COUNCIL DECISION:

Council concurred in the recommendation of the Standing Policy Committee on Property and Development and adopted the following:

1. That the subdivision proposed under Development Application No. DASZ 61/2022 be approved for preparation as a plan of subdivision (the “Plan”) by a Manitoba Land Surveyor in accordance with the proposed by-law attached as Appendix “B” to this report and as shown on the map dated September 18, 2023, and attached as Schedule “A” to this report, with such minor changes as may be required, and registration in the Winnipeg Land Titles Office, subject to the following conditions.
 - A. That the developer be required to enter into a Development Agreement with the City pursuant to subsection 259(1) of The City of Winnipeg Charter in accordance with the report of the Administrative Coordinating Group dated September 15, 2023 and attached as Schedule “B” to this report, with the following amendment:
 - i. Amend Condition 24) b) by adding “and the Lord Selkirk-West Kildonan Community Committee” immediately after “the Director of Public Works”
2. That the Winnipeg Zoning By-law No. 200/0606 be amended by rezoning the subject land to an “R1-M” Residential Single-Family (Medium) District; “R2” Residential Two-Family District; and “PR-1” Parks and Recreation (Neighbourhood) District in accordance with the proposed by-law attached as Appendix “B” to this report and as shown on the map dated September 19, 2023 and attached as Schedule “A” to this report, subject to the following conditions:
 - A. That the developer enter into a Zoning Agreement with the City pursuant to subsection 240(1) of The City of Winnipeg Charter in accordance with the following:

Report – Standing Policy Committee on Property and Development – October 6, 2023

COUNCIL DECISION (continued):

- i. All single-family and two-family residential lots backing onto the future Chief Peguis Trail, shall be of sufficient depth to provide a minimum rear-yard setback which together with other sound attenuation measures such as a berm and/or noise attenuation fence achieve the City's Motor Vehicle Noise Policies and Guidelines sound-level limit of 65 dBA in the typical outdoor recreation area of those lots, to the satisfaction of the Director of Public Works.
3. That the City enter into, execute and deliver with the Developer
 - A. Development Agreement in accordance with Recommendation 1; and
 - B. Zoning Agreement in accordance with Recommendation 2,and such other agreements as determined necessary by the City Solicitor/Director of Legal Services to implement the intent of the foregoing (the "Ancillary Agreements").
4. That authority be delegated to the Director of Planning, Property and Development (the "Director") to negotiate and approve the terms and conditions of the Development/Servicing Agreement, the Zoning Agreement and any Ancillary Agreements in accordance with this report and such other terms and conditions determined necessary by the City Solicitor/Director of Legal Services to protect the interests of the City.
5. That Caveat No. 5151900/1 be discharged as it affects Block 1, Plan 70591.
6. That, upon instruction from the Director of Planning, Property and Development, the Director of Legal Services/City Solicitor prepare a By-law in accordance with this report (the "By-law") and bring same directly to Council by way of communication for first reading.
7. That upon instruction from the Director of Planning, Property and Development that the Developer has submitted the Plan in accordance with Recommendation 1 and has paid all associated ancillary fees (the "Fees"), and subject to s. 236.1 of The City of Winnipeg Charter, the Director of Legal Services/City Solicitor be directed to return the By-law directly to Council by way of communication for second and third reading.

Report – Standing Policy Committee on Property and Development – October 6, 2023

COUNCIL DECISION (continued):

8. That Development Application No. DASZ 61/2022 will be deemed to be concluded and all approvals in connection with this matter will expire if the developer has not submitted the Plan and paid all associated ancillary fees (the “Fees”) within 2 years following the date on which Council gives first reading to the By-law unless the developer applies for an extension of time before the expiration of the 2 year period and Council approves the extension.
9. That the subdivision section of the By-law will come into force when the Development Agreement is fully executed and the Plan is registered in the Winnipeg Land Titles Office.
10. That the zoning section of the By-law will come into force when the Zoning Agreement is registered in the Winnipeg Land Titles Office by way of caveat against the lands described therein.
11. That the By-law will be repealed without coming into force 1 year after the date it is enacted if the Plan is not registered in accordance with recommendation 8 unless the developer applies for an extension of time before the expiration of the 1-year period and Council approves the extension.
12. That Development Application No. DASZ 61/2022 will be deemed to be concluded and all approvals in connection with this matter will expire if the developer fails to secure all necessary Plan approval signatures on behalf of the City within 1 year after the date on which the By-law is enacted unless the developer applies for an extension of time before the expiration of the 1-year period and Council approves the extension.
13. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.
14. That the Variance Order for File No. DAV 157061/2023D shall not come into force and effect until the coming into force and effect of the zoning by-law for the subject land under File DASZ 61/2022.

