Reaching out to expectant and new families

December 8, 2022

To whom it may concern:

Re: Support for Trinity United Church's washroom reno grant application

Healthy Start offers a prenatal and postnatal community group at Trinity United Church for 15 to 40 families each week. Our program focuses on health, wellness and offers a place for families to connect with service providers and break isolation. All people are welcomed and we work with many low-income, resilient families who want to learn about having and nurturing a healthy baby.

As a weekly community user of Trinity United Church for our pregnancy and parenting groups, we would like to offer a letter of support for Trinity's grant application to renovate the washrooms and provide a barrier-free experience for everyone.

We have been a user-group at Trinity United Church for many years and the church has provided a warm, safe and inviting space for our program and participants. A washroom renovation would provide great inclusive use by all people who access our program within their lovely space.

Thank-you for giving us an opportunity to voice our support.

Sincerely,

Davorka Monti
Executive Director
