EXECUTIVE SUMMARY

The recommended RHI 3 projects total $15,163,635.40 in funding and generate 57 affordable housing units.

On December 7, 2022, the federal government announced that the City of Winnipeg would be eligible for $11,631.916 under Round 3 of the Rapid Housing Initiative to create a minimum of 46 units of affordable housing for 20 years.

In addition to the CMHC funding, the Province of Manitoba partnered with the City of Winnipeg to provide capital funding of $5.19 million to maximize the number of affordable housing units and to ensure the required operational funding and/or wrap-around supports would be provided for these facilities.

On January 17, 2023, Council delegated authority to the CAO to submit an investment plan to the Canada Mortgage and Housing Corporation (“CMHC”) by its March 15, 2023, deadline, with the Public Service directed to report back to Council in April 2023 for confirmation and ratification of the project list.

In addition to direct engagement with proponents that had expressed interest during and since Round 1 and 2 of the RHI, the Public Service posted an Expression of Interest that ended on February 3, 2023, and received 12 project proposals. The Public Service evaluated these proposals and recommends the following four projects, totalling $15,163,635.40 in capital funding and creation of 57 affordable housing units, as follows:

- Manitoba Metis Federation Mazoun Infinitii Pakoshayimoohk (Mazoun) "Infinity House of Hope" project at 292-298 Edison Avenue, for 14 units of transitional housing for Indigenous youth aging out of care for $5,836,500.
- Wahbung Abinoonjiaag project, for 26 units of transitional housing targeting Indigenous women and their children for $1,366,303.
- University of Winnipeg Community Renewal Corporation (UWCRC) 2.0 project at 454 Edmonton Street, for 11 units for women and children for $6,110,000.
- Spence Neighbourhood Association projects at 429 Sherbrook (three units) and 446 Langside (three units) for a total of six units of transitional housing for youth experiencing homelessness for $1,850,832.40.

IMPLICATIONS OF THE RECOMMENDATIONS

If the recommendations are approved, the City will advance the funds to the Intermediaries as outlined in Recommendation 1 for project delivery.

HISTORY/DISCUSSION

In 2020, the Government of Canada, through the Canada Mortgage and Housing Corporation ("CMHC"), launched the Rapid Housing Initiative (RHI); a $1 billion program to help address the urgent housing needs of vulnerable Canadians, especially in the context of COVID-19, through the rapid construction of affordable housing. The initiative provides capital contributions (upon signing a funding agreement with CMHC) to expedite the delivery of affordable housing under two streams:

- the first being the Cities stream, to pre-identified municipalities with the highest level of renters in severe housing need and people experiencing homelessness;
- the second being the Projects stream, to municipalities, provinces and territories, Indigenous governing bodies and organizations, and non-profit organizations where applications will be prioritized based on the strength of the application.

Round 1 RHI Funding

On October 27, 2020, it was announced that the City of Winnipeg would be eligible for $12.5 million in RHI funding to create a minimum of 49 units of low-income housing for 20 years.

On October 30, 2020, the City of Winnipeg launched an open Expression of Interest (EOI) process and on November 18, 2020, the Executive Policy Committee approved funding for the following projects:

- Siloam Mission, Project at 300 Princess Street, at an amount not to exceed $1,538,578.
- The Governing Council of The Salvation Army in Canada, Project at 72 Martha Avenue, at an amount not to exceed $2,338,578.
- Winnipeg Housing Rehabilitation Corporation, Project at 260 Toronto Street, at an amount not to exceed $4,330,993.
- New Directions for Children, Youth, Adults and Families Inc., Project at 910 Main Street, at an amount not to exceed $1,450,281.
- Shawenim Abinoojii Inc., Project at 126 Alfred Avenue, at an amount not to exceed $2,838,577.