Note: The wording in bold and italics denotes amendments made by the Community Committee.

The Lord Selkirk-West Kildonan Community Committee provided the following supporting reasons for its recommendation:

1. We have seen this neighbourhood grow over the years, thanks to the area Councillor as well as really good partners with the developers; always coming in with thoughtful consideration of the community and meeting the needs and demand for immigration and families that come here, especially students, and its such a growing northwest quadrant that I actually live in the neighbourhood too so I have seen it grow over the last couple of years and its been a privilege sitting on this committee to watch this neighbourhood grow so with that, it seems to be very effortless and very clean thanks to the administration for coming with always the answers at hand, and its is a very complicated file.
2. I am excited to see this phase finished off over the next coming years.

10. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.
11. That the Variance order for File No. DAV 23-157061/D shall not come into force and effect until the coming into force and effect of the zoning by-law for the subject land under File DASZ 61/2022.

REASON FOR THE REPORT

- The applicant intends to subdivide and rezone approximately 22.52 acres of land in Precinct 'G' in order to establish 74 residential lots, 1.45 acres of Public Reserve, and open public right-of-ways.
- The proposed subdivision and rezoning would represent the eleventh phase of the “Aurora at North Point” community, which is generally bound by Ferrier Street (east); McPhillips Street (west) North Point Boulevard; Murray Avenue (north); and the future Chief Peguis Trail extension (south).
- Rezoning applications require a public hearing as per the Development Procedures By-law and The City of Winnipeg Charter.
- The Report is being submitted for the Committee’s consideration of the development application at the Public Hearing.

OURWINNIPEG 2045 POLICY ALIGNMENT

City Building Objective 1: Responsibly plan, prioritize and accommodate growth in areas that best support Complete Communities principles, to achieve this Plan’s sustainable development goals. Facilitate growth and change strategically within Winnipeg’s unique Transformative Areas and Established Neighbourhoods.

01-1a OurWinnipeg Approach to City Building: Promote compact urban form and manage the extension of municipal services for new growth. Support new developments that are contiguous with existing developments to minimize the spatial use of land and the extension of services.

WINNIPEG CLIMATE ACTION PLAN ALIGNMENT

Strategic Opportunity #4: Facilitate Compact, Complete Development and Increase Density.

DISCUSSION

SITE DESCRIPTION

- The subject site is located on the west side of Ferrier Street Between Murray Avenue (north) and the Future Chief Peguis Trail Extension Corridor (south), in the West Kildonan Industrial Neighbourhood of the Old Kildonan Ward.
- The subject site is +/- 22.52 acres in lot area and zoned “A” Agricultural District.
- Under *OurWinnipeg* and *Complete Communities*, the property is within the “Transformative Areas – New Communities” policy area and located in Precinct ‘G’.
- Under the *Precinct ‘G’ Secondary Plan By-law*, the property is within the “Medium Density Residential”, “Low Density Residential”, and “Limited Development” policy areas.

SURROUNDING LAND USE AND ZONING (See Figure 2)

North: Lands zoned “RMF-S” Residential Multi-family (Small) under DASZ 32/2021, and Murray Avenue.

South: Future extension of Chief Peguis Trail.

East: Ferrier Street; then vacant land zoned “A” Agricultural District.

West: Lands zoned “RMF-L” Residential Multi-family (Large), “RMF-S” Residential Multi-family (Small), and “R1-M” Residential Single-family (Medium) under DASZ 32/2021.

