 Solicitor

FILE: G.1/2023(397)

DATE: November 3, 2023

RE: Technical Amendment – MBEA Enabling By-law No. 59/2016

On May 18, 2016, Council passed the MBEA Enabling By-law No. 59/2016 which enabled the use of the Municipal By-Law Enforcement Act within the City of Winnipeg.

It has come to our attention that this By-law contains an error. Schedule A to the By-law includes a table that relates to the Winnipeg Building By-Law No. 4555/87. In that table, the contravention summary associated with section 5.5.4 was mistakenly derived from section 5.5.3 (vi) of the Winnipeg Building By-law. The MBEA Enabling By-law is to be amended by correcting the contravention summary so it corresponds with section 5.5.4 of the Winnipeg Building By-law.

Enclosed is an amending by-law to correct the aforementioned error. Legal Services considers this amendment to be technical in nature and accordingly, Legal Services proposes that this amendment to the MBEA Enabling By-law No. 59/2016 be brought to Council's attention by means of communication for consideration and enactment at its November meeting.

An electronic copy of the By-law has been provided by my assistant to Jennifer Ridge and Lorraine King via email.

If you have any questions, feel free to contact me.

Thank you.
