REASON FOR THE REPORT

- The applicant wishes to subdivide and rezone the existing lots to create a total of 127 residential lots, of which 39 would be “R1-S” and 88 would be “R2”. This is for the purpose of building 44 two-family dwellings subdivided down the party wall, and 39 single-family dwellings.
- Subdivision and rezoning applications require a public hearing as per the *Development Procedures By-law* and *The City of Winnipeg Charter*.
- The report is being submitted for the Committee’s consideration of the development application at the public hearing.

IMPLICATIONS OF THE RECOMMENDATIONS

If the recommendations of the Urban Planning Division are concurred in, the land will be **subdivided and rezoned**.

SITE DESCRIPTION

The subject site includes five separate blocks that are together located east of Peguis Street, west of the Edward Schreyer Parkway ROW, north of Devonshire Drive W, and south of the railroad line. Two blocks (one “R1-S” and one “R2”) are located along the north and west sides of Private Davy Drive. The remaining three blocks (two “R2” and one “R1-S”) are located along the north, east, and south sides of Private Davy Drive.

The site is located in the Peguis Neighbourhood of the Transcona Ward.

The subject site is currently zoned “R1-M” Residential Single-Family (Medium) District.

The subject site is located in an Established Neighbourhood – Recent Community policy area as designated in *Complete Communities 2.0*.

The subject site is also located in both the “Proposed Medium Density Residential” and the “Proposed Low Density Residential” policy areas of the *Transcona West Area Structure Plan*.

The combined area of the sites is approximately 9.7 acres.

Figure 1: Subject site and surrounding area (flown 2021).

SURROUNDING LAND USE AND ZONING (See Figure 2)

- North:** Railway line, then single-family dwellings zoned “R1-L” Residential Single-Family (Large) District and multi-family dwellings zoned “RMF-L” Residential Multi-Family (Large) District.
- East:** The Edward Schreyer Parkway Right of Way, then single-family dwellings zoned “R1-M” Residential Single-Family (Medium) District.
- South:** Vacant lands that are zoned “RMF-M” Residential Multi-Family (Medium) District, “RMF-S” Residential Multi-Family (Small) District, “PR1” Parks and Recreation – Passive Neighbourhood/Community District, and “R1-M” Residential Single-Family (Medium) District.
- West:** Vacant lands zoned “RMF-M” Residential Multi-Family (Medium) District.

Figure 2: Zoning of the site and surrounding area.

DESCRIPTION OF THE PROPOSED DEVELOPMENT

- The applicant wishes to subdivide and rezone the subject property for the establishment of 88 “R2” Residential Two-Family lots and 39 “R1-S” Residential Single-Family (Small) lots. This would enable the future construction of 44 two-family dwellings subdivided down the party wall, and 39 single-family dwellings.
- All lots would be a minimum of 25’ in width, with the two-family dwellings located across two lots.
- The “R1-S” Residential Single-Family (Small) lots located along the south and west portion of Private Davy Drive, and the “R1-S” Residential Single-Family (Small) lots located along the south portion of Bill Briercliffe Drive, will have access to a rear lane
- The “R2” Residential – Two-Family lots will not take access from a rear lane.

REASON FOR APPLICATION

- The subject lands were previously subdivided and rezoned under File No. DASZ 12/2013. At this time, blocks of “R1-M” Residential Single-Family (Medium) District were proposed.
- The applicant has revised their intentions for the area, and is now proposing to rezone some of the lots to the “R2” Residential Two-Family “R1-S” Residential Single-Family (Small) Districts for the purpose of constructing two-family dwellings and single-family dwellings on smaller lots.
- To create the individual lots, to enable smaller single-family lots that do not require a lot area variance, and to enable two-family dwellings on the lands, a subdivision and rezoning to the “R1-S” and “R2” Districts is necessary.
- No variances are required for the proposal.

ANALYSIS AND ISSUES

OURWINNIPEG

OurWinnipeg is the City of Winnipeg’s long-range development plan. Applicable Policies for Recent Communities include the following:

6.1 Sustainable Urban Growth

- *The City must accommodate physical development that reflects this Plan’s goals, and achieves a continuum of complete and connected communities over the lifecycle of the Plan.*

The proposed development application **aligns** with *OurWinnipeg* for the following reasons:

- It facilitates residential intensification that is compatible with surrounding properties and is consistent with the policies of *OurWinnipeg*.