Figure 2: Zoning of the Site and Surrounding Area

DESCRIPTION OF THE PROPOSED DEVELOPMENT

- The applicant is proposing to subdivide and rezone +/-22.52 acres of land from an "A" Agricultural District to facilitate the continuation of the Aurora at North Point Neighbourhood through the creation of the lots, Public Reserve and public rights-of-way for future residential development (Figure 3).
- The proposed subdivision includes 10 acres of low density residential zoning districts, ("R1-M" Residential Single-Family (Medium) District and "R2" Residential Two-Family District) as well as "PR1" Parks and Recreation 1 District (1.45 acres of Public Reserve), as well as rights-of-way. The proposed subdivision will create seventy-four (74) residential zoning lots, exceeding the 7-unit per acre density requirement of the Precinct 'G' Plan. Three (3) blocks within this area will remain zoned "A" Agricultural District.
- Approximately 12 acres of the subject site will be allocated as future Chief Peguis Trail right-of-way, and approximately 0.48 acres of residual land to be developed under a future phase (Phase 11B).
- Under Phase 11B, Ferrier Street would be closed to allow the realignment of a north-south right-of-way in order to meet proper intersection safety standards for the alignment of the Chief Peguis Trail extension.
- **The application also results in the opening of public rights-of-way, including the extension of Pegasus Street, North Point Boulevard and Avoir Drive, in addition to one new street). Sidewalks are proposed along one side of every street.**
- Plans of development have not been submitted at this time.

- In addition to the proposed subdivision and rezoning, Variances are also required to accommodate aspects of the proposed development. A Variance application has been submitted under file DAV 23-157061\D. Please refer to the Planner's report for analysis on the proposed Variances.

Proposed Subdivision and Rezoning (Figure 3):

As noted, a total of seventy-four (74) lots are proposed under the subject application. The proposed plan of subdivision and rezoning is described in more detail as follows:

- **Block 1** would be subdivided into 6 lots and zoned “R1-M” Residential Single-Family (Medium). These lots would be backing onto Murray Avenue. Future development would include front access driveways.
- **Block 2** would be subdivided into 12 lots and zoned “R2” Residential Two-Family. Future development would take access to a back lane.
- **Block 3** would be subdivided into 16 lots and zoned “R1-M” Residential Single-Family (Medium) backing onto the proposed “PR-1” Parks and Recreation 1 (Neighbourhood) zoned public reserve. Future development would include front access driveways.
- **Block 4** would be subdivided into 17 lots and zoned “R1-M” Residential Single-Family (Medium). Future development would include front access driveways.
- **Block 5** would be subdivided into 23 lots, with 11 zoned “R1-M” Residential Single-Family (Medium) and 12 lots zoned “R2” Residential Two-Family. Future development would include front access driveways.

Figure 3: Proposed Plan of Subdivision and Rezoning

- **Blocks 6 (0.08 acres), 7 (0.24 acres) and 8 (12.16 acres)** would remain zoned “A” Agricultural District. These blocks will be required to accommodate the future widening of Chief Peguis Trail per the Chief Peguis Trail Functional Design Study.
- **A 1.45 acre Public Reserve is proposed as land dedication and to be zoned “PR-1” Parks and Recreation 1 (Neighbourhood).**

COLLABORATIVE PLANNING

- In 2020, the applicant submitted a Pre-Application including two (2) different options for development of the subject lands.
- Following the pre-application process, the applicant engaged in a number of discussions with the Winnipeg Public Service, engaging the Public Service prior to submitting the subject application, and revising their proposal based on feedback to provide a mutually agreeable proposal.
- The proposed plan of subdivision was revised in order to consider land requirements for the Chief Peguis Trail extension.
- The applicant also discussed the proposed plan with the Parks Planner in the period following the submission of the subject application, specifically the size, layout and siting of park space away from collector streets.

ANALYSIS AND ISSUES**OURWINNIPEG AND THE COMPLETE COMMUNITIES DIRECTION STRATEGY**

- Under *OurWinnipeg* and *Complete Communities* the proposed development is within the “New Communities” Policy Area (Precinct ‘G’) where the following policy applies:
 - *The development of New Communities will be supported by a planning process and organized within planning precincts.*
- A Planning Process has occurred and the *Precinct ‘G’ Secondary Plan By-law* has been adopted by Council as By-law 5/2018.

PRECINCT ‘G’ SECONDARY PLAN BY-LAW

- The land use concept under the Precinct Plan consists of a series of policy areas that define the future land use pattern of Precinct ‘G’.
- Key policies that are relevant to the subject application include the following:
 - *3.1 Low Density Residential Policy Areas:*
 - *Single-family dwellings, two-family dwellings, and ground-oriented townhouses shall be the predominant use of land.*
 - *The minimum net density should be 7 units per acre over the entirety of the Low-Density Residential Policy Areas.*
 - *Parks and open spaces may be provided in Low Density Residential Policy Areas and sized to meet active and passive recreational needs of residents and visitors.*
 - *3.2 Medium Density Residential Policy Areas:*
 - *Multi-family and two-family residential developments shall be the predominant use of land.*
 - *Medium Density Neighbourhood Policy Areas shall achieve a minimum net density of 15 units per acre.*

