Comments in writing: Safety has been one of the top concerns of residents for years now. Safety depends on everyone behaving well in public. Intoxication and extreme mental illness drastically increase the odds of misbehavior. We will never be safe, until those who are intoxicated and those suffering with certain illnesses are deterred or removed from our public spaces. This item funds those who would coddle and not deter those who put public safety at risk. The city is almost out of money. I ask you to heed the words of our new Premier, when asked about MB's deficit. He says he will be careful with public funds, and cut back on spending wherever he can. Emulating what he said would mean postponing feel-good spending, such as in EPC item 8.
