RECOMMENDATION

The Public Service requests that an extension of up to 120 days be granted to report back on the following:

1. That the Winnipeg Public Service be directed to negotiate the terms and conditions with Swim Natation Manitoba for a 20-year agreement effective as of 2023 for near exclusive use of the facility with rates increasing by CPI, plus a phased in approach over 20 years to bring fees in line with the Council approved Fees and Charges Schedule, with the intent to accommodate as much as possible, but also reflecting the historic capital and operating contributions made by Swim Natation Manitoba to the facility.

REASON

Community Services needs to confirm the Standing Policy Committee disposition expectations and then it requires more time to continue negotiating the terms and conditions of an agreement with Swim Natation with that shared understanding.

The Public Service is actively negotiating with Swim Natation Manitoba for near exclusive use of the Training Tank located within the Pan Am Pool. The updated Pan Am Pool Training Tank User Agreement from 1993 will reflect a period of 20 years, beginning September 1, 2024 until August 31, 2044.

In order to bring the facility rates charged to Swim Natation for the use of the Pan Am Pool Training Tank up to Council approved rates by Year 20, inclusive of annual CPI increases, there will be a phased-in, gradual increase of the Council approved Aquatic-Medium Pool-Non-Profit fee over the new 20-year agreement.

The historic capital and operating contributions made by Swim Natation Manitoba will be acknowledged by the gradual incremental increase each year up to 100% of that rate over 20 years by September 1, 2043. This is in addition to the original acknowledgement of their historic capital and operating contributions in the 1993 Pan Am Pool Training Tank Agreement, plus the extension of the agreement from 2013 until present day for a combined total of over 50 years in recognition.
