

# Petition and Comments Supporting Short-Term Rentals in Winnipeg

Manitoba Association of Short Term Rental Owners Inc.

# Intent of this Petition on Change.org

This petition was designed for hosts, neighbors, small business owners supported by Short-Term Rentals and guests to express their concern for any of the over-reaching or unreasonable regulations being considered in 2022 by Winnipeg City Council.

This intent of this petition was to help save over 2000 local people from losing their supplemental or primary income in the face of the toughest economic climate of our generation and provide housing flexibility to refugees, new comers, vacationers, business travelers, new industry professionals and medical stays. Closing or limiting these residential spaces will result in direct losses to the Winnipeg small business tourism sector to the tune of tens of thousands per day and affect small business spending by the Short-Term Rental owners to other small businesses by an additional several thousand per day.

It asked those signing to "Help Winnipeg hosts and the small businesses they support by signing your name and sharing with friends, family and your other small businesses to help keep this valuable and important part of Winnipeg's housing stock!"

This petition specifically rejects the discriminatory portion of the regulations, the primary residence (and residential R1 zoning restriction, the cap on number of units that can be owned and the number of total nights rented). It supports a reasonable accommodation tax.

We are not however suggesting or rejecting that housing of all types should be inspected, safe and be subject to ***fair*** and legal regulation in Winnipeg.

The 800+ individuals who signed this petition support the Winnipeg landlords and STR hosts in their work to iron out positive common-sense solutions with Winnipeg City Council for all residents and land owners in Winnipeg.

| Melanie Mitchell | Winnipeg | R2J 4C8 | "I am signing because I believe in free enterprise and have had enough of government over-reach. This is a free enterprise society so the small businesses should not stand for any attempt to be snuffed out by big business like the hotel industry. Guests to Winnipeg and new immigrants love my business model and thank me for providing comfortable and safe temporary housing for them. I have finally found a hospitality based small business that provides a huge benefit to my community and is one I can excel at. Each of my guests brings $200 per day directly into the Winnipeg economy in the form of consumer spending on shopping, restaurant meals, concert tickets, hair and nail salons, groceries, fuel, you name it. My three suites bring $960,000 per year into our economy and roughly 2000 local people are employed in this industry. This is money our city desperately needs to fix our streets, mow our parks and boulevards, create social programs, deal with the crime and poverty issues and create jobs." |

| Andrija Pavlic | Winnipeg | R2Y 1H4 | "The city of Winnipeg has a serious crime problem, the downtown area is in disarray, and this is what city council is choosing to target? This is absurd to not allow property owners to rent out their homes on a short term basis." |
| Derek Klassen | Winnipeg | R3X | "Str are the new trend. It's what the public want. I have hosted for 3 yrs. and always ask why Airbnb? Reply. Need the comfort of home." |
| Akin OPOOLA | Winnipeg | R3X1L4 | "People should have options available of where they like to stay in they. And short rentals come in handy for thousands of people in our city." |
| Debbie Kolaski | Grande Pointe | R2N | "Having flexible and affordable rental options encourages tourism for the city. Winnipeg needs short term rentals! If the consumer wants to stay in someone home (more value, better feel, more personal, feels more welcoming into the local culture); allow for fair regulation. Winnipeg is NOT Toronto!" |
| SYLVIE Bahati | Winnipeg | R3L | "As an immigrant, former refugee who been hosted in others countries that wasn’t my own , loved and supported by Manitoba , and started this hosting business as my way of showing gratitude and being part of the growth of Manitoba economy, I support STR 150% and pray that our leaders see it as a first growing |

