EXECUTIVE SUMMARY

On March 6, 2024, Qualico Communities submitted a request to rename Sheryl McCorrister Way to “Rangeview Way”.

Street renamings are discouraged for a number of reasons that are outlined in the Street Names By-law No. 115/2011 (the “By-law”). The By-law also requires that the applicant requesting a street name change provide the rationale for the renaming of the street; the applicant did not provide a rationale for the renaming.

The Public Service recommends that the street not be renamed inasmuch as the request does not comply with the provisions of the By-law.

RECOMMENDATIONS

That the application to rename “Sheryl McCorrister Way” to “Rangeview Way” be rejected.

REASON FOR THE REPORT

Pursuant to the Street Names By-law 115/2011, the Assiniboia Community Committee is the designated Committee that may reject the application, file the application or recommend to Council that a By-law be enacted to rename the street.

IMPLICATIONS OF THE RECOMMENDATIONS

If the Public Service recommendation is concurred in, “Sheryl McCorrister Way” will not be renamed.

HISTORY/DISCUSSION

On June 27, 2022, the Assiniboia Community Committee concurred in the recommendation of the Winnipeg Public Service and approved the addition of Sheryl McCorrister to the Assiniboia Community Committee Street Name Reserve List.

“Sheryl McCorrister Way” was a street created in Phase 2 of the Bison Run Subdivision, under File No. DASZ 10/2022. The street was legally opened by Plan No. 72334, which was registered in the Winnipeg Land Titles Office on October 26, 2023.

Qualico Communities has submitted a request to rename Sheryl McCorrister Way to “Rangeview Way” (see Appendix B). There are one hundred (100) lots with addresses on Sheryl McCorrister Way. As of March 1, 2024, forty-four (44) of these lots had recently been sold to home builders or the sales were in progress. Currently, building permits have been issued for eleven (11) single-family dwellings to be constructed on Sheryl McCorrister Way, with another seven (7) building permits submitted and under review. No dwellings are occupied at this time. Qualico Communities advised that it has sent notification of the street name change application to the home builders. The name “Rangeview” aligns with the theme and brand of the Bison Run Neighbourhood.

In general, it is preferable to name a new street rather than renaming an existing street as stated in Appendix A to the Street Names By-law No. 115/2011 (the “By-law”). The By-law further states that after a street has been named or renamed, its new name should not be changed for a period of ten (10) years. Furthermore, the Guidelines discourage the renaming of existing streets for a number of reasons, including, but not limited to:

- the confusion that street renaming creates for emergency and other municipal services, commercial delivery services and the general public;
- the cost incurred for compensation to residents and businesses for out-of-pocket expenses, replacement of street and traffic signs and amending related by-laws;
- the inconvenience to residents and businesses; and
- the loss of history associated with the existing street, to the extent that the original name was intended to commemorate an individual or historical event; and the individual histories and/or historical events that have taken place in relation to the street as it has been originally named.

The By-law also requires that an applicant provide the rationale for the renaming of the street. The applicant did not fulfill this requirement, even after prompting by the Public Service, but identified that the name will revert back to the original name identified for this street, part of the theme and brand of Bison Run.
