings (one strip mall, one Dairy Queen restaurant and drive-thru, and a vacant building previously used as a restaurant which is the subject of the application) and surface parking in the front.
- The site falls within the Established Neighbourhood - Recent Communities policy area under the *Complete Communities Direction Strategy 2.0*. The subject site is zoned "C3" Commercial Corridor.

SURROUNDING LAND USE AND ZONING

North: Commercial uses zoned “C3,” then Inkster Boulevard.

South: Kinver Avenue, then a commercial shopping plaza and gas station zoned “R1-S.” Single-family residences zoned “R1-S” further south.

East: Keewatin Street, then storage/warehouse buildings zoned “M2.”

West: Taraska Bay, then single-family dwellings zoned “R1-M,” and single-family dwellings zoned “R2.”

Figure 2: Zoning of the Site and Surrounding Area

DESCRIPTION OF THE PROPOSED DEVELOPMENT

- The applicant is proposing to establish a private club, or “drinking establishment” in the existing building at 1038 Keewatin Street. The building has a footprint of 3209 square feet and is located at the northernmost portion of the site.
- The existing multi-unit strip mall and Dairy Queen Drive-Thru will remain on site, as well as the 121 vehicular parking spaces.
- The private club, known as JTS Recreation Club, is intended for recreational purposes, specifically watching sporting events. The club is licensed to sell food and drinks.
- In order to establish a drinking establishment on site that may stay open until 2 am instead of 11 pm, an amendment to the property’s Zoning Agreement is required.

ANALYSIS AND ISSUES

COLLABORATIVE PLANNING

The applicant contacted the Planning, Property and Development Department prior to making an application. The applicant was not aware the drinking establishment use was not permitted on the property. The Department indicated support for the application.

COMPLETE COMMUNITIES DIRECTION STRATEGY 2.0

- *The Complete Communities Direction Strategy 2.0* (CCDS 2.0) is a citywide secondary plan that guides growth, development, and land use in the city of Winnipeg.
- The subject property is located in an "Established Neighbourhoods – Recent Communities" policy area as outlined in *CCDS 2.0*. The Vision for Established Neighbourhoods is for them to continue to evolve as complete communities to increase the diversity of housing choices, improve housing affordability, and more efficiently use land, infrastructure and services.
- With regard to this proposal, the key goal and policies guiding the development of Established Neighbourhoods include:

  1.0 Encourage compatible residential development within Established Neighbourhoods to build more Complete Communities and align with the City's residential intensification target.

  4.0 Ensure neighbourhoods accommodate a range of commercial services and amenities within walking distance to meet daily needs.

  General Policies

  4.1 Support commercial development where residential neighbourhoods are not well served by local and community commercial amenities.

  4.2 In order to protect the vitality and viability of existing commercial areas, encourage the redevelopment and infill of existing commercial areas as the preferred method of accommodating new commercial development.

  4.3 Only approve new locations for commercial development where existing commercial areas cannot accommodate expansion and where the location of new commercial uses are in close proximity to transit.

  4.4 New commercial development should be complementary and context sensitive to nearby uses.

  4.7 Encourage commercial areas to transition into mixed-use, pedestrian-oriented and transit- supported developments, where feasible.

  4.8 Commercial signage should be pedestrian-oriented and contextually sensitive to adjacent uses.

CITY OF WINNIPEG ZONING BY-LAW 200/2006

"C3" Commercial Corridor

- The "C3" Commercial Community zoning district is intended primarily for uses that provide commercial goods and services to residents of the community in areas that are dependent on automobile access and exposed to heavy automobile traffic, but not including regional shopping malls or regional shopping areas. These commercial uses are subject to frequent view by the public and visitors to Winnipeg, and they should provide an attractive appearance with landscaping, sufficient parking, and controlled traffic movement. "C3" districts are generally located in Community or Regional mixed use centres or along Community or Regional mixed-use corridors.

- A “Drinking Establishment” is a permitted use in the “C3” Commercial Corridor District.

Zoning Agreement Caveat 87-48534

Amending Clause 2

- Clause 2 of the Zoning Agreement for DAZ 256/86 lists all the permitted uses on the land, which include, but are not limited to, any use permitted in “C1” of By-law no. 16502, restaurant, retail store, business college or private school, etc.
- The list of permitted uses was established based on the property being rezoned from “R3B-One” to “C2,” presumably to restrict the intensity of commercial uses being located on lands that abut residential on the other side of Taraska Bay.
- The lands were later upzoned to “C3” during the adoption of the current Zoning By-law, under which drinking establishment is a permitted use.
- The proposed amendment would add *(t) ‘Drinking Establishment’* to the list of permitted uses.
- Keewatin Street is a high-traffic arterial containing a mix of commercial and employment/industrial uses on the street therefore allowing a use that is permitted within the “C3” zone district would seem appropriate given the immediate context.

Amending Clause 3

- DAZ 256/86 states the following clause:

  Subject to Clause 4 of this agreement, no business operated on the land shall remain open to serve the public between hours of 11:00 p.m. and 7 a.m.
- Clause 4 then includes exceptions to Clause 3, stating “Clause 3 shall have no application to the operation of a restaurant or retail gasoline sales business...” and also states that restaurants may remain open with closing hours between 2 a.m. and 7 a.m.
- The applicant is proposing the modification to allow the new proposed use, a drinking establishment, to remain closed between 2:00 a.m. and 7 a.m. Since the use is similar to that of a restaurant where people congregate for food and drink, it would seem appropriate that they be permitted the same hours of operation.

RECOMMENDATION

The Urban Planning Division recommends **approval** for the following reasons:

- The addition of the proposed use to the list of permitted uses in the Zoning Agreement generally conforms with *Complete Communities Direction Strategy 2.0* policies for commercial developments in Mature Communities.
- The Zoning Agreement amendment will enable the subject property to develop in alignment with established “C3” zoning rights.

- No physical changes are proposed to any of the buildings or the site as a whole.
- The use has been operating on the property since 2011 in a unit of the strip mall. The owners were not aware of the sunset clause, meaning the use has been on the property for over 10 years and the approval of the proposed ZAA will bring the property to conformity with the Zoning By-law.
- The previous use of 1038 Keewatin was a similar use, being a restaurant and billiards club with closing hours late in the evening (1-2 a.m.). It did not appear that this had a substantial adverse impact on the neighbourhood.
