Dear Ms. Timmins:

REZONING
500 Oak Point Highway
Lord Selkirk – West Kildonan Community
File No. DAZ 233/04

An application has been received from Petro Canada, to amend By-Law No. 6400/94 by rezoning the land shown below from a "C3-2" Commercial District to a "C3-1" Commercial District to allow for redevelopment of a fuel sales keylock station.

RELATED FILES: DAV 04-131671D

SITE DESCRIPTION:

Site Area, Existing Land Use, and Zoning:

The subject property is currently zoned 'C3-2' Commercial, and is occupied by an existing fuel sales keylock station. The property is approximately 4,300 square feet in size.

Surrounding Land Use and Zoning:

North: Oak Point Hwy, then attached & detached commercial and industrial buildings (C3-1 & M1)
South: Detached industrial buildings (M1)
East: Oak Point Hwy, then attached & detached commercial and industrial buildings (C3-1 & M1)
West: Brookside Blvd, then agricultural land (outside city limits)

DEVELOPMENT DESCRIPTION:

Petro Canada is proposing to 'downzone' the land to C3-1 Commercial to permit the redevelopment of a fuels sales keylock station on site, which is not permitted under the current C3-2 Commercial zoning. The applicant proposes to retain the existing fuel sales canopy & associated pumps, while demolishing the existing building and constructing a new building closer to Oak Point Hwy. The redevelopment will also involve modifying the existing ingress and egress points to the site, which will result in a smoother flow of traffic into and out of the site. The applicant has also applied for a use variance to permit the redevelopment to begin in the immediate future (see related file DAV 04-131671D).

PLAN WINNIPEG:

The subject property falls within a designated Industrial Policy Area under Plan Winnipeg, which allows for industrial and compatible commercial development. The proposed commercial development is compatible with, and supportive of, the highway oriented industrial uses in the area; thus, the proposed rezoning is in conformance with Plan Winnipeg 2020.

ADMINISTRATIVE COMMENTS:

The Planning & Land Use Division has no objections to the proposed rezoning, as it will permit redevelopment of the commercial enterprise currently on-site. In addition, the proposed redevelopment will improve conditions on site in terms of vehicle parking, and traffic ingress and egress.

RECOMMENDATION:

I. That The Winnipeg Zoning By-law No. 6400/94 be amended by rezoning the subject land as shown on Schedule "A", for file DAZ 233/04, attached hereto and dated June 29th, 2004, to a "C3-1" Commercial District.

II. That a 10 per cent dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in the market value of the land.

III. That, in the event this application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of this report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.

IV. That the City Solicitor/Manager of Legal Services be requested to prepare the necessary rezoning by-law and forward same to Council for all three readings.

V. That the City Solicitor/Manager of Legal Services be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.

Yours truly,

C. Knoll