| Cherie Stroppa | Winnipeg | R2y1h4 | "short Term Rental Accommodations are a great asset to Winnipeg and the tourism industry here. It would be a shame to move backwards." |
| Jacqui Lepp | Rivers MB | R0K 1X0 | "VRBOs and Air Bnb's provide a valuable service for tourists who have different needs/requirements than standard hotels provide. They actually augment each other! We have stayed in several al across Canada and the US and they have provided a more personal approach to learning the area we are visiting. We rate the experience/stay and they rate us. It's a good system of accountability as well. Winnipeg needs to embrace the way different ways that people want to travel." |
| Danielle Wollmann | Landmark, MB | R0A 0X0 | "Short term rentals are a pivotal part of the tourism sector. A needed alternative to hotels and they offer a unique experience every time. There is no reason to punish Airbnb owners, so that hotels can thrive. There is room for all of it." |
| Melissa Hansen | Winnipeg | R2K2B1 | "This needs to be an option" |
| Diane Stevenson | Winnipeg | L5R | "Wanting to stop big corporations from overtaking everything. Continue to see others with dream to flourish and live out their dreams. Instead of paying our money |

| Setlana Finkelshtein | Winnipeg | r3k0c6 | "We need the Airbnb in city" |
| ma fra | Winnipeg | R3P1R3 | "Try to be an immigrant family with 3 kids and a dog arriving in Winnipeg with 2-3 bags of belongings. Where to start? With Airbnb - you can rent a full house or large suite with full kitchen for a week or 2. It gives you time to breath and decompress, find long term accommodations, buy furniture and other necessarily things. In meanwhile, you can cook your meals and let kids play outside on the yard. Alternative? For the same price - one room in the pet friendly motel with kitchenette (if you lucky) and more added stress and uncertainty. Airbnb is about a choice. Tourists and visitors as well as new immigrants should have a choice! There is enough demand for hotels and such, but there should be a choice for people to visit or immigrate to our city on their own terms. Own terms may include to not be stuck 7 people with dog in the same room just because city of Winnipeg is focusing on the wrong agenda and trying to eliminate local family businesses in favor of large hotel chains (who I am sure lobbying this" |
| Svetlana Berkovskiy | Winnipeg | R2J 1W4 | "More choices for people more competition for the business" |
| Dana Holt | Winnipeg | r3g2y3 | "I care about small business and the families that need Air BNBs." |
| Tara Wiebe | Winnipeg | R2N 1W6 | "I love staying at Airbnb's!" |

| | | | |
|---|---|---|---|
| Debbie Kolaski | Grande Pointe | R2N | "Sort term rentals provide a service to families and businesses not available otherwise." |
| Renata Sapienza | East st paul | R2G 1H5 | "I believe Airbnb's to be vital to our city's tourism sector. With family From out of town I use it several times per year and would hate to be stuck using hotels which are not welcoming compared to an entire place." |
| Krystin Coyle | Winnipeg | R3T5S1 | "I am in favour of FAIR regulation. Regulation is needed however, it doesn't have to wipe out a whole industry in our city. Refer to Regina or the City of Calgary. Implementing the Toronto model is government over reach. This is a great rental option for many people; promotes tourism, business travel and families immigrating to Canada." |
| Pavel Prilepskiy | Winnipeg | 4j43d2 | "This is ridiculous" |
| Oksana Andrushko | Winnipeg | R3R | "I don't agree with this decision. People must have a choice. Hotels not always comfortable for staying here with children for long time because of neibourgs. Sometimes they can drink and smoke inside their room." |
| Patricia Stuckless | Trenton | K8V | "Options should be available." |
| Moises Briceno | winnipeg | R3T5S2 | "An alternate option for newcomers and refugees and what have you is needed as hotel costs keep rising and impossible to find accommodations in a hotel for under a $100 for a family of over ..many families arriving from overseas are typically larger than 4 persons. Stop overreaching!!!!" |
| Moises Briceno | winnipeg | R3T5S2 | "An alternate source of living accommodations are much needed in Winnipeg as rents keep climbing as are |

