Dear Ms. Timmins:

REZONING
775 Sherbrook Street
Lord Selkirk – West Kildonan Community Committee
File No. DAZ 226/04

An application has been received from ACI Properties Ltd., to amend By-Law No. 6400/94 by rezoning the land shown below from a "RM-L" Multiple Family Residential District to a "C2" Commercial District to allow for development of the proposed Summerset Wellness Clinic.

RELATED FILES: N/A

SITE DESCRIPTION:

Site Area, Existing Land Use, and Zoning:

The subject property is currently zoned 'RM-L' Multiple Family Residential, and is occupied by the former Summerset School building. The property in question is approximately 37,800 square feet (0.87 acres) in size.

Surrounding Land Use and Zoning:

North: Surface vehicle parking areas (RM-L & C2), then McDermot Ave
South: Vacant land and single storey office building (C2), then Notre Dame Ave
East: Furby St, then detach single family and multiple family residential buildings (C2 & RM-L)
West: Sherbrook St, then a gas station, parking garage, and medical clinic building (C2)

DEVELOPMENT DESCRIPTION:

The applicant, ACI Properties, is requesting rezoning of the subject site from 'RM-L' Multiple Family Residential to 'C2' Commercial to permit the development of a mixed use medical office and retail building. The applicant proposes to demolish the former Summerset School building on-site, and construct an approximately 49,000 square foot, three storey medical office building with a ground floor retail component. The proposed development would also ultimately incorporate the vacant land located immediately to the south, and the medical office building located at the corner of Sherbrook Street and Notre Dame Avenue.

Related to the application is a request to de-list the former Somerset School building from the City of Winnipeg Buildings Conservation List under the terms of the Historical Buildings By-Law 1474/77. The property was places on the Buildings Conservation List on May 8th, 1991 by City Council as a Grade III structure, against the objections of the owner, the Winnipeg School Division. At its June 23rd, 2004 meeting, the City Council approved the delisting of the former Summerset School building, which will permit the applicant to demolish the building.

PLAN WINNIPEG:

The subject property falls within a designated Neighbourhood Policy Area under Plan Winnipeg, which allows for mixed use, commercial, residential, and parks & recreation development; thus, the proposed rezoning is in conformance with Plan Winnipeg 2020.

ADMINISTRATIVE COMMENTS:

The Planning & Land Use Division has no objections to the proposed rezoning of the site to 'C2' Commercial. The proposed development will provide for additional medical office and clinic space, and the character of uses proposed is complementary to the Health Sciences Center /

University of Manitoba Bannatyne Campus complex and associated medical uses located to the west and north of the site.

The Planning & Land Use Division does have some specific concerns with the scope of uses permitted in a 'C2' Commercial District, and potential site design issues, and recommends that a zoning agreement be implemented. A 'C2' Commercial District permits a wide variety of uses which may not be complementary to the medical campus nature of the area, and may adversely impact the medical campus and adjacent neighbourhoods in terms of traffic, parking, and other nuisance issues. The Planning & Land Use Division recommends that uses on the site be restricted to those proposed by the applicant, and uses permitted via a zoning agreement in the Health Sciences Center / University of Manitoba Bannatyne Campus complex. These include a wide range of medical and medical related commercial uses, while restricting other more intensive and potentially obtrusive uses, such as drive-through restaurants, bars, tattoo parlours, and auto-related uses. The Planning & Land Use Division has also requested that any site plans require Community Committee approval, in order to ensure a high quality of site and architectural design on a highly visible street corner. The following site design issues have been identified for the site:

- A strong urban interface between the site and the surrounding streets, through use of building location, landscaping, street furniture, and architectural elements
- Ingress & Egress points for vehicles, and on-site traffic circulation patterns
- Pedestrian pathways between the street and the buildings

RECOMMENDATION:

I. That By-law 6400/94 be amended by rezoning the subject land as shown on Schedule "A", for file DAZ/04, attached hereto and dated June 29, 2004, to a "C2" Commercial District, subject to the applicant entering into a Zoning Agreement with the City pursuant to Section 240 (1) of The City of Winnipeg Charter to, to include the following conditions:

A. That land use on the site be restricted to following as permitted uses:

1 Hospital, or similar treatment center, as a conditional use
2 Medical or dental clinics, laboratories, or similar facilities.

4. Accessory uses to hospitals, medical or dental clinics, laboratories, universities, colleges, or schools.
5. Institutions of an educational or philanthropic nature, except those of a correctional nature.
6. Non-accessory off-street parking and loading areas, or parking structures.

7. Dwelling, multiple-family, subject to the "RM-L" Multiple-Family District regulations of By-Law No. 6400

18. Office
19. Post office, carrier depot
20. Restaurant, with a maximum 2,500 square feet of floor area, without a drive-through

G. That no exterior alterations or additions be made to buildings and that no new buildings or structures be erected or located on the land except in accordance with plans approved by the Lord Selkirk – West Kildonan Community Committee;
