Report date: August 25, 2004

Recommendation(s):

1. That Council consent to the sale of the northern portion of 505 King Street (also known as 886 Main Street), shown as subject property on the attached Misc. Plan No. 11962/1 from the Manitoba Housing and Renewal Corporation to the Mount Carmel Clinic; the proposed sale to be subject to the preservation of the City's "Option to Purchase" in accordance with Clause 2(d) of the June 29, 1981 Agreement.

2. That the Proper Officers of the City to do all things necessary to implement the intent of the foregoing.

REPORT SUMMARY

Key Issues:

The property bounded by King Street, Main Street, Flora Avenue and Dufferin Avenue was originally acquired by the City in the 1960's for an Urban Renewal Project.

On November 6, 1974, and then on May 5, 1975, City Council approved the sale (subject to conditions) of the property at a purchase price of $20,000 per acre, to the Manitoba Housing and Renewal Corporation to enable the subsequent lease of the property to the Mount Carmel Clinic.

On June 30, 2004, the Manitoba Housing and Renewal Corporation advised the Planning, Property and Development Department it had received an offer (attached as Schedule "A") from the Mount Carmel Clinic to purchase the remaining land on which their clinic is located.

The Planning, Property and Development Department is, by this report, recommending that Council consent to the sale to the Mount Carmel Clinic subject to the preservation of the City's "Option to Purchase" in accordance with the June 29, 1981 Agreement.

REASON FOR THE REPORT:

The Planning, Property and Development Department is, by this report, advising as to a request it has received from the Manitoba Housing and Renewal Corporation for Council's consent (in accordance with an Agreement dated June 29, 1981) to the sale of the northern portion of 505 King Street. The Department is, by this report, recommending that Council grant its consent subject to conditions.

HISTORY:

The property bounded by King Street, Main Street, Flora Avenue and Dufferin Avenue was originally acquired by the City in the 1960's for an Urban Renewal Project.

On November 6, 1974, and then on May 5, 1975, City Council approved the sale (subject to conditions) of the property at a purchase price of $20,000 per acre, to the Manitoba Housing and Renewal Corporation to enable the subsequent lease of the property to the Mount Carmel Clinic. The Clinic subsequently constructed a new facility on this site and has been operating from this location since.

The sale and lease of the property was facilitated pursuant to a three party Agreement dated June 29, 1981, as executed by the City, the Manitoba Housing and Renewal Corporation and the Mount Carmel Clinic. In accordance with Clause 2(c) of the Agreement, the development on the site was limited to the Mount Carmel Clinic operation. The Clause specifies that another "compatible community facility or service" to be placed on the site would be subject to the express approval of City Council. Clause 2(d) of the Agreement provides the City with a "Option to Purchase" the said land or portion thereof at the rate of $20,000 per acre in the event that the said land was no longer occupied by the Mount Carmel Clinic or for another approved use in accordance with Clause 2(c).

In April of 2003, the Wahbung Abinoonjiiag Inc. approached the Manitoba Housing and Renewal Corporation requesting its assistance to provide land for a new capital project to facilitate the construction of a new building in which its services can be consolidated.

In accordance with the June 29, 1981 Agreement, Manitoba Housing and Renewal Corporation required Council's consent to the proposed use by Wahbung and to the proposed sale of land.

On September 24, 2003, Council approved the sale of the south part of 505 King Street (Lot 1, Plan 16470 as shown on the Misc. Plan No.11962/1) from the Manitoba Housing and Renewal Corporation to the Wahbung Abinoonjiiag Inc. subject to the preservation of the City's "Option to Purchase" in accordance with Clause 2(d) of the June 29, 1981 Agreement.

Subsequent to Council's aforementioned consent, the City of Winnipeg, Manitoba Housing and Renewal Corporation, the Mount Carmel Clinic and Wahbung Abinoonjiiag Inc. entered into a new Memorandum of Understanding.

DISCUSSION:

On June 30, 2004, the Manitoba Housing and Renewal Corporation advised the Planning, Property and Development Department it had received an offer (attached as Schedule "A") from the Mount Carmel Clinic to purchase the remaining land on which their clinic is located.

Manitoba Housing and Renewal Corporation advised that it agreed in principle with the Mount Carmel Clinic Offer and wished to commence the required action to acquire City Council's approval to complete the sale to the Mount Carmel Clinic, which would be responsible for all costs, and preservation of the City's "Option to Purchase" (under caveat no. 82-24698).

The Planning, Property and Development Department has reviewed the Manitoba Housing and Renewal Corporation's request and the Mount Carmel Clinic Offer, and is recommending the sale to the Mount Carmel Clinic subject to preserving the City's interest in this land, namely:

"2(c) That the use of said land shall be limited to the Mount Carmel Clinic operation, landscaped open space and any compatible community facility or services, approved of by Council of the City;

2(d) That should any portion of the said land be no longer occupied by the Mount Carmel Clinic, or for any use approved under sub-clause (c) above, the City shall have the first option to purchase the said land or portion thereof at the rate of TWENTY THOUSAND ($20,000.00) DOLLARS per acre."

The Winnipeg Housing and Homelessness Initiative supports the proposed sale to the Mount Carmel Clinic, subject to the preservation of the City's interest.

Proposed Sale of Northern Portion of 505 King Street to the Mount Carmel Clinic

COMMENTS:

Council approval is required for MHRC to sell the subject property. There are no financial consequences to the City resulting from Council granting their approval. Additionally, the recommendations are structured such that the City's financial interest related to the "first option to purchase" the property would be protected as a condition to the granting of the consent as requested by MHRC.

Attention: Mr. Bill Shklanka – Administrative Officer

Dear Sir:

Re: Our client Mount Carmel Clinic
886 Main Street

Please be advised that our firm represents the Mount Carmel Clinic.

As I understand the current situation involving the Mount Carmel Clinic, it currently leases its lands and premises from the Manitoba Housing and Renewal Corporation pursuant to a Lease Agreement dated July 2, 1981 which involves a long term Lease of some 75 year duration.

The Clinic has consulted me in relation to the most recent Memorandum of Understanding in respect of the sale of a portion of the lands appurtenant to the Clinic to Wahbung Abinoonjiiag Inc. I am advised that after careful consideration on the part of the Board of Directors of Mount Carmel Clinic, the Board has instructed me to write to the Manitoba Housing Renewal Corporation to open discussions in relation to the prospect of the Clinic purchasing the lands and premises at 886 Main Street from the Manitoba Housing Renewal Corporation based on the same or similar terms and conditions as were granted to Wahbung Abinoonjiiag Inc. as more particularized in the most recent Memorandum of Understanding. The land to be acquired by Mount Carmel Clinic would comprise the demised premises currently under lease excepting thereout the lot which is to be conveyed to Wahbung referred to as "Lot 1" in this said Memorandum of Understanding involving Wahbung and the other relevant parties.

Your prompt attention in this matter would be greatly appreciated.

Yours very truly,

PULLAN KAMMERLOCH FROHLINGER
