It is disappointing to see this 180 day delay. Looking on the bright side of the delay, perhaps this is long enough for staff to do this task right. In those 180 days, perhaps the examples of major works of sculpture, like our rights museum, Hydro's head office interior, etc. will be considered. Staff can use this ample delay to ponder the fact that Concrete, as it comes out of plywood forms, has been recognized around the world, as a thing of beauty. We are blest to have this extra time. Let's make good use of it.
