Minutes – Executive Policy Committee – May 16, 2023

Report – Standing Policy Committee on Community Services – May 5, 2023

Item No. 1 Home Grown Grant Community Tree Planting Projects for 2023

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

The Executive Policy Committee concurred in the recommendation of the Standing Policy Committee on Community Services and submitted the following to Council:

1. That a grant in the amount of $9,000.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to NorWest Co-Op Community Health for the Home Grown Grant Program be approved.

2. That a grant in the amount of $16,500.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to Osborne Village Business Improvement Zone for the Home Grown Grant Program be approved.

3. That a grant in the amount of $5,400.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to The Armstrong's Point Association Inc. for the Home Grown Grant Program be approved.

4. That a grant in the amount of $20,000.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to Spence Neighbourhood Association Inc. for the Home Grown Grant Program be approved.

5. That a grant in the amount of $18,900.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to North End Community Renewal Corporation for the Home Grown Grant Program be approved.

6. That a grant in the amount of $18,900.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to Point Douglas Residents' Committee for the Home Grown Grant Program be approved.

7. That a grant in the amount of $19,700.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to South Valour Residents' Association for the Home Grown Grant Program be approved.

8. That a grant in the amount of $19,500.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to Glenwood Community Centre for the Home Grown Grant Program be approved.

Report – Standing Policy Committee on Community Services – May 5, 2023

EXECUTIVE POLICY COMMITTEE RECOMMENDATION (continued):

9. That a grant in the amount of $2,400.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to Winnipeg Condominium Corporation No. 61 for the Home Grown Grant Program be approved.

10. That a grant in the amount of $13,800.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to Old St. Boniface Residents Association Inc. for the Home Grown Grant Program be approved.

11. That a grant in the amount of $13,500.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to École Julie-Riel Parents Association for the Home Grown Grant Program be approved.

12. That a grant in the amount of $11,400.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to Transcona Legion Branch #7 for the Home Grown Grant Program be approved.

13. That a grant in the amount of $11,000.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to Whyte Ridge Community Centre Inc. for the Home Grown Grant Program be approved.

14. That the City enter into, execute and deliver Home Grown Grant Agreements with the grant recipients and such other agreements as determined necessary by the City Solicitor / Director of Legal Services to implement the intent of the foregoing (the "Ancillary Agreements"), and that authority be delegated to the Chief Financial Officer to negotiate and approve the terms and conditions of the Grant Agreements and the Ancillary Agreements, in accordance with this report and such other terms and conditions deemed necessary by the City Solicitor / Director of Legal Services to protect the interests of the City.

15. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

Report – Standing Policy Committee on Community Services – May 5, 2023

DECISION MAKING HISTORY:

Moved by Councillor Orlikow,

That the recommendation of the Standing Policy Committee on Community Services be concurred in and forwarded to Council.

Carried

David Grant submitted a communication with respect to the matter.

STANDING COMMITTEE RECOMMENDATION:

On May 5, 2023, the Standing Policy Committee on Community Services concurred in the recommendation of the Winnipeg Public Service and submitted the matter to the Executive Policy Committee and Council.

ADMINISTRATIVE REPORT

Title: Home Grown Grant Community Tree Planting Projects for 2023

Critical Path: Standing Policy Committee on Community Services – Executive Policy Committee – Council

AUTHORIZATION

Author	Department Head	CFO	CAO
D. Domke	J. Berezowsky	C. Kloepfer	M. Jack

EXECUTIVE SUMMARY

The Public Service is requesting Council approve tree planting grants under the Home Grown Grant Program to the successful applicants for a total of $180,000.00 (plus GST, and MRST as applicable). These projects will plant approximately 280 trees on publicly-owned land by these community organizations. Costs include the purchase of trees, installation, and a two-year maintenance cycle including watering for successful establishment.

On June 20, 2022, the Public Service received notification from Natural Resources Canada that the City's application to the Two Billion Trees Program ("2BT") was approved for a 5-year enhanced planting program branded *Home Grown*. A cost-sharing agreement between the Government of Canada and the City of Winnipeg was signed on December 2, 2022.

In addition to allowing the Public Service to increase capacity to plant approximately 70,000 additional trees on public property from 2022 to 2026, the Home Grown Grant Program contributes to increasing equitable access to trees and hands-on support as a means of enabling community groups, businesses, and non-profit organizations to plant in their often under-treed communities. Distribution of funds to community groups and other organizations is determined through a grant application process.

On January 25, 2023, the Home Grown Grant Program was launched whereby community organizations were invited to apply for a grant to support tree planting projects in their neighbourhoods. The deadline for applications was March 1, 2023, and 25 grant applications were received.