COMPLETE COMMUNITIES DIRECTION STRATEGY 2.0

- The *Complete Communities Direction Strategy 2.0 (CCDS 2.0)* is one of four direction strategies supporting *OurWinnipeg 2045*, the city’s long-range development plan, and has

statutory authority as a secondary plan. The strategy guides land use and development in Winnipeg.

- The subject site is located in an Established Neighbourhood – Recent Community policy area of CCDS 2.0. Certain goals and policies of CCDS 2.0 apply to the proposal.
- Goal 1 - *Encourage compatible residential development within Established Neighbourhoods to build more Complete Communities and align with the City's residential intensification target.*
 - *1.1 Encourage residential development that positively contributes to neighbourhood character while expanding housing options for residents in a manner that is sensitive and complementary to existing development.*
 - *1.2 Increase the population within Established Neighbourhoods to contribute to the physical renewal and revitalization of older neighbourhoods.*
 - *1.3 The subdivision of land or the consolidation of land may occur when it is done in a context-sensitive manner, and only when in compliance with policy section 9.1 of the Strategic Infrastructure and Resources section.*

The proposed subdivision and rezoning will provide the opportunity to further intensify the future residential development in this neighbourhood by enabling mixture of single-family dwellings and two-family dwellings. This will enable different lot sizes and different housing typologies for future residents.

TRANSCONA WEST AREA STRUCTURE PLAN

- The subject site is in both the Proposed Low Density Residential policy area and the Proposed Medium Density Residential policy area of the Transcona West Area Structure Plan. Key policies include:
 - Policy 5.1.2
 - (1) Composition of Proposed Residential Areas
 - (a) Subject to the policies of this Plan,
 - (i) single family and two family residential uses shall be the predominant use of land within the Residential Area.
 - Policy 6.1.2
 - (1) Low Density Residential Areas
 - (a) The required residential density to be achieved within the low density residential areas shall be a minimum of 10.0 units per gross developable hectare (4 units per gross developable acre) and a maximum of 17.3 units per gross developable hectare (7.0 units per gross developable acre).
 - Policy 6.1.2
 - (2) Medium Density Residential Areas
 - (a) The required residential density to be achieved within the medium density residential areas shall be a minimum of 24.7 units per gross developable hectare (10 units per gross developable acre).

The proposed single and two-family buildings are consistent with the policies of the *Transcona West Area Structure Plan*, as they meet the density range and the building typology prescribed by the plan.

ZONING BY-LAW 200/2006

- The “R2” Residential Two-Family District is intended to enable the development of single and two-family units, while the “R1-S” Residential Single-Family (Small) District is intended to enable the development of single-family dwellings on lots as small as 2500 square feet.
- The subject site is located in an area characterized by a mixture of zoning districts, including “RMF-M” Residential Multi-Family (Medium) District, “RMF-S” Residential Multi-Family (Small) District and “R1-M” Residential Single-Family (Medium) District.
- The “R2” Residential Two-Family District and “R1-S” Residential Single-Family (Small) District are appropriate zoning districts for this area, and can accommodate the intended two-family and single-family development.

ADDITIONAL CONSIDERATIONS

Variances

- There are no variances required for this proposal.

Site Servicing

- The proposed development will be required to meet the conditions outlined in the report by the Administrative Coordinating Group (ACG) as outlined in Schedule B of this report.
- No new Development or servicing agreement is required, as the previous development agreement created under DASZ 12/2013 is satisfactory.

SUMMARY

The Urban Planning Division recommends **approval** for the following reasons:

- The Subdivision and rezoning will result in the establishment of a residential development that is consistent with policies in *OurWinnipeg 2045, Complete Communities 2.0.*, and the *Transcona West Area Structure Plan*.

RECOMMENDATION

The Urban Planning Division recommends this application be **approved** and the subject property be Subdivided and rezoned to the “R2” Residential Two-Family District and the “R1-S” Residential Single-Family (Small) District.
