DETAILED PROJECT DESCRIPTION

Planned Project:
Ice Shed Upgrade Projects:

1. A).To recondition the 8 sheets (128Stones) Blue Hone Insert side of the Trefor Granite Curling Stones through Canada Curling Stone Co. located in Komoko, Ont. This is the closest location and the most experienced company to complete this work. Cost is $1,800 per sheet (16 stones) for a total of $14,400.00

   B). The second part of this project is the cost of transportation of the curling stones to and from Komoko, Ont. This amounts to 3 skids with a total weight of 5300 lbs. While transportation costs may fluctuate due to fuel costs, YRC Reimer Transport is quoted at $ 804.93 to Komoka and $1058.45 back to Winnipeg for a total of $1,863.38 (Note: Fuel prices are higher in Ont.)

2. The ice shed walkways require removal and disposal of the existing carpet, repair and attention to the wooden walkway sub-floor (where soft and spongy) and supply and install of new carpet with transitions and adhesives. This is to rectify outdated materials and serious safety hazards (slips, trips, and falls). Apollo flooring has provided a quote of $10,566.00

Total amount required $26,829.38. We are seeking $13,414.69 from the LDR

Community need / Rationale: Ours is a curling club, with curling stones and ice being the necessities for operation. The upkeep of the curling stones is integral to the ongoing use of and longevity of the stones and therefore the club. Support for this project assists us with the primary activity of our organization.
Attention to the Ice shed walkways similarly addresses health and safety of curlers and supports the primary activities of our operation.

Community consent: The volunteer board of the AMCC is in full support of these projects.
City of Winnipeg (staff involved**):** Nil
Scope of Work: Two projects that will be contracted to professionals for completion.
Cost Estimates / Quotes: See attached
Project Schedule: All work will be completed in advance of the start of the curling season Mid-September 2023.