| | | | |
|---|---|---|---|
| | | | hotel rooms. Airbnb's are certainly a great transition for the newly arrived in the city to acclimatize to our city. Soooo many other issues to address and the city chooses to overreach by regulating more and more everything under the sun" |
| Jacqui Janairo | Winnipeg | R2P 1G8 | "Support the short-term rental for our community and tourism" |
| HUGH HARCUS | Winnipeg | | "Is nothing sacred anymore. Regulating and destroying Airbnb platforms in Winnipeg is absolutely crazy and a blow to alot of hard-working folks that have invested their life savings into a quality passive income structure that affords generational wealth over time. Manitoba has a way of rewarding laziness and penalizes entrepreneurial capitalistic change. It's a mentality that needs to be averted considering the crap we have survived over the last 3 years. Airbnb's improve cities as they showcase the people in the cities putting their hearts and souls into a spot to lend to a person travelling through. Winnipeg's stance on Airbnb is that they house a faction of crime and nefarious activity. I would argue that hotels in Winnipeg would be far more to blame when it comes to this accusation. I in no way shape or form allow lousy people into my suites. Lately the families of the Blue Bombers have been visiting my suites and a rabble of professors from the West Coast. They sure as hell are spending money in the city." |
| Julie Halipchuk | Stittsville | K2S | "I value entrepreneurs & the options that Airbnb's bring to Winnipeg for all families. They are a valued option for rural family |

| | | | |
|---|---|---|---|
| | | | forced to long stay in Wpg for medical & also valued for business as well." |
| Lynn Kelly-Sabasch | Winnipeg | R3G | "For the last 10 years we have visited Winnipeg a couple of times a year to visit our son and daughter in law. We have stayed in hotels, Bed & Breakfasts and Airbnb's. By far our preference is Airbnb's which we tend to have lengthier stays than with other accommodations types. The ability to stay in a quiet residential neighborhood is a huge draw for us. We are completely in support of short-term rentals." |
| Brian Shkwarchuk | Winnipeg | R2W | "I find Airbnb's make stays a much more enjoyable experience than being stuck in a room by an airport and never seeing the city that I'm in." |
| Sophia Nguyen | Toronto | M3N | "Hotel is for people without kid and pet since we need to share the common area with the people who may not like kid, or allergies to pet. Airbnb is different, we can take care all of that. And a house is always easy to feel like a home not as a hotel. You can cook, you can talk with the neighbor, you can play in the backyard with your family, enjoy the grass and tree. Limited the number of houses can do Airbnb only lead to higher price and less home. Thank you for reading." |
| Jessica Kalinski | Winnipeg | R0A0Y0 | "Winnipeg should be encouraging entrepreneurship and prioritizing small business owners over huge hotel corporations. STRs present a different and affordable accommodation option and puts money in Winnipegger's pockets. Money which gets spent in Winnipeg over and over again." |

| | | | |
|---|---|---|---|
| Hofit Yanev | Winnipeg | R2M 1V4 | "This is a great help for all the immigrants that arrived to Manitoba. It's convenient and easy to use." |
| Ademuyiwa Adewunmi | Winnipeg | R2G | "I care about the city" |
| Amanda Taylor | Thompson | r8n0e7 | "I travel from the north a lot and hotels are usually all booked because they are using the rooms for emergencies such as evacuations, Covid, medical appointments. I also prefer to stay at Airbnb's because with having a larger family, I was at times forced to take 2 rooms. It is also more affordable staying at an Airbnb because I can cook instead of always having to do takeout." |
| Mark Neustaedter | brandon mb | R7A 5Y1 | "I feel short term rentals are a vital contribution to the economy." |
| Jeremy Wasney | Calgary | T3S | "Winnipeg needs variety as everyone has different needs. In Osbourne there is a huge lack of hotels so short-term rentals fill in the gap in the market. They are a VITAL part of our communities and need to be protected at all costs. Owner's property rights need to be protected, including the right to rent out their property, even and especially if the property is not where they live. Having options helps create more affordable solutions for everyone." |
| jayla hughes | Winnipeg | R2W | "I'm a single mom on disability. I saved money to invest in real estate and purchased one property as an Airbnb that I run for families and nice people not parties. It helps protect my income and save for my children. It also gives people a chance to stay in a homey environment when visiting people in hospitals instead |

