Address:

City:

Province or territory: Manitoba

Postal code: R2H 1R7

Delegation information

Committee: Council

Committee - council: Opposed to the recommendations

Committee - other: N/A

Agenda item (number and title): Demolition of outdoor pools in St Boniface

Service inquiry: Submit Comments in writing

Participation preference: N/A

Comments in writing: Please don't demolish any more outdoor pools as we need them for young and older people as a way of affordable way to spend our leasure time. Also there is no need of any new splash pads. I haven't seen any teenagers or older people using them anyway.

I feel that the city and different organizations over the last few years slowly are taking away all healthy, safe and affordable ways of spending free time. (And the crime rate rise! Interesting....)

This idea with demolition should be stopped! City councilors, show you are still working for your citizens!
