12. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

The East Kildonan-Transcona Community Committee provided the following supporting reasons for its recommendation:

1. This development, I think, has been really good for the community.

2. I'm looking forward to perhaps some additional landscaping.

3. This is more of a housekeeping matter than it is a new development, per se.

12. That the proper officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

REASON FOR THE REPORT

- The applicant wishes to consolidate the subject property with 463 and 465 Edison Avenue, and construct an approach to the rear lane across the subject property. The existing property is zoned “C2” Commercial Community, while 463 and 465 Edison Avenue are zoned “RMF-L” Residential Multi-Family (Large). To ensure a consistent zoning district across the consolidated properties, a Subdivision and rezoning (DASZ) application is required.
- The subject property is currently owned by the City of Winnipeg. The City has agreed to sell the subject property to the owner of 463 and 465 Edison Avenue, and has provided authorization to the owner to apply to subdivide and rezone the subject property.
- Subdivision and rezoning applications require a public hearing as per the *Development Procedures By-law* and *The City of Winnipeg Charter.*
- The report is being submitted for the Committee’s consideration of the development application at the public hearing.

HISTORY

- 463 and 465 Edison Avenue were the subject of a previous Subdivision and rezoning (DASZ 18/2022).
- The previous application established a north and a south lot, each to be zoned “RMF-L” Residential – Multi-Family (Large), for the purpose of constructing one multi-family building across both lots.
- DASZ 18/2022 was approved by Council on June 23, 2022.
- DASZ 18/2022 indicated that lane access would occur from the north of the property, and no access would take place over the City-owned land.
- The strip of City-owned land running north-south between 463 and 465 Edison and the rear lane was not included in the application for DASZ 18/2022.

IMPLICATIONS OF THE RECOMMENDATIONS

If the recommendations of the Urban Planning Division are concurred in, the land will be **subdivided and rezoned.**

SURROUNDING LAND USE AND ZONING (See Figure 2)

North: Laneway, then single-family dwellings zoned “R1-L” Residential Single-Family (Large).

West: 463 and 465 Edison Avenue, then multi-family dwellings zoned “RMF-L” Residential - Multi-Family (Large).

Figure 2: Zoning of the site and surrounding area.

DESCRIPTION OF THE PROPOSED DEVELOPMENT

- The applicant wishes to consolidate and rezone the subject property with 463 and 465 Edison Avenue.
- The proposed site plan is generally consistent with the approved site plan from DASZ 18/2022.
- The most significant change from DASZ 18/2022 is that one access to the building is now proposed to cross the strip of City-owned land to the east of the building, providing access to the south part of the underground parking.
- Access from the north rear lane to the north part of the underground parking is being maintained.

REASON FOR APPLICATION

- 463 and 465 Edison Avenue are zoned “RMF-L” Residential – Multi-Family (Large), while the subject property owned by the City is zoned “C2” Commercial – Community.
- To consolidate the properties and establish an access point across the City-owned land, a Subdivision and Rezoning is required.
- The City of Winnipeg has agreed to sell the subject property to the owner of 463 and 465 Edison Avenue.
- No variances are required.

Collaboration with the Public Service:

- The applicant has worked with the Public Service to purchase the City-owned land, and the City has authorized the applicant to apply to subdivide and rezone the City-owned land as part of this process.

ANALYSIS AND ISSUES

OURWINNIPEG

OurWinnipeg is the City of Winnipeg’s long-range development plan. Applicable Policies for Mature Communities include the following:

6.1 Sustainable Urban Growth

- *The City must accommodate physical development that reflects this Plan’s goals, and achieves a continuum of complete and connected communities over the lifecycle of the Plan.*

The proposed development application **aligns** with *OurWinnipeg* for the following reasons:

- It facilitates the completion of a previously approved development application that was deemed consistent with the policies of OurWinnipeg.

COMPLETE COMMUNITIES DIRECTION STRATEGY 2.0

- The *Complete Communities Direction Strategy 2.0* (*CCDS 2.0*) is one of four direction strategies supporting *OurWinnipeg 2045*, the city's long-range development plan, and has statutory authority as a secondary plan. The strategy guides land use and development in Winnipeg.
- The subject site is located in an Established Neighbourhood – Mature Community policy area of *CCDS 2.0*. Certain goals and policies of CCDS 2.0 apply to the proposal.
- Goal 1 - *Encourage compatible residential development within Established Neighbourhoods to build more Complete Communities and align with the City's residential intensification target.*
    - *1.3 The subdivision of land or the consolidation of land may occur when it is done in a context-sensitive manner, and only when in compliance with policy section 9.1 of the Strategic Infrastructure and Resources section.*

The proposed consolidation will result in a similar site plan and building envelope to what was approved by Council under DASZ 18/2022. It will make the zoning of the subject site consistent with the zoning of 463 and 465 Edison Avenue, which it is being consolidated with.

ZONING BY-LAW 200/2006

- The "RMF-L" Residential Multi-Family (Large) District is intended to facilitate high density residential development.
- The subject site will be consolidated with the existing "RMF-L" site that abuts it to the west.
- Creating a consistent zoning district across the site is preferred, and will result in a design concept that is in substantial conformance with what has already been approved under DASZ 18/2022 and the resulting Plan Approval.
- Based on these considerations, the "RMF-L" zoning district is the most appropriate zoning district to enable the proposed development.

ADDITIONAL CONSIDERATIONS

Variances

- No variances are required.

Plan Approval

- A Zoning Agreement was created under DASZ 18/2022. It includes a condition requiring Plan Approval by the Director of Planning Property and Development and the East Kildonan-Transcona Community Committee.
- Supportable plans have already been submitted and approved as part of that Plan Approval. Should substantial changes be made to the site or building plans, an additional Plan Approval would be required.

SUMMARY

The Urban Planning Division recommends a**pproval** for the following reasons:

- The Subdivision and rezoning will result in the establishment of a residential development that is consistent with policies in *OurWinnipeg 2045* and *Complete Communities 2.0*.

RECOMMENDATION

The Urban Planning Division recommends this application be **approved** and the subject property be Subdivided and rezoned to the “RMF-L” Residential Multi-Family (Large) District.
