Comments in writing: Hello City Council,

I am writing in support of the motion to reform the zoning bylaw to unlock federal funding through the Housing Accelerator Fund. Currently, many Winnipeggers are struggling to find adequate housing due to the housing crisis. One of the key factors contributing to the housing crisis is a lack of supply. Housing prices have been rapidly increasing in recent years and this is causing great hardship for many Winnipeggers. Building more housing in established neighbourhoods, along transit corridors, and near shopping malls is incredibly important. It will increase housing supply, increase transit ridership, increase property tax revenue, and reduce traffic compared to new greenfield development. I strongly urge all councillors to vote in favour of this motion.

Thank you,

Alex Hunter
