RECOMMENDATIONS

That this report be received as information.

REASON FOR THE REPORT

On November 7, 2016, Council concurred in the recommendation of the Standing Policy Committee on Protection, Community Services and Parks and adopted the following:

2. That the Winnipeg Public Service be requested to report back annually on Converted Residential Dwellings with Shared Facilities, including but not limited to the Winnipeg Regional Health Authority education effectiveness; 311 screening; number of complaints, inspections, compliances, and outstanding inspections; and anything regarding the by-law safety issues, and recommendations.

IMPLICATIONS OF THE RECOMMENDATIONS

There are no implications associated with this report as it is for information only.

HISTORY/DISCUSSION

Definitions:

A Converted Residential Dwelling:

- Is a building that contains a residential occupancy.
- Has a maximum building height of three storeys.
- Was originally designed for use by one or two families but has since been converted to provide more than two suites.

- Was originally designed for use by one or two families but has been converted to provide more than one suite with a commercial occupancy.

A Converted Residential Dwelling with Shared Facilities is:

- A dwelling that is designed for sanitary facilities or cooking facilities to be shared by occupants of three or more dwelling units, whether or not the dwelling units are occupied.
- A dwelling where sanitary facilities or cooking facilities are shared by two or more residents of a dwelling unit that is not operated under a single tenancy.

311 Screening:

The Planning Property and Development Enforcement Services Unit (PPD ESU) has a process where complaints of illegal rooming houses can be reported by citizens via 311. The 2023 data is included in this report and is also available at: https://data.winnipeg.ca/Development-Approvals-Building-Permits-Inspections/Rooming-House-Enforcement-Activity/vk2f-xwp7/about_data

In addition to the statistics regarding illegal rooming houses, the Public Service receives complaints from 311 regarding legally-established converted residential dwellings.

- 2023 - Fire Prevention had 12 complaints from 311 related to CRDs.
- 2023 - Licensing & By-law Enforcement (LBE) had 53 complaints from 311 related to CRDs.
- 2023 – PPD ESU had 127 complaints from 311 related to CRDs.

Fire Safety Inspections:

The Fire Prevention Branch initiated annual inspections of licenced Converted Residential Dwellings (CRD) with Shared Facilities in November 2016 as per the Council decision of November 7, 2016.

Table 1 Inspections Completed by Fire Prevention

Table 1 reports the number of inspections conducted by Fire Prevention on licenced CRD Shared Facilities (annual inspections) and CRD (30-month inspections) in 2023. The table also reports on compliance rate.

Requirement	Annual target	Number Inspected in 2023	Number Outstanding
Licensed CRD Shared Facilities - Annual (123)	123 per year	139	1
Licensed CRD - 30 Month (431 / 2.5 = 190)	190 per year	206	3
Compliance Rate by Inspection	Compliant on 1 st inspection	Compliant on 2 nd inspection	Compliant on 3 rd or more inspections
CRD Shared Facilities- Annual Inspections	32%	68%	Less than 1%
CRD - 30 Month Inspections	26%	68%	6%

NOTE: LBE provides the number of licensed CRD locations as of December 31, 2023. For CRDs with shared facilities, the annual target is that number. For CRDs with no shared facilities

the target number of inspections is the total number of licensed properties divided by 2.5 as they are inspected on a 30-month cycle.

Table 2 Inspection Details

Table 2 reports the total number of complaints received by Fire Prevention from the public, other agencies and fire suppression personnel, the number of CRDs that were referred to Licensing & By-law Enforcement (LBE), the number of inspections LBE completed, and their compliance rate.
