Delegation information

Committee: Standing Policy Committee on Water, Waste and Environment

Committee - council: N/A

Committee - other: N/A

Agenda item (number and title): REPORT OF THE STANDING POLICY COMMITTEE ON WATER, WASTE
AND ENVIRONMENT DATED OCTOBER 30, 2023 Advanced Water Metering Solution Business Case

Service inquiry: Submit Comments in writing

Participation preference: N/A

Comments in writing: I am opposed to the passing of this motion. The potential for adverse health effects has not been studied by Health Canada although there have been many reports of harm from exposures to emissions from wireless smart meters.

- I would like to see documentation that the City has adequate liability/insurance coverage in case of injury from emissions from the smart water meters. Will the City provide a legal opinion?

- the Smart Water Renewal project should be included on the City of Winnipeg Public Engagement website

- there must be an opt-out

- the opt-out must be at low or no-cost

- no requirement, such as a medical letter, to opt-out.