| | | | |
|---|---|---|---|
| | | | of a hotel, where they feel more at home and stress free." |
| mike milne | wpg | r2c 1x5 | "What the city is doing is wrong they are taking the wrong approach" |
| Sophia Nguyen | Toronto | M3N | "We should have STR in the country, it creates job and fair price for everyone, especially student, new immigrants, young travelers." |
| Donna Cook | Winnipeg | R3L 0E9 | "Short term rentals are good for tourism and the economy" |
| Karen Perron | Winnipeg | R2M0A9 | "We need to protect small businesses. If they cap the number of nights to 150 a year, owners will be forced to sell. These small business owners cannot afford to go half the year with no mortgage support. Airbnb benefits all travelers, medical stays, getaways, work and a large variety of people needing temporary accommodation. Especially with things like covid, people value having their own private space away from hotels. You will not stop crime by taking away people's livelihood and their means of income. If the primary worry is safety of those in condos, reach out to that condo owner for a solution, don't just force everyone in the industry to go bankrupt due to sudden loss of income. This decision greatly affects these property owners please consider solutions that work well for all involved." |
| Chris tholl | Winnipeg | r3p2g8 | "Short term rentals are important to the economy and hotels can't pick up the lift. I run 10 units and depend heavily on the income to support my family ." |
| Betty Cinq-Mars | Winnipeg | R3L 0Y4 | "Short term rentals are a great affordable option when travelling. Find a solution to the issues, but taking competition away from hotels only punishes tourists." |

| | | | |
|---|---|---|---|
| Maryann Lepp | La Broquerie West | R0A 0W1 | "Thank you for creating this petition. STR's in Manitoba are of increased importance. They're availability to host newcomers in our region is paramount. Housing is often difficult to find. While staying at a STR, guests can take more time to make decisions on longer terms rentals in the region. As a host of a STR, I have had great experiences hosting guests from other provinces and countries, who come to visit family, enjoy the area and what it has to offer, and at times, purchase a home in the area. STR's are becoming more of a choice among people travelling because they are looking for a more unique and personal experience. It is an important part of our tourist industry in the province. We must promote it more." |
| Anthony Bertrand | Winnipeg | R3C 4H8 | "Short term rentals are vital for immigrants, refugees, fire evacuees, insurance claimants and people in transition of buying or selling a home which hotels are simply not sufficient in providing. Hotels are not required to conduct criminal background checks on guests and short-term rental platforms have committed to increased ID requirements and scrutiny of potential renters. This will also harm our tourism industry providing fewer desirable options to attract visitors It is fair to have a license or permit fee so it is known which properties are being used for this purpose and have a clear idea" |
| Staso Ro | Winnipeg | R2N | "Short-term rentals in Winnipeg are driving a significant portion of the local economy. If the tyrannical restrictions take effect, thousands of employees will lose |

| | | | |
|---|---|---|---|
| | | | their jobs, and we will be even closer to the economic cliff. The local hotel industry monopoly is doing everything possible to crush the str hosts, and they have the financial power to influence our local government's decision. But we will not allow it!" |
| Marie Graff | Winnipeg | R2h0k4 | "Choosing a temporary place to call home with a kitchen, a more spacious floor plan or a larger accommodation is any travelers right while visiting Winnipeg. Limiting where in the city one can attain this type of space is selfish and unfair. Having the ability and choice to be near your family, near the airport, near the hospital or beside your favorite local restaurant, shouldn't be taken away from people who enjoy renting short term while visiting Winnipeg. Limiting where hosts can have their Airbnb will negatively impact Winnipeg fast booming tourism. This will also prevent comfortable accommodations for immigrants when arriving and searching for their future neighborhood to reside in. Reconsider the rules on "locations" for short term accommodations. Setting these strict location parameters isn't doing any positive impact. Only forcing people to rent in neighborhoods that may not suit their needs." |
| Susan Terry | Callander | P0H 1H0 | "It appears it's not bad enough that people are becoming homeless, but to annihilate a thriving market for one bad apple is like throwing away the baby with the bath water. It appears the governing bodies are up for charges of aiding and abetting in the |

