EXECUTIVE SUMMARY

On June 16, 2021, the Executive Policy Committee directed the Indigenous Relations Division (IRD) to engage in consultations with Indigenous people, including but not limited to residential school survivors, Elders, knowledge keepers, as well as Indigenous governments and community organizations to bring forward their proposal for re-naming Grandin Street to a name which honours Indigenous experience, culture and history and is in accordance with the Street Names By-law No. 115/2011.

After convening the Indigenous Naming Circle on September 8 and 9, 2021 and subsequent consultations between the Elders of the Circle and IRD, it was recommended that Grandin Street be renamed to Taapweewin Way.

On March 23, 2023, Council endorsed the renaming of Grandin Street to Taapweewin Way and directed the Public Service to report back pursuant to the requirements of the Street Names By-law No. 115/2011 along with an estimated cost for the renaming.

The Public Service recommends, subject to the conditions listed below, that Grandin Street be renamed to Taapweewin Way.

RECOMMENDATIONS

1. That the following departmental budget increases, $105,849.82, in total to fund the costs associated with the renaming (as outlined in Appendix B), be referred to the 2024-2027 Multi-Year budget process:

    A. Public Works Department – $400.00
    B. Planning, Property and Development Department - $105,449.82

2. That, subject to the approval of the funding outlined in Recommendation 1:

A. Grandin Street as shown on Appendix A be renamed to Taapweewin Way.

B. All owners and occupants affected by the street name change be compensated for all out-of-pocket costs pursuant to the Street Names By-law No. 115/2011, Sections 14(2) and 15(1) to 15(3).

C. The Director of Planning, Property and Development be authorized to certify any documents in connection therewith.

D. The Director of Legal Services and City Solicitor be requested to prepare the necessary by-law in accordance with the above.

E. The by-law shall come into force and effect upon registration of the Plan of Survey in the Winnipeg Land Titles Office.

3. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

Council approval is required to rename streets. Pursuant to the Street Names By-law No. 115/2011, the proposed renaming of streets must first be considered by the designated Riel Community Committee.

IMPLICATIONS OF THE RECOMMENDATIONS

Appendix A of the Street Names By-law No 115/2011 states that renaming existing streets should be discouraged due to the confusion for emergency/municipal services, delivery services and the general public, the costs incurred, the inconvenience to residents and businesses and the loss of history associated with the existing name. In this instance, there are mostly residential properties addressed on Grandin Street so the impact to residents and businesses is minimal.

With respect to the loss of history with this specific name change, Grandin Street was named after Bishop Vital Justin Grandin who lead the campaign for the establishment and funding of residential schools. The proposed new name endorsed by Council, Taapweewin Way, is the word for “truth” in Michif and recognizes the ancestral language of the Red River Métis. This name fittingly honours all indigenous experience, culture, history and all children, including residential school survivors.

Existing property owners and their business occupants will be affected by the renaming of this street. The Public Service has reached out to those impacted by the name change in an effort to provide an estimate of out of pocket expenses but, to date, a complete valuation of associated costs for renaming Grandin Street cannot be established as few responses have been received. Estimates for these costs as well as those that will be incurred by the City are summarized in Appendix B.

Grandin Street will be renamed “Taapweewin Way” following approval of this report and upon subsequent passage of the required by-law by Council.

HISTORY/DISCUSSION

The name Grandin Street can be traced back to 1976, predating the Rural Municipality of St. Boniface which was established in 1880. The entry in *Mosaic of Winnipeg Street Names* (1974) says:

> "Vital Justin Grandin (1829-1902), early Catholic Bishop missionary; worked with Archibishop Tache; settlement of St. Vital was named after him, 1860" (page 134).

Vital-Justin Grandin (1829-1902) was a Roman Catholic Priest and Bishop who was active in western Canada from approximately 1854 to 1902. Grandin was initially placed at St. Boniface and received a series of postings in present-day Saskatchewan and Alberta, including the La Nativité mission at Fort Chipewyan (circa 1855) and at Ile-à-la-Crosse (circa 1857).