- *Single-Family housing is discouraged but may be accommodated when it has been demonstrated that a net density of 15 units per acre can be achieved.*
- *3.4 Limited Development policy Area:*
 - *No neighbourhood development shall be permitted in the Limited Development Policy Area portion of sub-area 4a until the alignment of the future Chief Peguis Trail extension has been determined and approved by Council.*
 - *The boundary of the Limited Development Policy Area in sub-area 4a will be consistent with that of the future Chief Peguis Trail right-of-way once the alignment of Chief Peguis Trail has been approved by Council. Once the Chief Peguis Trail right-of-way alignment has been approved by Council, lands previously designated as Limited Development shall be designated as Low Density Residential.*
- *3.5 Parks and Open Space:*
 - *Parks and Open Space areas are appropriate in any land use policy area.*
 - *The location, size, and configuration of the parks and open spaces will be determined at the Development Application stage in accordance with the following:*
 - *A minimum of one neighbourhood-scale small park (0.50-acre minimum) should be provided per sub-area and a minimum of one large (15 or more acres) or two smaller (7 or more acres) community-scale park(s) shall be provided for organized sports.*
 - *Size, orientation, configuration and location of parks shall be appropriate for the intended use.*
 - *Parks should be distributed to achieve a 400 metre walking distance to most residences.*
 - *Community-scale parks should generally be located on a collector street.*
 - *Neighbourhood parks should generally be located on local streets.*
 - *To balance the provision of parks and open space, a minimum of 30% of the park area shall be allocated to active use and a minimum 30% of the park area shall be allocated to passive use.*
 - *Subdivision designs within the Precinct should integrate and capitalize on park placement as a network itself and as part of the continuous and integrated walking and cycling network to enhance connectivity between key features (including but not limited to schools, commercial areas, existing walking and cycling paths) within and beyond the precinct.*
- The proposed subdivision and rezoning would achieve the Precinct Plan policy requirements for net density targets for each policy area.
- Although a portion of the planned area is within the Limited Development Policy Area, the Chief Peguis Trail extension alignment was approved in a Council endorsed report on June

20, 2019; therefore, the “Low Density Residential” policies apply, which allow for single-family, two-family dwellings, and ground-oriented dwellings as the predominant use of land.

CITY OF WINNIPEG ZONING BY-LAW 200/2006

The applicant is proposing to subdivide the subject site and rezone lands to the following zoning districts:

- The “R1-M Residential Single-Family District is intended to accommodate primarily single-family residential development in lower-density neighbourhoods.
- The “R2” Residential Two-Family District is intended to accommodate the development of single and two-family, limited multi-family units in lower density neighbourhoods units.
- The “PR1” Parks and Recreation 1 (Neighbourhood) District is intended for sites that are generally passive neighbourhood and community parks and facilities with predominantly pedestrian and cyclist access.

Collectively, the above zoning districts provide a selection of housing types that are important to help meet the lifecycle needs of Winnipeg residents. The proposed zoning districts enable the development within the precinct to meet the residential density targets identified in the Precinct Plan.

COMPATIBILITY WITH THE SURROUNDING AREA

The proposed subdivision and rezoning would represent the eleventh phase of the “Aurora at North Point” community, which is generally bound by Ferrier Street (east); McPhillips Street (west); Murray Avenue (north); and the future Chief Peguis Trail extension (south).

In terms of compatibility with the area surrounding the proposed development area:

- Lands west of the subject planned area are within the Precinct ‘G’ Plan and have been approved for development of residential uses in accordance with the Precinct G Plan (DASZ 32/2021).
- Lands to the south of the subject planned area are also within Precinct ‘G’ and future development (Phase 11B) will be evaluated under the relevant policies of the Precinct Plan, as well as land earmarked for the future Chief Peguis Trail extension and related works.

RECOMMENDATION

The Urban Planning Division recommends **approval with conditions** for the following reasons:

- The subdivision and rezoning application would generally comply with the *Complete Communities Direction Strategy*, and with the *Precinct ‘G’ Secondary Plan By-law*, subject to conditions of approval, and would be compatible with the surrounding area.