| | | | |
|---|---|---|---|
| | | | murder of millions and destruction of their own country. This is criminal." |
| Nadia Wera | Vancouver | | "I offer Airbnb services and I am an Airbnb customer. These rules are denying people the right to make alternative income streams." |
| Samantha Kreger | Winnipeg | R2C 0S8 | "I am okay with the inspections and licenses, but it doesn't make sense for us to lose this privileged altogether. Some of us are good hosts and have good house rules. It also gives us the opportunity to keep tabs on our property and ensure it's being fixed and well taken care of. Renters tend to damage homes very significantly over time." |
| Samantha Kreger | Winnipeg | R2C 0S8 | "STRs provide reasonable pricing for large travelling families, or groups or workers who just want a place to stay with all of their fellow coworkers. I agree with licenses, noise monitor devices and inspections - but they shouldn't be removed all together. STRs give owners the ability to take very good care of their own properties and keep their property value high. And they also provide a different kind of accommodation than a hotel or a condo can." |
| Claude M. Dionne | Fort St. John, BC. | V1J 1L5 | "I tend to agree towards a normal local growing industry there. I'll sign this petition." |
| Taylor toffan | Winnipeg | r2m 1b8 | "I feel like the option to have your pet outside of a hotel setting is extremely beneficial, especially for dogs who are shy in those settings." |
| Adine Stokes | St. Paul | 55346 | "As a Winnipegger, I prefer to stay in short-term rentals on my frequent visits home." |

| | | | |
|---|---|---|---|
| Laurel Sherbo | Winnipeg | R3Y 1Y3 | "Laurel Sherbo" |
| Scott Finley | Granby | J2J | "I find this would negatively impact my many visits to Winnipeg. Short term rental options are fantastic for business travelers, and definitely help the local work force in the destination city. The City of Winnipeg should be looking at ways to increase jobs and local incomes, not the opposite." |
| Sherry Bosa | Winnipeg | R3N | "The logic that ownership of short-term rentals needs to restricted to a number of units has no merit. How would restricting the size of someone's business remedy the concerns the City is sighting? I have stayed in many Air BNB properties in different cities. The owners have always been very attentive and keep the properties in impeccable condition. I am sure there have been guests that have caused noise or left messes, but the owners do not have to go through a long process of eviction, so therefore the problems cannot linger. Whereas with regular long-term rentals, if you have a problem tenant it could take weeks or even months to have them leave. The City has no restrictions on how many regular long-term rental properties can be owned by a landlord, so why do they target short term rentals? The City's proposed solution is misguided. STR properties are a great solution for many people, and offer accommodation that is more private than a hotel. Immigrants that have no home or furniture yet. Tourists" |
| Bryan Seago | Pinebluff | 28373 | "My wife and I are from the US. In December 22 we helped her sister and |

