EXECUTIVE SUMMARY

On January 30, 2020, Council passed a motion to adopt the Welcoming Winnipeg: Reconciling our History Policy. This policy was developed to guide the City in making decisions regarding requests to create new, add to, or remove/rename historical markers and place names and resolve the absence of Indigenous histories and contributions in the stories remembered and commemorated. Welcoming Winnipeg will proactively utilize a lens of balance, inclusion, and Indigenous perspectives.

On February 12, 2021, a formal Welcoming Winnipeg request form was unveiled to the public; a request to create a new monument to honour a 1972 plane crash in Winnipeg, which was carrying students attending residential schools and bound for Bunibonibee Cree Nation. Tragically, the pilot and students did not survive the crash. While there is a memorial for the victims in Long Plain First Nation, where two of the students attended school, no memorial exists at the crash site.

The Welcoming Winnipeg: Reconciling our History policy aligns at a municipal level with Truth and Reconciliation Commission (TRC) Call to Action #43 and the United Nations Declaration on the Rights of Indigenous Peoples (UNDRIP), particularly Article 15:

1. Indigenous peoples have the right to the dignity and diversity of their cultures, traditions, histories and aspirations which shall be appropriately reflected in education and public information.

2. States shall take effective measures, in consultation and cooperation with the Indigenous peoples concerned, to combat prejudice and eliminate discrimination and to promote tolerance, understanding and good relations among Indigenous peoples and all other segments of society.

Funding for this project was secured by the proponent of the project. Any additional incidental costs will be allocated to the Indigenous Relations Division's Journey of Reconciliation budget, up to $5,000.

After careful consideration, the Committee of Community Members (CCM) is recommending that Council support this request.

HISTORY/DISCUSSION

Welcoming Winnipeg History

On January 30, 2020, Council passed a motion to adopt the Welcoming Winnipeg: Reconciling our History Policy. This policy was developed to guide the City in making decisions regarding requests to create new, add to, or remove/rename historical markers and place names and resolve the absence of Indigenous histories and contributions in the stories remembered and commemorated. Welcoming Winnipeg will proactively utilize a lens of balance, inclusion, and Indigenous perspectives.

As recommended in this policy, the inaugural Committee of Community Members (CCM) was established in August 2020; a key function of this committee is review requests to change historical or place names and provide a recommendation to the Executive Policy Committee (EPC) and Council for final decision

Considerations for this request

The CCM reviewed the decision-making history and the information provided (summarized in Appendix A). Additionally, the public input that was collected over a two-week period was provided to the CCM to consider as part of their recommendation-making process. An overview of the feedback collected has been included in a Public Engagement Summary Report (Appendix B).

The CCM considered how this request meets the following definition of a “Welcoming Winnipeg” request, which was created through two phases of public engagement in 2019 and was refined by the CCM. A Welcoming Winnipeg request is one that:

- Ultimately achieves a balanced perspective/story;
- Honours Indigenous peoples as the original peoples of this land and the contemporary context in which Indigenous peoples continue to have relationship with this land;
- Promotes Indigenous reclamation of land, space and/or language;
- Offers an educational opportunity; or,
- Supports telling the complete history of Winnipeg.

Utilizing the Welcoming Winnipeg Request Assessment Tool (Appendix C), the CCM identified the following as key considerations:

1. Welcoming Winnipeg
    - This project offers an educational opportunity and supports telling the complete history of Winnipeg: there is currently no memorial in the city that recognizes the accident and many residents know little, if anything about this tragedy.
    - Planes were often the primary means of transportation to some residential schools, especially in the North. In many Indigenous communities, the arrival of a plane signaled the tearing away of children from their families.
        - From 2008 to 2015, the Truth and Reconciliation Commission of Canada documented the horrific physical, verbal, emotional and sexual abuse experienced by students who were taken to residential schools. These schools were designed to forcibly erase Indigenous culture, language, spirituality and ways of being.

2. Rationale
    - This plane crash and the death of the children onboard is a devastating event in Winnipeg’s history that is not represented within our city. It also marks another tragedy resulting from the harmful legacy of the residential school system.
    - The new commemorative site and monument will ensure that the names of these children and the devastating impacts of residential schools are remembered as part of Winnipeg’s collective history.

3. Community Support
    - With respect to the public input process, in response to the question: “Do you think the Committee of Community Members should support this request”, 64 percent of respondents said ‘yes’. There were 25 responses received.

4. Other considerations
    - Funding for this project was secured by the proponent of the project.
    - Any additional incidental costs will be allocated to the Indigenous Relations Division’s Journey of Reconciliation budget, up to $5,000.

After careful consideration, the Committee of Community Members (CCM) is recommending that Council support this request.