SCHEDULE B**REPORT OF THE ADMINISTRATIVE COORDINATING GROUP**

RE: PROPOSED SUBDIVISION AND REZONING OF LAND BOUNDED BY MURRAY AVENUE, FERRIER STREET, FUTURE CHIEF PEGUIS TRAIL AND NORTH POINT BOULEVARD (AURORA AT NORTH POINT PHASE 11A)

It is recommended that approval of DASZ 61/2022, if granted, be subject to the applicant entering into a Development Agreement containing the following conditions:

Section I – Engineering Studies

- 1) The Developer shall, at no expense to the City, conduct geotechnical investigations and develop pavement designs in accordance with the City's "Guidelines for Site Investigation Requirements for Public Works Street Projects", all to the satisfaction of the Director of Public Works.
- 2) The Developer shall provide a comprehensive servicing report, prepared by a qualified municipal engineer, which shall outline the provision of underground services required for the Planned Area and adjacent lands, as determined by and to the satisfaction of the Director of Water and Waste.
- 3) The Developer shall submit Servicing Criteria Sheets for water, wastewater and land drainage facilities, including plans showing the current and ultimate service areas, as determined by and to the satisfaction of the Director of Water and Waste.

Section III - Servicing Conditions

- 1) **Water Mains**

The Developer shall, at no expense to the City, construct and install all water mains required to serve the Planned Area and adjacent lands as indicated by the servicing report, to the satisfaction of the Director of Water and Waste.

- 2) **Wastewater Sewers**

The Developer shall, at no expense to the City, construct and install all wastewater sewers required to serve the Planned Area and adjacent lands as indicated by the servicing report, to the satisfaction of the Director of Water and Waste.

- 3) **Land Drainage Sewers**

- a) The Developer shall, at no expense to the City, construct and install all land drainage sewers required to serve the Planned Area and adjacent lands as indicated by the servicing report, to the satisfaction of the Director of Water and Waste.
- b) The Developer shall pay to the City if required, in cash, on demand, their share of the cost of land drainage lateral sewer oversizing (if applicable), as determined by and to the

satisfaction of the Director of Water and Waste.

- c) The Developer shall pay to the City if required, in cash, on demand, their share of the cost of the regional land drainage system, as determined by and to the satisfaction of the Director of Water and Waste.

4) Lot Line Connections

- a) The Developer shall, at no expense to the City, construct and install wastewater and water building services from the wastewater sewers and water mains to service all single-family and two-family lots within the Planned Area, as determined by and to the satisfaction of the Director of Water and Waste.
- b) The Developer shall ensure that the private sewer service for each single-family and two-family lot remains plugged from installation until the foundation excavation has been backfilled and the roof of the dwelling has been sheathed, after which the private sewer service pipe may be connected to the wastewater system, and the Developer will indemnify the City against all actions, claims, demands, damages, losses and costs, including legal and court costs, suffered or incurred by the City arising out of any failure to do so.
- c) The Developer shall replace or repair, to the satisfaction of the Director of Water and Waste, any water service pipe or private sewer service pipe determined by the Director of Water and Waste to be defective within one year following the date the water to the lot serviced by that water service pipe or private sewer service pipe is turned on by the City for domestic use, and shall pay to the City any and all costs incurred by the City associated with any such defect.

5) Lot Grading

- d) The Developer shall, at no expense to the City and prior to the issuance of any building permit in respect of the Planned Area, provide a lot grading plan, prepared by a municipal engineer, for the Planned Area, and construct all drainage works necessitated by the lot grading plan of record to the satisfaction of the Director of Water and Waste.
- e) Prior to the issuance of any building permits in respect of the Planned Area, the Developer shall, at no expense to the City, construct all swales, catch basins and leads required to provide lot drainage within the Planned Area.
- f) Upon registration of the approved subdivision mylars in the Land Titles Office, the Developer shall, at no expense to the City, grant to the City and register easements in respect of all swales, catch basins and leads for lot drainage within the Planned Area.

6) Pavements

The Developer shall, at no expense to the City, construct 150mm and 200mm thick Portland cement concrete pavements, 7.5m, 8.0m, and 10.0m in width, and all related works, including but not limited to ornamental street lighting, boulevard landscaping and land drainage facilities, in all streets within the Planned Area, all as determined by and to the satisfaction of the Director of Public Works.

