**Re: 586 River Ave, 588 River Ave, and 90 Wellington Crest. Development**

To whom it may concern:

Cambridge Health Inc. provides specialized services to adults (age from 50 to 65) who displays complex behaviours, such as people who have complex mental health conditions. We provide non-medical, community home care support and offer specialized case management to our clients. We work very closely with the WRHA and Mental Health program, and currently we have special contracts with the WRHA.

**It is our intention to rent out 20 accessible units at the development site 586, 588 River Ave and 90 Wellington crest.** Our plan is to rent these units long term and will be on going.

Our residents are on EIA and consider low-income individuals. They will not require any parking. The visiting staff will require only one parking space to share.

I would like to thank you in advance and looking forward to able to assist those individuals who need a placement with the Cambridge Health care team.

Sincerely,

Hao Chiang
President of Cambridge Health Inc.
