INTER-OFFICE MEMORANDUM

TO:	**Carlos Gameiro** City Clerks	**FROM:**	**Campbell MacLean** Legal Services
FILE:	G.1/2024(146)	**DATE:**	April 10, 2024

RE: Speed Limit By-Law 63/2019 – Technical Amendment

Please find attached the above-referenced By-law amendment.

On July 18, 2019, Council approved Speed limit By-Law 63/2019. Schedule A to this By-law describes all portions of highway within the City of Winnipeg where the speed limit is not 50 km/hr.

It has come to our attention that there was an error in Schedule A to the Speed Limit By-Law, namely:

1. The row relating to a segment of Scotia Street where the end point of the segment was erroneously listed as being the "Northern Boundary of the City of Winnipeg", whereas the correct end segment should be listed as "Forrest Avenue".

Enclosed is an amending by-law to correct the aforementioned error. Legal Services considers this amendment to be technical in nature and accordingly, Legal Services proposes that this amendment be brought to Council's attention by means of communication.

An electronic copy of the By-law has been provided by my assistant to Jennifer Ridge and Lorraine King via email.

If you have any questions, feel free to contact me.

Thank you.