7) Sidewalks/Pathways

- g) The Developer shall, at no expense to the City, construct 1.5m and/or 1.8m wide by 100mm thick Portland cement concrete sidewalks, and all related works, on the standard alignment, 0.3m from the property line, and/or on an alignment as determined by the Public Works Department, to the satisfaction of the Director Public Works, as shown on Map 2 below.
- h) The Developer shall grant to the City, at no expense to the City, any snow storage easements as may be necessitated by the sidewalk alignment, as determined by and to the satisfaction of the Director of Public Works.
- i) The Developer shall construct sidewalks where possible concurrently with the pavements with which they share the right-of-way, as determined by and to the satisfaction of the Director of Public Works.

8) Traffic Calming and Traffic/Pedestrian Control Devices

- a) The Developer shall, at no expense to the City, construct traffic calming devices, and all related works, on the most southern east-west local Public Road within the Planned Area, as determined by and to the satisfaction of the Director of Public Works.
- b) The Developer shall pay to the City, in cash, on demand, the costs of the appropriate traffic control device/pedestrian crossing control, and all related works within the Planned Area and on North Point Boulevard, as determined by and to the satisfaction of the Director of Public Works.

9) Recoveries for AG 40/15

The Developer shall pay to the City, in cash, on demand, their share of the works previously completed or to be completed as part of AG 40/15, including the works associated with McPhillips Street intersection improvements, McPhillips Street and Murray Avenue intersection improvements, traffic control signals at the intersection of McPhillips Street and North Point Boulevard and traffic control signals at the intersection of McPhillips Street and Murray Avenue, all as determined by and to the satisfaction of the Director of Public Works.

10) Ferrier Street and Murray Avenue Intersection

- a) The Developer shall pay to the City, in cash, on demand, their share of the costs associated with the installation of traffic control signals and all related works including, but not limited to, pedestrian and vehicular actuation and interconnection to adjacent traffic-control signals, countdown, and audible pedestrian signals at the intersection of Ferrier Street and Murray Avenue, as determined by and to the satisfaction of the Director of Public Works.
- b) The Developer shall pay to the City, in cash, on demand, their share of the costs of intersection improvements at the intersection of Ferrier Street and Murray Avenue, as determined by and to the satisfaction of the Director of Public Works.

11) Share of Future Improvements

- j) The Developer shall pay to the City, in cash, on demand, their share of the cost of the following services to be installed in Murray Avenue along the full length of the Planned Area abutting the south side of Murray Avenue:
 - i) an 8.0m wide by 200mm thick Portland cement concrete lane of pavement and all related works;
 - ii) a 1.5m by 100mm thick Portland cement concrete sidewalk;
 - iii) street lighting in the south boulevard;
 - iv) landscaping in the south boulevard; andall as determined by and to the satisfaction of the Director of Public Works.
- k) The Developer shall pay to the City, in cash, on demand, their share of the cost of the following services to be installed in Ferrier Street along the full length of the Planned Area abutting the west side of Ferrier Street:
 - v) 8.0m wide by 200mm thick Portland cement concrete lane of pavement and all related works;
 - vi) asphalt pathway in the west boulevard;
 - vii) street lighting in the west boulevard;
 - viii) landscaping in the west boulevard; andall as determined by and to the satisfaction of the Director of Public Works.

12) Fencing

- a) The Developer shall, at no expense to the City, construct within the rear yards of all one and two-family lots abutting the future Chief Peguis Trail, a 2.0m high noise attenuation fence, as determined by and to the satisfaction of, the Director of Public Works.
- b) The Developer shall permit the City to file a caveat against the title of each such lot, requiring the owner(s) to maintain and/or repair/replace the fence as originally constructed, to the satisfaction of the Director of Public Works.

13) Lot Setbacks

All single-family and two-family residential lots backing onto the future Chief Peguis Trail, shall be of sufficient depth to provide a minimum rear-yard setback which together with other sound attenuation measures such as a berm and/or noise attenuation fence achieve the City's Motor Vehicle Noise Policies and Guidelines sound-level limit of 65 dBA in the typical outdoor recreation area of those lots, and the Zoning Agreement covering those lots shall stipulate this minimum rear yard.

14) Private Approaches

- a) There are to be no private approaches serving single or two-family residential development off residential collector streets (i.e. rights-of-way measuring 22.0m or greater in width).
- b) Private approaches serving R2 and RMF-S lots without a public lane shall be joint use and there shall be 6.1 metres between the edge of the private approach flares between lots, measured at the curb, as determined by and to the satisfaction of the Director of Public Works.