Successful projects were determined based on an established set of evaluation criteria, including prioritization of projects in higher-needs areas. Successful applicants will receive further mentorship and technical support from the Public Service to ensure project completion and long-term success.

The total budget of the Home Grown Grant Program tree planting projects for 2023 is $180,000.00 (plus GST, and MRST as applicable). Grants are to be funded by the approved 2023 Urban Forest Renewal capital project and the City is reimbursed by the Government of Canada upon meeting necessary reporting requirements outlined in the cost-sharing agreement.

RECOMMENDATIONS

1. That a grant in the amount of $9,000.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to NorWest Co-Op Community Health for the Home Grown Grant Program be approved.

2. That a grant in the amount of $16,500.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to Osborne Village Business Improvement Zone for the Home Grown Grant Program be approved.

3. That a grant in the amount of $5,400.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to The Armstrong's Point Association Inc. for the Home Grown Grant Program be approved.

4. That a grant in the amount of $20,000.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to Spence Neighbourhood Association Inc. for the Home Grown Grant Program be approved.

5. That a grant in the amount of $18,900.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to North End Community Renewal Corporation for the Home Grown Grant Program be approved.

6. That a grant in the amount of $18,900.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to Point Douglas Residents' Committee for the Home Grown Grant Program be approved.

7. That a grant in the amount of $19,700.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to South Valour Residents' Association for the Home Grown Grant Program be approved.

8. That a grant in the amount of $19,500.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to Glenwood Community Centre for the Home Grown Grant Program be approved.

9. That a grant in the amount of $2,400.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to Winnipeg Condominium Corporation No. 61 for the Home Grown Grant Program be approved.

10. That a grant in the amount of $13,800.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to Old St. Boniface Residents Association Inc. for the Home Grown Grant Program be approved.

11. That a grant in the amount of $13,500.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to École Julie-Riel Parents Association for the Home Grown Grant Program be approved.

12. That a grant in the amount of $11,400.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to Transcona Legion Branch #7 for the Home Grown Grant Program be approved.

13. That a grant in the amount of $11,000.00 (plus GST, and MRST as applicable) from the 2023 Urban Forest Renewal capital budget to Whyte Ridge Community Centre Inc. for the Home Grown Grant Program be approved.

14. That the City enter into, execute and deliver Home Grown Grant Agreements with the grant recipients and such other agreements as determined necessary by the City Solicitor / Director of Legal Services to implement the intent of the foregoing (the "Ancillary Agreements"), and that authority be delegated to the Chief Financial Officer to negotiate and approve the terms and conditions of the Grant Agreements and the Ancillary Agreements, in accordance with this report and such other terms and conditions deemed necessary by the City Solicitor / Director of Legal Services to protect the interests of the City.

15. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

Council has the authority to approve grants to external parties.

IMPLICATIONS OF THE RECOMMENDATIONS

Total grant funding in the amount of $180,000.00 (plus GST, and MRST as applicable) is available in the approved 2023 capital budget – Urban Forest Renewal 003-181000-180605-1850000323. No new additional budget is required.

This grant program is part of the Home Grown Winnipeg Tree Planting Program outlined in the cost-sharing agreement with the Government of Canada. The City is expected to be reimbursed for these grants upon meeting the necessary reporting requirements identified in the cost-sharing agreement.

The Home Grown Grant Program allows the Public Service to increase capacity to plant approximately 70,000 additional trees on public property from 2022 to 2026. This grant program enhances direct community participation to increase equitable access to trees with technical support of the Public Service by enabling community groups, businesses, and non-profit organizations to plant trees in their often under-treed communities.

HISTORY/DISCUSSION

Natural Resources Canada's Two Billion Trees Program (2BT) is a financial assistance program available to municipalities, non-profit and for-profit organizations, and Indigenous organizations. The program is offered as part of the Government of Canada's commitment to planting two billion new trees over the next ten years as part of a broader approach to nature-based climate solutions, with the goal of achieving significant carbon sequestration in addition to other environmental and social benefits.

In 2019, then Mayor Brian Bowman issued the Million Tree Challenge as a call to action for Winnipeg residents, non-profit organizations, and private businesses to help plant one million trees by the time the city's population grows to one million people by 2040. With support from the

non-profit sector and corporate partners, the challenge increased public interest in planting trees on private and public property.

