Postal code

Delegation information
Committee: Executive Policy Committee
Committee - council: N/A
Committee - other: N/A
Agenda item (number and title): water report 3

Service inquiry: Register as a Delegation, Submit Comments in writing
Participation preference: Via Zoom
Comments in writing: While replacing combined sewers is an obvious way to minimize this problem, there are other means. Careful assessment and adjustment of interceptor gates can also be done. Have staff reported on the current status of such adjustments? The BOD load of overflow from floating debris can be reduced by 90%. This technique has been offered to the city. Have staff ever replied with a comment on its implementation?