15) Temporary Dead-End Streets

- a) The Developer shall, at no expense to the City, construct a paved cul-de-sac-style vehicle turnaround at the terminus of each temporarily dead-ended street within the Planned Area, and provide to the City any rights-of-way or easements necessary to accommodate same, all as determined by and to the satisfaction of the Director of Public Works.
- b) The Developer shall, at no expense to the City, erect and maintain barricades and signage, across the full width of any streets which are temporarily dead-ended due to phasing of development, immediately upon completion of the paving or when house construction has begun, whichever is sooner, as determined by and to the satisfaction of the Director of Public Works.

16) Two Means of Vehicle Access

The Developer shall, at no expense to the City, ensure that two paved means of vehicular access are available at all times through all stages of development of the Planned Area to the satisfaction of the Director of Public Works. This may require the construction of temporary paved roadways and the provision of easements or right-of-way.

17) Boulevards

- a) The Developer shall, at no expense to the City, sod and plant trees on all boulevards within and fronting on the Planned Area, all in accordance with City specifications and guidelines and, where required, with concept plans prepared by the Developer and submitted to, and approved by, the Director of Public Works.
- b) The Developer shall, at no expense to the City, maintain the sod for a period of one year and the trees for a period of two years, in accordance with specifications approved by the Director of Public Works.

18) Signage

The Developer shall, at no expense to the City:

- ix) obtain approval of and install, prior to construction, and subsequently maintain, at the entrances to the Planned Area, development information signs, containing no advertising, and showing the Planned Area, zoning information, a north directional arrow, proposed sidewalks, walkways, active transportation facilities, community mail

boxes, parks, land drainage retention facilities, natural tree stands, multiple family sites, commercial sites, collector and arterial streets, McPhillips Street, Murray Avenue, Ferrier Street, and the future Chief Peguis Trail, all with the approval of, and to the satisfaction of, the Director of Planning, Property and Development; and,

- x) supply and install trail network signage and trail related traffic signage, on pathways and Active Transportation corridors, consistent with standards and specifications applied to similar citywide networks, or an alternative standard proposed by the Developer, as determined by, and to the satisfaction of, the Directors of Public Works and Planning, Property, and Development.

19) Street Name Signs

The Developer shall, at no expense to the City, cause to be installed standard reflectorized permanent street name signs to be installed at all new street intersections being created as a result of the subdivision.

20) Construction Traffic

- a) The Developer shall ensure that construction traffic uses access routes as determined by the Director of Public Works.
- b) The Developer shall maintain, at no expense to the City, the access routes in a clean, dust free and safe condition, free of dropped and tracked-on mud, and shall undertake regular scraping and sweeping of streets until building construction, including landscaping is complete, all as determined by and to the satisfaction of the Director of Public Works.

21) Utilities

- a) The Developer shall, at no expense to the City, cause underground electrical and telephone services to be installed to serve the Planned Area and will pay the full cost to convert any existing overhead services within the Planned Area to underground to the satisfaction of the Director of Public Works.
- b) The Developer shall pay all costs associated with the relocation of street lights and other utilities made necessary as a result of, or required to accommodate, the works to be constructed by the Developer to serve the Planned Area, as determined by and to the satisfaction of the Director of Public Works.

22) Litter and Refuse Control and Clean-Up

- a) The Developer shall, at no expense to the City, and of its own volition, initiate and control the regular cleanup of litter and refuse from the contractors and builders for this development, both on-site and off-site, during the installation of services and construction of buildings, until substantial completion of all construction, as determined by and to the satisfaction of the Director of Public Works.
- b) The cleanup of litter and refuse shall be done on a regular basis as determined by the Director of Public Works. This shall include initiating action and assuming any costs in remedying the situation to the satisfaction of the Director of Public Works.

23) Survey Monuments

- a) Subsequent to completion of the Planned Area, as determined by the Director of Planning, Property and Development, the Developer shall pay the full costs of having all survey monuments within the Planned Area verified and/or restored by a Manitoba Land Surveyor and shall prepare a Plan of Survey Perpetuating Certain Monuments, confirming the position of all the survey monumentation within the Planned Area, for filing in the Winnipeg Land Titles Office.
- b) In certain circumstances where all the survey monuments within the Planned Area have been found or restored to their original positions, upon approval by the Director of Planning, Property and Development, the requirements for Plan of Survey Perpetuating Certain Monuments may be waived.