The Urban/Suburban stream of the 2BT Program is designed to support planting in and around population centers with an objective of planting a minimum of 10,000 trees per year on average. Funding received from the 2BT Program is twofold. First, it allows the Public Service to increase capacity to plant approximately 70,000 additional trees on public property from 2022 to 2026. These additional plantings include replacement trees and net-new trees along boulevards and active transportation pathways, in parks, and in native woodlands and riverbank forests. Second, it funds a community-based program to increase equitable access to trees and hands-on support as a means of enabling community groups, businesses, and non-profit organizations to plant in their often under-treed communities. Distribution of funds to community groups and other organizations is determined through a grant application process.

On June 20, 2022, the Public Service received notification from Natural Resources Canada that the City's application to the 2BT was approved for a five-year enhanced planting program branded *Home Grown*. A cost-sharing agreement between the Government of Canada and the City of Winnipeg was signed on December 2, 2022. The total cost of the program from 2022 to 2026 inclusive is $17.2 million. The City's total projected contribution under approved and forecasted operating and capital budgets is approximately $9.9 million and the Government of Canada's total contribution is $7.3 million.

The approved budget for the 2023 Urban Forest Renewal capital project includes additional funds for the additional incremental expenditures and associated funding from the Government of Canada in the amount of $549,000.00 of which $180,000.00 is estimated to be allocated to the Home Grown grants.

On January 25, 2023, the Home Grown Grant Program was launched whereby community organizations were invited to apply for funds to support tree planting projects in their neighbourhoods. The deadline for applications was March 1, 2023. Twenty-five grant applications were received.

Successful projects were determined based on an established set of evaluation criteria, (Appendix A, attached) including the prioritization of projects in higher-needs areas. Successful applicants will receive further mentorship and technical support from the Public Service to ensure project completion and long-term success.

The grant applications were reviewed by an evaluation committee comprised of staff from the Public Service. Applications for projects to be undertaken on private property, or that did not include sufficient quotes for the proposed services or maintenance from pre-qualified contractors, were ineligible. Applications in which the proposed project was in or adjacent to an area of higher needs, with community tree planting goals, suitable priority locations, and tree maintenance responsibilities clearly defined, ranked higher than those that lacked clarity in these areas.

The evaluation criteria for the applications are listed below and described in more detail in Appendix A:

(a) Project location (including proximity to an area of higher need) and planting suitability */50*
(b) Technical soundness, planning, and maintenance plan */60*
(c) Application completeness and quality of information */30*
(d) Compliance by the Applicant with the requirements of the application or acceptable deviation there from: *pass/fail*
(e) Project sustainability and overall likelihood of long-term success *high/medium/low*

The Public Service is requesting Council approve tree planting grants under the Home Grown Grant Program to the successful applicants for a total of $180,000.00 (plus GST, and MRST as applicable). These projects will plant approximately 280 trees on publicly-owned land by these community organizations. Costs include the purchase of trees, installation, and a two-year maintenance cycle including watering for successful establishment.

Where the recommended grant amounts were lower than what the Applicant had originally requested, these recommendations were based on a preliminary review of site constraints and space limitations; adjusting the grant amount and the approximate number of trees to be planted as required.

The successful applicants and their projects are listed below:

1. NorWest Co-Op Community Health Centre for $9,000.00 (plus GST, and MRST as applicable) for the planting of approximately 20 container trees to contribute to species diversity and enhance the urban farm at Shaughnessy Park with additional shade, wildlife habitat, and a windbreak.

2. Osborne Village Business Improvement Zone for $16,500.00 (plus GST, and MRST as applicable) for the planting of approximately 15 caliper trees to restore canopy lost on nearby boulevards and park spaces from invasive species.

3. The Armstrong's Point Association Inc. for $5,400.00 (plus GST, and MRST as applicable) to plant approximately 6 container trees to restore the canopy lost on boulevards in the West Broadway neighbourhood from Dutch elm disease.

4. Spence Neighbourhood Association Inc. for $20,000.00 (plus GST, and MRST as applicable) to plant approximately 20 caliper trees to restore the canopy lost on boulevards in the Spence neighbourhood from Dutch elm disease.

5. North End Community Renewal Corporation for $18,900.00 (plus GST, and MRST as applicable) to plant approximately 16 trees to enhance the greenspace at Turtle Island Neighbourhood Centre and add shade to the park for users to enjoy.

6. Point Douglas Residents' Committee for $18,900.00 (plus GST, and MRST as applicable) to plant approximately 16 caliper trees along Euclid Ave. in order to enhance this main thoroughfare through the Point Douglas neighbourhood.

7. South Valour Residents' Association for $19,700.00 (plus GST, and MRST as applicable) to plant approximately 30 container trees as part of a community greening project to replace boulevard trees lost to Dutch elm disease in the Minto neighbourhood.

