To whom it may concern,

I own the house at 935 McMillan. I love what Melanie has done with the property at 944 McMillan almost directly across from me. The renovations inside and out look fantastic.

I was lucky enough to get a tour. Melanie explained her intentions of the business and purpose of the house and I fully support the idea. I've never had an issue with short term rentals.

I personally like the idea of short term rentals. Better than having long term terrible tenants which Crescentwood has many.

Again, I fully support Melanie and MM Properties in this venture.

Sincerely,

Brian Allison
