Delegation information

Committee: Council

Committee - council: Opposed to the recommendations

Committee - other: N/A

Agenda item (number and title): Smart meters

Service inquiry: Submit Comments in writing

Participation preference: N/A

Comments in writing: Good afternoon,

I kindly ask for your postponement of your vote regarding Item 2, Advanced Water Metering, during the upcoming meeting.

There has been insufficient time to thoroughly examine the public service report.

Given the significance and cost of this item, it is essential to involve the public in the decision-making process.

Could you please make certain that there is extensive public consultation concerning this issue?

If the smart water meter project goes forward we need an opt-out for anyone who wants it without additional costs and with a simple request e.g., no need for documentation such as a medical certificate.

Thanks,

Laura Toppazzini