Round 2 RHI Funding

On July 19, 2021, the federal government announced that the City of Winnipeg would be eligible for $12,775,743 to create a minimum of 51 units of affordable housing for 20 years. In July 2021 the City of Winnipeg launched an open Expression of Interest (EOI) process and on September 21, 2021, the Executive Policy Committee approved funding for the following projects:

- West Central Women’s Resource Centre, project at 590 Victor Street, for $4,309,035.
- Westminster Housing Society, project at 545 Broadway, for $5,049,000.
- Manitoba Metis Federation, project at 670 Main Street, for $3,417,708.00.

Round 3 RHI Funding

Based on the RHI funding allocated to the City of Winnipeg ($11,631,916), and the provincial contribution of $5.19 million, the Public Service recommends the following four projects:

- Manitoba Metis Federation Mazoun Infinitii Pakoshayimoohk (Mazoun) "Infinity House of Hope" project at 292-298 Edison Avenue, for 14 units of transitional housing for Indigenous youth aging out of care for $5,836,500.
- Wahbung Abinoonjiaag project, for 26 units of transitional housing targeting Indigenous women and their children for $1,366,303.
- University of Winnipeg Community Renewal Corporation (UWCRC) 2.0 project at 454 Edmonton Street, for 11 units for $6,110,000.
- Spence Neighbourhood Association projects at 429 Sherbrook (three units) and 446 Langside (three units) for a total of six units of transitional housing for youth hose experiencing homelessness for $1,850,832.40.

Overall, these projects target the populations identified by CMHC as priorities for Round 3 and provide a total of 57 units and $15,163,635.40. More information on these projects can be found in Appendix A.

Risks

There are a number of risks associated with entering into Intermediary grant agreements for the selected projects. Although the RHI funding agreement with CMHC allows for the City to provide funding to third-party Intermediaries to carry out the housing projects, the terms of the agreement indicate that the City shall remain at all times primarily liable to CMHC for the fulfillment of all obligations under the RHI funding agreement. The City could be required to repay grant funds to CMHC in the event that any of the final projects of the Intermediaries fail to meet the requirements of the RHI funding agreement or in the event that an Intermediary breached any other term of the agreement, including reporting requirements, during the 20-year affordability period. Although the City can enter into third-party agreements with the Intermediaries setting out their responsibilities, this ultimate responsibility to CMHC would remain with the City in the event that an Intermediary was unable to repay any required amount of their individual grant.

An additional risk is that the City would have no external insurance coverage in the event that the City makes any accidental or intentional errors in fulfilling reporting requirements to CMHC as the City is self-insured for such issues. The City can require in its grant agreements with the third-party Intermediaries that they are required to purchase errors and omissions insurance; however, their coverage would be void in the event that an Intermediary intentionally made a misrepresentation, in which case the City would be held liable by CMHC as per the RHI funding agreement. The City would not have external insurance coverage for this event and would be held financially liable to CMHC.

It is the City's responsibility to ensure the successful completion of the projects and, based upon experience in rounds 1 and 2 of RHI, the City will retain a 12% contingency ($1.8 million) for RHI 3 projects. The City of Winnipeg and the Province of Manitoba expect full utilization of the contingency.

2) Incremental Revenue/Recovery represents the grant revenue to be received from Canada Mortgage and Housing Corporation as well as from the Province of Manitoba to be deposited to the Housing Rehabilitation Investment Reserve. Any amounts not paid out based on eligible expenditures are required to be returned to the Canada Mortgage and Housing Corporation. The City expects full utilization of the provincial funding.

3) The City will accept funding from the Government of Canada, through CMHC, as well as accept funding from the Province and in turn enter into grant agreements with Intermediaries for project delivery. The City remains at all times primarily liable to CMHC for the fulfilment of all obligations under the RHI funding agreement. The City could be required to repay grant funds to CMHC in the event that an intermediary failed to meet the requirements of the RHI funding agreement or in the event that an Intermediary breached any other term of the agreement, including reporting requirements, during the 20 year affordability period.