| | | | |
|---|---|---|---|
| | | | husband settle in from their move from the Philippines. We stayed at a great stand-alone Airbnb that was centrally located for all of our business, it was private and had convenient parking. The City of Winnipeg will be doing an injustice to free trade and options for visitors to Winnipeg by wanting to do away with stand-alone Airbnb's. As visitors to Winnipeg, my wife and I, strongly urge the city council to not limit Airbnb's to only main residence dwellings and will continue to allow stand-alone dwellings for Airbnb's as well!" |
| Mulimbwa Bahati Deo | Winnipeg,Manitoba | R2M 0H8 | "Parceque je suis l'un des visiteurs client et je suis vraiment content du travail fait par ces compatriotes." |
| Lisa DOERKSEN | Winnipeg | R3L | "Ahh the Government. Any angle they can use to extort MORE money from the citizens. I oppose this because I am a CLEANER. This will directly affect my earnings. That being said...I am truly sick and tired of the feds deciding every little thing we CAN and CANNOT do. THIS IS OVERREACHING. PROPERTY OWNERS SHOULD BE ABLE TO DO ANYTHING WITH THEIR OWN PROPERTY. These are mostly private citizens , and the gov. should NOT be allowed to interfere. I'm sick of the way they have their hand out the minute they realize ppl are doing well. No thought whatsoever to the construction workers, property managers, cleaners, who depend on these to be able to support themselves and their families. Disgusting cash grab by the heartless money pit that is our government!!! Shame on you if you are |

| | | | |
|---|---|---|---|
| | | | part of this...how do you sleep at night? Truly revolting." |
| Trish Chyborak | Winnipeg | R2J | "Where will the families stay when they have pets? Where will the military transfers stay when they get relocated here? Where will mom or dad stay with the couple is separating and splitting the kids until they sell their combined house and each look for new houses? Where will insurance claims stay when their houses are getting put back together? Where will the med students stay when they are here to do their residency? It's easy to see the city needs to offer hotel alternatives and this would not be plausible for hotel chains. The Air B&B people are heros who take on the responsibility of housing traveling people when a hotel option doesn't meet their needs. They take on all the maintenance, the risk, the unknowns, the uncertainty of where the funds will come from to pay for this $200,000 plus option that simply helps people." |
| PAW BLUT | Winnipeg | R3G | "As a short-term rental guest I like my private space. A place I can feel at home. I can cook freely and do my laundry and being cozy when I'm away from home with my loved ones. Hotels can't provide all these and my need do not meet if I stay at a hotel." |
| Grace Karpinsky | Winnipeg | R3L 0V6 | "I don't agree with the downtown zone restriction or restriction to multi-family buildings." |
| Tina Katotoka | Winnipeg | R0A | "I support Short Term Rental in Winnipeg. I started my own business for cleaning few years back to  am able to support my family through this business. Especially my mother after the loss of our father. With |

| | | | |
|---|---|---|---|
| | | | my small cleaning service for the short-term Rental am able to help her with bills. If you stop the short-term rental now my mother can loss her mortgage. She's not in the good condition to return to work now." |
| Denise Griffith | Oak Lake | R0M 1P0 | "As long as any business is not engaged in something that is unlawful, I don't think that any level of government has the right to discriminate against them." |
| Kim Lloy | Winnipeg | R2k1s5 | "The government has too much say in everything we do. Enough already. People need to be able to make money to pay for this governments over spending" |
| Albert K | Winnipeg | R3L | "I Have a few Airbnbs and that's my main source of income. Therfore we don't have a choice but to fight this horrible regulations ..." |

| | | | |
|---|---|---|---|
| Mykhaylo Byelostotskiy | Winnipeg | R3Y1G4 | "So, the new mayor thinks it's short term rental responsible for all the problems that downtown Winnipeg has. Maybe it's worth considering other options, before depriving a place of living all those who while looking for a long term residence cannot afford a hotel. What will be the next move - ban Uber?" |
| Holly Jakab | Lorette | R0a0y0 | "For many this is their livelihood. For others it's memories, experiences and an opportunity for a brighter future. Those who stay in them get to sub merge themselves in areas where hotels may or may not exist (what hotel is situated on a lake in Manitoba?) while also allowing them the comfort of home. For those who are like myself, it's a chance to own that retirement home and be able to share it with others along the way. For others, it could mean a full time cleaning business opportunity or property." |
| Jamie Neville | winnipeg | R3J 1V8 | "As a local Wpg family … we used an air bnb twice last year in Wpg . One when we were listing our house to sell .. we needed a furnished place to stay with our family and |

