Agenda item (number and title): 16. Housing Accelerator Fund

Service inquiry: Submit Comments in writing

Participation preference: N/A

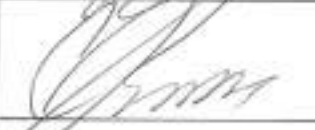

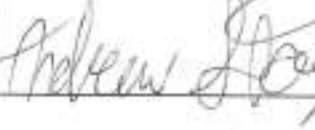

Comments in writing: Petition in support of Winnipeg City Council ending Exclusionary Zoning in Winnipeg through including Minister Sean Fraser's three recommendations into Winnipeg's Housing Accelerator Fund application.

File: November 2023 End Exclusionary Zoning Petition_compressed.pdf

Public engagement preference: Yes

Petition to end Exclusionary Zoning in Winnipeg

Petition summary and background	Exclusionary zoning is a policy approach, entrenched in many municipalities, that excludes multi-family homes from vast residential areas of city, reducing socioeconomic diversity and hindering affordability. The City of Winnipeg is looking to undertake zoning changes as part of an application to the federal government's Housing Accelerator Fund (HAF). A successful application could unlock \$192 million in federal funds for the City of Winnipeg. The federal Minister of Housing has communicated to Winnipeg's Mayor that a strong application to the HAF is one that will end Exclusionary Zoning in Winnipeg and identified three items to add to Winnipeg's HAF application to make it stronger.
Action petitioned for	We, the undersigned, are concerned Winnipeggers who urge our Mayor and Council to act now to end Exclusionary Zoning and unlock \$192 million in federal Housing Accelerator Funds by following the strong recommendation of the federal Housing Minister by • Legalizing four units as-of-right city-wide; • Legalizing up to four storeys as-of-right within 800 metres of transit; • Ensuring that new mid-rise housing zoning reforms targeted for mall sites and commercial corridors - as proposed in City Council's Strategic Priorities Action Plan - allow for as-of-right development to facilitate quick approvals and construction of new rental housing.

Petition to end Exclusionary Zoning in Winnipeg

Petition summary and background	Exclusionary zoning is a policy approach, entrenched in many municipalities, that excludes multi-family homes from vast residential areas of city, reducing socioeconomic diversity and hindering affordability. The City of Winnipeg is looking to undertake zoning changes as part of an application to the federal government's Housing Accelerator Fund (HAF). A successful application could unlock \$192 million in federal funds for the City of Winnipeg. The federal Minister of Housing has communicated to Winnipeg's Mayor that a strong application to the HAF is one that will end Exclusionary Zoning in Winnipeg and identified three items to add to Winnipeg's HAF application to make it stronger.
Action petitioned for	We, the undersigned, are concerned Winnipeggers who urge our Mayor and Council to act now to end Exclusionary Zoning and unlock \$192 million in federal Housing Accelerator Funds by following the strong recommendation of the federal Housing Minister by ● Legalizing four units as-of-right city-wide; ● Legalizing up to four storeys as-of-right within 800 metres of transit; ● Ensuring that new mid-rise housing zoning reforms targeted for mall sites and commercial corridors – as proposed in City Council's Strategic Priorities Action Plan – allow for as-of-right development to facilitate quick approvals and construction of new rental housing.