Grandin was known for advocating on behalf of the Métis in the days leading up to the North-West Resistance (1885); ordaining the first Métis priest in the northwest (1890); founding the Petit Seminaire de la Sainte-Famille in St. Albert to help establish a Métis clergy (circa 1900); and defending French language rights in western Canada. Grandin believed that First Nations peoples needed to be "civilized" and viewed residential schools, specifically industrial schools, as the means to accomplish this mission.

More recently, Bishop Vital Grandin's legacy has been reconsidered. After six years of documenting the truth of survivors, families, communities and anyone personally affected by the Indian Residential School experience, the Truth and Reconciliation Commission (TRC) of Canada released its findings and 94 Calls to Action in 2015. The Final Report included the history of the residential school system in Canada and identified Bishop Vital Grandin as leading the campaign for residential schools.

In late May 2021, the Tk'emlúps te Secwépemc First Nation revealed that preliminary findings from a survey of the grounds at the former Kamloops Indian Residential School uncovered the remains of 215 children buried at the site. This announcement gained national and international attention, renewing calls from the community in Winnipeg to address how the City currently commemorates Bishop Vital-Justin Grandin with Bishop Grandin Boulevard and Grandin Street. (The renaming of Bishop Grandin Boulevard will be addressed under a separate report.)

On June 16, 2021, the Executive Policy Committee directed the Indigenous Relations Division to engage in consultations with Indigenous people, including but not limited to residential school survivors, Elders, knowledge keepers, as well as Indigenous governments and community organizations to bring forward their proposal for re-naming Grandin Street to a name which honours Indigenous experience, culture and history. The Public Service was further directed,

upon completion of this consultation, to report back with a recommendation for the renaming of Grandin Street, in accordance with the Street Names By-law 115/2011.

On September 8 and 9, 2021 the City's Indigenous Relations Division convened the Indigenous Knowledge Naming Circle, comprised of 12 Indigenous Elders, Residential School Survivors, Knowledge Keepers and youth to discuss and propose new names for Grandin Street. They advised the City that an effort needs to be made to include each of the seven languages outlined in the Manitoba Aboriginal Languages Recognition Act when naming or renaming places in Winnipeg. Taapweewin Way (Tap-way-win) is the word for "truth" in Michif and recognizes the ancestral language of the Red River Métis. It respects the intention of the name proposed in September by the larger Circle but in a way that will conform to the Street Names By-law.

On March 23, 2023, Council concurred in the recommendation of the Executive Policy Committee and endorsed the renaming of Grandin Street to Taapweewin Way. Council also directed the Winnipeg Public Service to report back pursuant to the requirements of the Street Names By-law No. 115/2011 along with estimated costs that are to be referred to the next budget review process for consideration.

There are twenty-three (23) property owners and occupants on Grandin Street that will be affected by the street renaming. In accordance with Section 15(1) of the Street Naming By-law 115/2011, compensation to owners and occupants affected by the street name change is as follows:

15(1) Where Council enacts a by-law renaming a street, any owner or occupant located on the renamed street is entitled to be compensated by the City for the out-of-pocket expenses necessitated by the renaming, including:

(a) the replacement value of signage that must be changed to reflect the new address;

(b) the costs of replacing old stationery with new stationery;

(c) the cost of changing websites and other electronic media to accommodate the new address.

15(2) Notwithstanding subsection (1), where Council enacts a by-law renaming a street, an owner or occupant located on the renamed street is not entitled to be compensated by the City for expenses that are not out-of-pocket or not necessitated by the renaming, including:

(a) the costs of advertising the change of address;

(b) the costs of upgrading or improving stationery, signage or websites.

On May 31, 2023, the Public Service proactively sent notification of the renaming, including a request to identify anticipated out-of-pocket expenses to all owners/occupants in an effort to determine an estimate for said expenses. Limited responses were received at the time of report submission so out-of-pocket expenses in Appendix B are estimated.

The Winnipeg Public Service confirms that the criteria of the Street Names By-law 115/2011 are satisfied and the proposed new street name does not conflict with any other street name presently reserved or in existence.