| | | | |
|---|---|---|---|
| | | | dog .. it was perfect … second we had a sooner than anticipated possession date on our sale and a long possession date in new house .. we again rented an airbnb home for our family for several months. Without this we would have been screwed and things would have been very complicated and living very far away from my kids school. To note .. one of the neighbours of thr Airbnb just lost her husband and came over one day to ask me how she could rent the Airbnb so that her family could come from across Canada and be able to stay close to them. These are just personal examples but there are many more why air bnb need to stay in Winnipeg . When we travel to different cities we choose to stay in Airbnb to have the comforts of home with kids .. Wpg is missing out big time if this is not an option for our tourists!!!!!" |
| fred proctor | Halifax | B3N | "I love and support my sister and her great ideas!" |
| Joyce Mueller | Winnipeg | R2W | "Joyce mueller" |
| shelley pfeffer | Winnipeg | R3T | "It's an important option for travellers to our city" |
| Sidhu Winnipeg | Winnipeg | R3T | "Stalinjeet discussed about STR with me. Yes, I have been staying at Airbnb suites for about last 4 years. I can say its importance is even more than hotels today. As discussed with my friend, definitely it should be regulated but not banned." |
| Sandy Bellamy | Sechelt | V0N | "When I travel to Winnipeg, I'm with my family. And we need what Hotels don't offer. Cooking facilities and a place my kids can act like kids. We always rent whole-houses. Don't take away that choice." |
| Mercedes Canval | Edmonton | T6X | "It is important so it will help both parties the visitor and tenant, visitor can save money , hotels very expensive for many people and for tenants to help themselves with their normal expenses. It is not luxury . Think about it." |
| Cecilia Fernández | Winnipeg | R3C 1T7 | "Please do not close Airbnb in residential areas in Winnipeg or in any areas at all." |

| | | | |
|---|---|---|---|
| Harsha Chandrasena | Winnipeg | R3Y0P7 | "Because I have used short-term rentals and I think its a necessary element in our community for new immigrants as well as new house owners" |
| Karen SanFilippo | Winnipeg | R3X 1R4 | "I believe short term rentals are a vital & necessary resource for the growth of our city and for the people who come to stay here. People come for many different reasons and situations. Regulating length of stays will surely discriminate and limit some. We need to have choice & flexibility for all who use this valuable resource." |
| Haley Elliott | Winnipeg | R2c0j8 | "I'm signing because I use short term rentals a few times a year, and I think it's so important to have in Winnipeg!" |
| Linda Allden | Ste. Anne | R5H | "There are too many regulations as it is. Let people have a way to make some money and keep the bureaucrats out of the people's pockets." |
| Laura Loohuizen | Kenora | P9N | "Well managed STR options have a place in communities. We are both hosts and guests." |
| Michelle Smetana | Winnipeg | R2P 1C1 | "I don't believe that restricting the number of days a rental can be rented out during a year or requiring it being a primary residence will help protect anyone. There will still be renters and the chances of disturbances are the same. The VAST majority of renters are respectful and responsible. You have the same chances of getting an awful permanent neighbor." |
| Melanie Mitchell | Winnipeg | R2J 4C8 | "Excellent point Michelle!I sure hope that silly night cap rule does not end up in the final draft. I had guests stay for 6 weeks while their premie baby was clinging to life at the Health Sciences Center. How awful would it have been for me to have to ask them to leave 30 days into their stay … for no real reason?" |
| Jaclyn Christiansen | Winnipeg | R3T 4P2 | "AirBNB's help to grow the city and bring in tourism. Don't shut down." |
| Brendan Muzyka | Teulon | R0C | "AirBnbs create jobs, bring tourism and revenue to the communities they're in." |
| Marie Quinit | Winnipeg | R2V | "I have a property near HSC. I have had people stay at my property because they needed a place near the hospital. Someone requiring surgery that is out of town, a high risk pregnancy, a cancer patient and family visiting their loved |

