STANDING POLICY COMMITTEE ON PROPERTY AND DEVELOPMENT

MOTIONS

Minute No. 311
Moved by Councillor Orlikow,
Seconded by Councillor Dobson,

WHEREAS for more than a decade the City of Winnipeg has reviewed, analyzed, consulted and discussed options to create and implement ways to pay for increasing demands due to growth, without placing complete reliance for funding solely on property tax revenues;

AND WHEREAS the Federal Minister responsible for the Housing Accelerator Funding (HAF) has clarified that there is no development charge restriction associated with HAF however, has requested that cities keep development charges steady;

AND WHEREAS developers will save thousands of dollars in development fees associated with the approved rapid zoning amendments and proposed as-of-right zoning for four plex residential buildings that are been considered;

AND WHEREAS Council's priority is growing housing supply in Mature Neighbourhoods

AND WHEREAS growth in Mature Neighbourhoods require additional investments to replace and upgrade existing infrastructure to accommodate growth;

AND WHEREAS Council passed an Impact Fee By-Law on October 26, 2016 to address growth related costs;

AND WHEREAS July 8, 2020, the Manitoba Court of Queen's Bench ruled that the City has the power or authority to impose a fee generally, but the by-law lacked details on how those who paid the fee directly benefited, therefore determined that it was a tax and not a fee;

AND WHEREAS investments in local parks, community centers and other infrastructure in the areas where development occurs is a direct benefit to developers as property values increase with attractive neighborhood amenities;

THEREFORE BE IT RESOLVED THAT the Public Service be directed to report back in 180 days with options for the establishment of a development fee or charge that complies with the July 8, 2020 ruling.

Automatic Referral to the Standing Policy Committee on Property and Development, in accordance with Rule 16.1 of the Procedure By-law
