Executive Policy Committee Meeting Sep 17th. 2024

Conclusion

A Pathway to the Future

The 1526 Petitioners of " Keep the Ten Commandments Monument in the Assiniboine Park" and other concerned Citizens/Organizations are against the present motion of "Donating of the 10 Commandments Monument at the Assiniboine Park back to the Fraternal Order of Eagles No. 23 at this time, because of the current circumstances. (Fraternal Order of Eagles have an over whelming desire to have the Ten Commandments Monument put back in the park, there is significant public support for the Monument to remain in the park and the unexplored potential of developing a Faith Garden through the Multi-Faith and Cultural Liaison Circle). Failure to do so, would be losing out on a great opportunity for reconciliation in our City.

We would like the EPC to consider the following recommendation:

1. Reject the current motion

2. Look at the possibility of developing a Faith Garden in Assiniboine Park through the Multi-Faith and Cultural Liaison Circle. If this fails then.

3. Send it back to the City Council for a recorded vote to see if the Ten Commandment Monument can be put back into the Assiniboine Park. If that fails.

4. Then give it back to the Fraternal Order of the Eagles No. 23

At this point the City can clearly & honestly say to the Citizens of Winnipeg, they were very open, and transparent. They made every effort to protect the gift of the Monument and preformed their due diligence!

Thank you, & Miigwetch
Ed Hume
Organizer of the Petition to "Keep the Ten Commandments Monument in the Assiniboine Park"

THE TEN COMMANDMENTS MONUMENT PRESENTATION

Executive Policy Committee (EPC) & Council Meetings
September 17th, 2024 & September 26th, 2024

The Ten Commandments Monument Assiniboine Park 1965 - 2017...?

The new Diversity Gardens , The Leaf 2023

Thou Shalt or Shalt not be Inclusive? (1)

THE REMOVAL OF THE TEN COMMANDMENTS MONUMENT… WHY WE SHOULD CARE?

- **The Ten Commandments are one of the oldest sets of universal values in the world which puts some positive limitations on human behaviour. The Jews, Christians, Muslims all use the Ten Commandments for guidance. In fact all religions including secularism and atheism, whether formally or informally, support them too for building healthy, harmonious, relationships with family, friends and neighbours within society. The Ten Commandments form a basic standard of conduct for all humanity.**

- **The historical and cultural loss of the Ten Commandments Monument would be a blow to Assiniboine Park, the City of Winnipeg and the broader community.**

- **The choice of Assiniboine Park for the placement of this monument could not have been more ideal, providing access as it does for residents and visitors to have an educational opportunity for quiet contemplation of our past, present and future.**

THE REMOVAL OF THE TEN COMMANDMENTS MONUMENT...

WHY WE SHOULD CARE?

- Removing the Ten Commandment Monument from the park is taking a side, up setting the fragile status quo/equilibrium that has existed for the last 57 years and offending Jewish, Christian and Muslim believers.

- Removal of the TenCommandments Monument will be promoting division among citizens rather than reconciliation.

- What kind of a future are we passing on to our children and our grandchildren when we remove public monuments that contribute towards a the rich cultural diversity and promotes stronger, safer communities?

- The Monument belongs to the City of Winnipeg and its citizens yet there was never been any public consultation about this issue.

WHAT YOU CAN DO?

1. Please support the petition (presently over 1,526 combined paper and online signers) (change.org/savetencommandmentsmonument) (2) to have the Ten Commandments Monument relocated back into the Assiniboine Park in a respectful, honourable, quiet contemplative location and deny the Assiniboine Park Conservancy's request to remove it from the park.

2. Form a Relocation Committee of APC, City officials and interested members of the public to choose a suitable new location for the Monument in the Park.

3. Have the Monument refurbished since the wording has faded after 57 years of weathering.

4. Add a QR code on a sign beside the monument which would give the history of the Ten Commandment Monument in all the major local languages including First Nations languages.

5. Also consider the idea of having a Faith Garden in the park by discussing this possibility through the Mayor's first of its kind in Canada Multi Faith and Cultural Liaison Circle. (6)

UNIVERSAL WISDOM

- According to the original designers of our parks they were built for “quiet contemplation and restful recreation” a natural fit for the Ten Commandments Monument. (3)
- The Formal Gardens in the Assiniboine Park used to be that “quiet contemplation and restful spot until the Diversity Gardens, The Leaf” replaced it, producing a need for a new quiet contemplative spot in the park.
- The Monument promotes equality, safety, peaceful and harmonious living for all, while contributing to the diversity of our community.
- “They (Ten Commandments) were not given to restrict our freedom but to safe guard it “ (4)
- The Ten Commandments and the Indigenous Seven Sacred Teachings complement each other.
- Mayor Stephen Juba (mayor from 1957 - 1977) and the City Councillors in 1965 recognized the value of the Ten Commandments Monument and accepted this gift on behalf of the Citizens of Winnipeg.
- Chief Peguis, a greatly respected Indigenous Christian leader, would probably have used the 10 Commandments to develope the Selkirk Treat “the most important document in Manitoba history states Niigaan Sinclair” which set the ground rules for developing real reconciliation between Indigenous & non Indigenous people. (5)
- In relocating theTen Commandments Monument back into the Assiniboine Park, our Mayor and City Councillors would be displaying the wisdom of our previously mentioned political leaders. Thank you and Miigwech.