8. Glenwood Community Centre for $19,500.00 (plus GST, and MRST as applicable) to plant approximately 35 container trees to restore the boulevard tree canopy in the Glenwood neighbourhood that has been lost due to a combination of disease, climate events, and infill development.

9. Winnipeg Condominium Corporation No. 61 for $2,400.00 (plus GST, and MRST as applicable) to plant 2 caliper trees to shade an adjacent transit bench and increase tree canopy for pedestrians and residents.

10. Old St. Boniface Residents Association Inc. for $13,800.00 (plus GST, and MRST as applicable) to plant approximately 25 container trees to contribute to shade and wildlife habitat along a pedestrian path in Whittier Park.

11. École Julie-Riel Parents Association for $13,500.00 (plus GST, and MRST as applicable) to plant approximately 15 container trees to establish a resilient forest adjacent to École Julie-Riel in order to provide shelter, increase wildlife habitat, and provide for outdoor educational opportunities.

12. Transcona Legion Branch #7 for $11,400.00 (plus GST, and MRST as applicable) to plant approximately 60 container trees to enhance the tree canopy at Transcona Cemetery, particularly in the Field of Honor, the resting place of over 300 Veterans and Service Members.

13. Whyte Ridge Community Centre Inc. for $11,000.00 (plus GST, and MRST as applicable) to plant approximately 20 container trees along the pathway and to border the greenspace at Whyte Ridge Community Centre, in order to increase shade, species diversity, aesthetics, and to be integrated into the on-site interpretive trail.

Home Grown Grant Eligibility Criteria for Community Groups

- Registered non-profit, non-government organizations are eligible including community, neighbourhood, cultural, heritage, youth, environmental, and conservation groups. Schools adjacent to public lands and publicly-owned cemeteries are also eligible. Planting locations must be on publicly-owned land within the City of Winnipeg (parks, greenspaces, boulevards, and naturalized areas).
- Private land is NOT eligible for this program.
- Projects valued up to $20,000 maximum.
- Potential for successful implementation of the project and the applicant's commitment to making the project sustainable is taken into consideration.
- Sites in underserved areas or geographic areas of higher poverty are prioritized.
- Projects can fall into one of three streams:
    - Restoring habitat and natural areas.
    - Enhancing parks and greenspaces.
    - Revitalizing our communities with street trees.

CONSULTATION

This Report has been prepared in consultation with:

- Legal Services

OURWINNIPEG POLICY ALIGNMENT

The report is in accordance with the OurWinnipeg:
• 2.1 Climate Action Targets
• 2.19, 2.20 and 2.21 Leverage Green Infrastructure
• 3.3 Economic Research and Innovation

WINNIPEG CLIMATE ACTION PLAN ALIGNMENT

The Report is in accordance with Strategic Opportunity #7:
•7.2 Increase and Preserve Tree Canopy (Primary Responsibility: Public Works Department).
•7.3 Preserve and Manage Parks and Natural Areas to Support Climate Change Mitigation (Primary Responsibility: Public Works - Parks).

WINNIPEG POVERTY REDUCTION STRATEGY ALIGNMENT

The information and recommendations presented in this report align with and advance the Winnipeg Poverty Reduction Strategy (2021 – 2031) as follows:

They embody the following Guiding Principles:
• We will Uphold Human Rights
• We will Honour Relationships and Reconciliation with Indigenous Peoples
• We will Address Systemic Oppression, Trauma and Social Inequity
• We will Promote and Maintain the Welfare of All Residents
• We will Develop Trust and Meaningful Partnerships to find solutions and drive change

They align with the following Goals and Objectives:
• Goal 1: Equity and a Culture of Caring are Demonstrated through Strategy Implementation and Systems Change
• Goal 6: All City Services are Equitable, Inclusive and Accessible

Related 10-year Objectives:
• D. The City advocates for and pursues partnerships to implement the Strategy.

The information and recommendations presented in this report also advance the following Actions, as listed in the Winnipeg Poverty Reduction Strategy Implementation Plan (2021 - 2023):

Action 1.3 Grants – Alignment and equity
• When grant allocations are presented to Council and committees for consideration, prioritization and approval, include information to on how each grant application aligns or does not align with OurWinnipeg, the Indigenous Accord, the Poverty Reduction Strategy, and any forthcoming equity-based strategies Council may adopt.

Action 6.9 Community Benefits in City Funded Spaces
• Require, at every opportunity, that privately-owned spaces receiving public funding, and City-owned spaces managed by a private operator, are inclusive and accessible to all residents year-round through community benefit, grant, or legal agreements.