| | | | one at the hospital. If the zoning restriction bylaw is approved, not only travellers will be limited with their accommodation options but patients requiring medical treatments." |
| Darren Voyer | Saskatoon | S7W | "Short term rentals need to be made available as a viable option." |
| Brent Dixon | Winnipeg | R2K | "We've had a STR in our primary residence for many years now, we contribute to the local economy by providing curated recommendations to many of the local businesses near us. We have no interest in hosting parties or anyone that would put us at risk, we actively filter and report those guests. Our hosting arrangement does not affect the supply of LTR availability in the city (we would have have a long term tenant) and have never had to call for police/fire (unlike many of the LTR's around us). The city should not be regulating the use of a room in my primary residence..." |
| Melanie Cardinal | Winnipeg | R3N | "Our city needs a diversity of accommodations to attract all types of tourists/visitors. Being viewed as an accessible city by tourists and visitors alike depends on it! As a frequent traveller, I often stay at str's for a variety of reasons and sometimes at hotels depending on my needs/trip duration etc. Limiting str's will have an overall negative effect on our city. What we need is well thought through regulation to weed out the bad apples but PLEASE do NOT throw the baby out with the bath water. It's possible for the hotel and str industries to co-exist in the same market." |
| Leslie Compayre | Snow Lake | R0B | "I use them all the time when I come to Winnipeg from Churchill for medical or family visits. I like being able to wash my clothes right in the suite or have my family over for a meal" |
| Slava Revzin | Winnipeg | R2J | "We need airbnbs in our community for the people needs homes over hotels." |
| Neela Kati | Winnipeg | 3v 1a3 | "Air BNB's are so much more personal than staying in huge hotels. They have different amenities right at your fingertips and so often in nice areas where you can enjoy |

| | | | the parks and pathways nearby. It's just more of a home like feel when you're away from home." |
| Agatha Frisby | Grafton | 58237 | "Short term rentals are our preferred way to travel anywhere. This allows us to immerse ourselves in a community for our stay, eating at neighborhood restaurants, and visiting off the beaten path sites, parks, and shops. It is a better way for us to experience a city than staying at a hotel and eating at nearby restaurants chains. And STR are much more comfortable for traveling with our family since we are staying in homes that provide multiple bedrooms and full kitchens." |
| Dorothy Hnylycia | Winnipeg | R3N | "I'm a Airbnb owner. It adds toOur quality of life as we can own a place for us and others to enjoy!" |
| Kayode Oderemi | Winnipeg | R3T | "Winnipeg needs this to strengthen its Tourism industry." |
| Karla Clarete | Winnipeg | R2P 1T2 | "I support small business owners in Winnipeg and Manitoba!" |
| Cam DAVIE | Brandon | R7A 4M2 | "As an AirBnB host in Brandon, I support other AirBnB hosts trying to run legitimate businesses. I agree that as business owners we must be responsible and keep our guests safe, so I encourage responsible Legislation, not heavy handed legislation designed to destroy small business owners and support corporate hotel chains." |
| Tamara Zhdanova | Vladivostok | | "Airbnb helps people to travel or even immigrate to Canada. If you like to stay somewhere longer than for a few days Airbnb is the best option because it's cheaper than in a hotel and you still can rent it not for whole year like a regular renting apartment." |
| Susan Jurkowski | Winnipeg | R3R | "I support small business owners in Winnipeg, and after reading the responses regard who is using Airbnb's outside of vacations options, I fully support this petition." |
| Kristyn Allard | Winnipeg | R2J 0A8 | "Overreaching on the city's part." |
| Michelle Baril | Aubigny | R0G 0C0 | "Government should not regulate all free enterprise!" |
| Angela Uta | Winnipeg | R2V1 V6 | "As a family who likes to travel, I always choose airbnb, why? because we still get the type of privacy we need as we would in our own home. Ive always disliked hotels if I |
