

Downtown, as defined in the *Downtown Winnipeg Zoning By-law 100/2004*, is bordered by the Assiniboine and Red rivers to the south and east, and the CP Rail train tracks to the north. The eastern border extends north along Balmoral, Colony, and Young streets to include portions of the University of Winnipeg. It then goes between Cumberland and Notre Dame to include Central Park, and generally follows Hargrave Street until it meets the train tracks.
