My name is Kevin Spillett and i live at for the last 12 years. I have been coming to the property for 43 years. Ican be reached at . I wish to record my views on the public record. I am not in favour of the proposed extention of the sterling lyon parkway to the perimeter hwy. That puts a 4 lanr road through the middlr of a resedential community.i am in favour of aligning the road so that it continues with the existing Wilks ave right of way. This will directly effect the price of my land and the peaceful feel of charleswood that i have enjoyed my hole life.
Thank you.
