Delegation information
Committee: Executive Policy Committee
Committee - council: N/A
Committee - other: N/A
Agenda item (number and title): Bus route 28

Service inquiry: Submit Comments in writing
Participation preference: N/A
Comments in writing: Please pause bus route #28 in Wolseley in the Transit Master plan for a better shared solution with the community. The proposed route impacts our community :
Cuts through Wolseley, removing the #10 bus without proper consultation Tranforms a residential neighborhood to a high traffic thoroughfar Collides with the Wolseley greenway to increase not calm traffic Spreads congestion and creates bottlenecks to streets with schools, emergency route, day cares Increases safety risk for children, pedestrians, and cyclists Adds cumulative environmental impacts; air quality, fumes, noise, dust
Worsens the conditions of roads and structures/ infrastructure of our old houses