24) Public Reserve

- a) The Developer shall dedicate as Public Reserve at least 8% of the land contained within the overall development area and shall, at no expense to the City, undertake landscaping and improvements, and pay its share of the cost of services in streets abutting the dedicated land all in accordance with plans and specifications approved by the Director of Public Works and the Director of Planning, Property and Development. If the Developer is unable to dedicate a full 8% of the land (including by accrual of dedication), the Developer shall dedicate an amount of land satisfactory to the Directors of Public Works and Planning, Property, and Development, and compensate the City for any shortfalls in the amount of land, servicing and improvements not provided, at the then current values, by payment of cash, or, by the provision of an equivalent value of additional site amenities in the Public Reserve, as approved by the Directors of Public Works and Planning Property and Development.
- b) The Developer shall install, at no expense to the City, the following standard landscaping and improvements within the Public Reserve(s), in accordance with Park Development Guidelines, Park Standards (draft) and plans and specifications all as approved by the Director of Public Works:
 - xi) Grade, level and vegetate;
 - xii) Construct primary pathway(s);
 - xiii) Provide tree plantings;
 - xiv) Install core amenities, including a playground, picnic area, and multiple use space.
- c) Landscape improvements of the Public Reserve lands shall be done in accordance with plans and specifications provided by the Developer and approved, prior to the commencement of construction, by the Director of Public Works and the Director of Planning, Property and Development.
- d) The Developer shall ensure that land drainage from adjacent properties is not directed to, nor impacting, the public reserve.

- e) The Developer shall, at no expense to the City, provide continuous fencing within the Developer-Owned Land for properties abutting the Public Reserve land(s), as determined by and to the satisfaction of the Director of Public Works. The Developer shall permit the City to file a caveat against the title of each such lot, requiring the property owner(s) to maintain and/or repair/replace the fence as originally constructed, to the satisfaction of the Director of Public Works.
- f) The Developer shall assume responsibility for all public reserve sites until they are developed, and throughout the maintenance period until Final Acceptance Certificate for Parks has been issued by the Director of Public Works.
- g) The Developer shall, at no expense to the City, maintain the public open space improvements and amenities for a period of two years, in accordance with the Parks Maintenance Guidelines and specifications approved by the Director of Public Works. Commencement of the maintenance period will correspond with the issuance of Total Performance for Parks and shall be deemed concluded by the issuance of a Final Acceptance Certificate for Parks. The City reserves the right to impose longer maintenance terms for amenities and features, such as naturalized areas, that the Director of Public Works deems to be beyond the standard scope of development.
- h) Public Reserve improvements should be undertaken by the time the build out has reached 80% and completed before reaching 100%, unless an extension of time has been previously approved, in writing, by the Director of Public Works.
- i) Securities for Public Reserve improvements shall not be released in full until Final Acceptance has been issued and as-built drawings have been received and accepted as complete by the Director of Public Works.

Section IV – Costs and Fees

1) By-laws and Approvals

The Developer shall pay all of its and the City's costs, fees, and expenses associated with the preparation and attainment of approval for registration of the Zoning By-law(s) and plan(s) of subdivision, including all Municipal Board, Land Titles Office and other fees and expenses, all survey, engineering and advertising fees and costs, and all expenses incidental to the preparation of this Agreement and the physical development of the Planned Area.

2) Professional Fees

- a) The Developer shall pay the full cost of all design services, including preliminary engineering studies, servicing reports, servicing criteria, construction drawings and specifications, and grading and landscaping plans and specifications, to be provided by Consulting Engineer(s) approved by the City, for the design of the municipal services, parklands, parkways and associated works required to serve the Planned Area;
- b) The Developer shall pay the full cost of construction and landscaping supervision services provided by or on behalf of the City for field inspection, preparation of progress estimates, provision of as-built drawings by March 31 of the year following substantial performance

of the work, and all other engineering consulting services related to the installation and acceptance of municipal services, and all associated works to serve the Planned Area.

- c) The Developer shall pay to the City, in cash, prior to the release of subdivision mylars for registration in the Winnipeg Land Titles Office, their share of the cost of consulting fees for the preparation of the Precinct G Local Area Plan, as determined by and to the satisfaction of the Director of Planning, Property and Development.

3) Administration Fees

The Developer shall pay to the City, prior to the release of the subdivision mylars for registration in the Land Titles Office, an administration fee plus applicable GST to help defray the City's administration and related costs associated with the preparation and implementation of the Development Agreement.
