THE INNOVATION AND TECHNOLOGY PROJECT PORTFOLIO

Sent: Saturday, December 9, 2023 1:56:18 AM

Personal information

Full name: David Grant

Email address:

Phone:

Job title:

Organization:

Address:

City: Winnipeg

Province or territory: Manitoba

Postal code:

Delegation information

Committee: Council

Committee - council: Opposed to the recommendations

Committee - other: N/A

Agenda item (number and title): epc 7

Service inquiry: Register as a Delegation, Submit Comments in writing

Participation preference: Via Zoom

Comments in writing: CLIMATE ACTION PLAN This report concludes with the statement that the CAP is not affected by it. If true then the CAP is fatally flawed. One of the innovations deals with traffic management. Congested roads are one of the largest single causes of preventable GHG releases. Better traffic management can have a huge impact on the GHG released in Winnipeg. We were told that the millions spent on the traffic control center would save drivers time and fuel. As built, it cannot do so.
